The East Bay communities are fully alive to the advantage to be gained by the use of the bridge and have published in the local daily papers and national periodicals, costly and attractive advertisements with the object of encouraging San Francisco residents to move across the Bay, and insuring that newcomers to the Bay area will settle in their communities. This action indicates the solidarity of the business interests on the east side of the Bay. They have already perfected an organization known as Metropolitan Oakland, which desires to make Oakland the metropolis of the Bay area and to this end has already raised \$60,000.

In contrast to this concerted action of the several cities on the east side of the Bay, San Francisco has failed, after several years of discussion, to reach even the conclusion that it wants any sort of rapid transit system to offset the advantages of the bridge and the advertising of other communities which will profit at San Francisco's expense. It is essential that San Franciscans unite at once on a definite and workable program to relieve downtown traffic congestion and to speed up transportation between the business and residence sections of the City.

During the past year the normal increase in traffic, both vehicular and street car, together with the larger number of automobiles operating in the city because of the Bridge, has materially interfered with the flow of street railway traffic during the evening rush hours. Both the Municipal and Market Street Railway lines have experienced a marked increase in time lost by cars at the time the maximum load is carried. Comparing March, 1936, with March, 1937, the average amount of time above schedule lost by the Market Street lines of the Municipal Railway at Van Ness Avenue, has increased from

9.3 minutes to 15.8 minutes. This has required that more cars be turned back before reaching the ends of their routes in order to secure a more uniform service and make it possible for the cars to get back on schedule after the rush hour is past. The number of turnbacks in March, 1936, was 17, and in March, 1937, was 379. If we calculate that each car carried an average of 100 passengers at the time it was switched back, this means that during March, 1937, approximately 38,000 persons were inconvenienced and delayed in reaching their homes or places of business by being forced to leave their cars and required to wait on the street for a second or third crowded car. Similar conditions have caused the Market Street Railway management to put slower schedules in effect.

The Public Utilities Commission's rapid transit report shows clearly that it will take street car riders in San Francisco a longer time to reach their homes within San Francisco, unless we have rapid transit, than it will take persons working in San Francisco and living in the east bay and other suburban areas. But that report was based on the scheduled running time of our local lines, whereas today we find that cars are unable to keep even relatively close to their scheduled time.

For example, schedules call for the "J" cars to reach the outer terminus 28 minutes after leaving the Ferry Building. Actually "J" cars in the evening rush hour require 40 minutes to reach the end of this short line. Cars of the "K" and "L" lines are scheduled to complete their trip in 38½ minutes, but they actually require 55 minutes to make the run. Cars of the "N" line are supposed to reach the beach in 39½ minutes' running time from the Ferry Building; after stemming the heavy traffic encountered throughout the length of Market Street, they average 50½ minutes' running time.

Now to examine the problem from a different viewpoint. Schedules call for an average street car speed from the Ferry Building to Kearny Street of 7.10 miles per hour. Even in March, 1936, prior to the opening of automobile traffic on the bay bridge, Municipal cars fell far behind this speed, and averaged only 3.55 miles per hour on lower Market Street. By the time they arrived at Kearny Street they were on an average of 6 minutes behind schedule, but in March, 1937, these same cars had achieved an all-time record of slowness in transportation. Traveling literally at less than pedestrian walking speed, they averaged only 2.37 miles per hour and were already 12 minutes behind schedule on reaching Kearny Street.

Complaints as to lack of car service have been increasing in number and under present conditions it is impossible to add more cars to Market Street during the heavy hours. On lower Market Street, cars are operating today with only a 14-second headway. This means that they are moving practically end to end, and also that if we placed additional cars in service in an effort to carry more passengers, all the cars, including those now in service and the additional cars, would be further delayed and only more congestion and slower speed would result.

A transportation system can be no better than its weakest link. The cars operating on all of the Municipal lines on Market Street must be governed as to their frequency and schedules by the speed they are able to maintain at the most congested point. The Market Street situation is therefore the key to the transportation problem of the entire city.

It is true that some temporary measure of relief can be afforded by the abolition of automobile parking on Market Street and some by changes in traffic regulation, but this at best could be but a temporary and partial solution.

In brief, we not only have no capacity for carrying additional patrons, but find ourselves in the position of being unable to handle satisfactorily the people now dependent upon public transportation. The service which we are rendering is not improving but is getting

worse and will continue to do so as vehicular traffic increases. The Golden Gate bridge will be in service shortly pouring additional automobile traffic into the city. This traffic will further congest our streets; how serious this additional congestion will be I do not know. Obviously, the only solution is the separation of passenger transportation from the surface in those portions of the city where conditions prohibit the addition of more cars and the attainment of reasonable speed.

### Other Schemes Proposed.

While many ingenious methods of furnishing faster service have been submitted, it is to be regretted that their authors have failed to grasp the fundamentals of the local transportation problem.

A concerted and persistent effort has been put forth to place the City's purchase of the privately-owned street car systems ahead of the construction of rapid transit lines. Unified ownership will in no way increase track capacity, lessen traffic interference, or lower the demand for space on cars. Any suggestion that through unification, rerouting could be accomplished which would defer the necessity for subway construction, is unfounded.

No form of mass transportation so far perfected has more than a small fraction of the passenger carrying capacity of the subway system. It is therefore idle to consider any form of bus whether it be operated by gasoline or electricity. Any means of removing surface traffic by constructing elevated roadways for motor vehicles is open to all the objections cited for elevated rapid transit, plus others which seem insurmountable connected with entering and leaving the elevated roadway. The load on our downtown streets precludes the construction of ramps in any section of the congested district.

The use of buses or any other vehicle in place of street cars on the surface is out of the question because it has been proven that the street car carries more passengers in an hour than any other form of surface vehicle. Briefly, three lanes of automobiles will carry 4,100 passengers per hour; one lane of buses 8,000 passengers per hour; one street car track 13,500 passengers per hour; one subway track 60,000 to 90,000 passengers per hour. In addition the subway takes mass transportation off the surface and adds to the space available for ordinary vehicular traffic.

If for the present we eliminate, as we must, municipal ownership of the Market Street Railway Company and unified operation of the street car lines; if we permanently eliminate the installation of elevated driveways, the substitution of a rubber tired vehicle for the street cars, and crosstown underpasses, there remains only rapid transit. There is no question that of the two present forms of rapid transit, the subway is the only type which can be considered for San Francisco.

### Feeder Lines.

In the report of May, 1936, I stated that the three subway lines proposed would greatly improve the service between the downtown section, the North Beach, Marina, Western Addition, Richmond, Sunset, West of Twin Peaks and Mission districts, and by relatively short bus feeders serve other districts and accelerate transportation as far south as the County Line. A number of citizens have asked what bus lines could be expected to be operated in connection with the establishment of rapid transit. This question is a logical one and should at this time be given as complete an answer as is consistent with the best interests of everyone concerned. These best interests do not, I believe, include definitely outlining actual bus routes. Past experience proves that no one can prophesy what changes will take place in a few years. A route which would be the best today may by the time the rapid transit lines are completed be considerably less

desirable than some other route made possible by the improvement of street widths and grades and because of the development of areas now either not occupied or not occupied to best advantage. Another thing to be avoided is the disappointment to property owners by tentatively holding out possibilities of a service which changes in the future may not justify. To specify definite routes would unquestionably lead to speculation in real estate and again possible disappointment of property owners and taxpayers. It is therefore my intention to indicate, not routes, but service which may be given in extending the rapid transit benefits. I have selected no definite routes and have made only such studies as were necessary to permit making estimates of the cost to provide vehicles, storage and repair facilities.

Included in the cost of extensions is an addition to the originally recommended Mission Street rapid transit route, over the old right-of-way of the Southern Pacific Company from the formerly proposed terminus at Bernal Cut and Monterey Boulevard to a new terminus at a point near Ocean Avenue. This terminus will serve the San Francisco Junior College and will be sufficiently far south to materially shorten bus feeders for the territory within a mile to the north of the County Line.

All of the other extensions proposed will be by rubber tired vehicles of the type best suited to the location and the service.

I propose to extend the present No. 1 bus route which operates from the Richmond and Park-Presidio districts across Golden Gate Park and through the west of Twin Peaks and outer Mission districts, from its present terminus at Edna Street and Monterey Boulevard through the Sunnyside district to Bernal and Monterey Boulevards, thus making a direct connection with the Mission rapid transit line, as well as the Market Street rapid transit line, the Geary and Sunset tunnel lines, providing a complete cross-town service. This will materially improve the service on this route by splitting the traffic on the southerly end. At present the loading on this southerly end of the route is much heavier than on any other portion. When patrons bound for the downtown district can go either to the Forest Hill station of Twin Peaks tunnel or to Monterey and Bernal Boulevards, the traffic will be divided in such a way as to greatly improve the service.

I also think it advisable to install another line from the Park-Presidio district to cross Golden Gate Park and the Sunset and Parkside districts and connect with the "B", "C", "K", "L", "M" and "N" lines, giving direct rapid transit connections. This line will lie to the west of the present No. 1 bus route and give a service to the Park-Presidio, Sunset, Parkside and Merced Manor districts not now offered.

Additional service will be required in both the northern and southern parts of the Sunset, Parkside, Pinelake and Great Highway districts. These lines will connect with the "L" or "N" lines as may be most convenient, giving patrons the advantage of the Twin Peaks or Duboce tunnel and the subway on Market Street. They will give the entire area south of Golden Gate Park fast, convenient transportation.

There is a large population between Ocean Avenue and Alemany Boulevard which is now served on the north by cars on Ocean Avenue and on the south by the Municipal Railway "M" line. These people, living in the Ingleside, Ingleside Terrace, Junipero Serra, Merced Manor and Lakeview districts, will be given bus service to both the Market Street and Mission Street rapid transit lines.

People living on the easterly and southerly slopes of Twin Peaks, Mount Davidson and Miraloma Park have no easily accessible public transportation. It is probable that many more families would settle on these relatively close-in scenic heights if some form of reliable

service were provided. Many homes now in this area have no transportation. The cost of such a service is included in my estimate. The line will be connected directly with Market Street rapid transit.

I also propose to serve the area adjacent to Roosevelt Way between Buena Vista Park and Eureka Valley, now totally devoid of transportation.

The Haight-Ashbury district and Pope Tract will be given a direct connection with the rapid transit lines via Sunset tunnel.

In order to get maximum usage out of the Church Street and Mission Street rapid transit lines two east and west lines must be operated in such a way as to tie the Potrero Avenue, Mission and Church Street lines together. These lines will serve the very large population in the Mission and south of Market areas. Extensions from these routes will be made into the territory to the west of Church and Castro Streets and in Noe and Eureka valleys, now inadequately served. One of these lines will be extended to reach the industrial district adjacent to Third Street.

The Bayview district has for many years asked for direct Municipal Railway service. This will be supplied by extending one of the Mission district crosstown lines, or by a separate route operated from the end of the Potrero Avenue car line.

The Excelsior and Crocker-Amazon districts will have a direct connection to the rapid transit service of the Mission street route.

A large area of the Marina district closely built up with many thousands of homes is now inadequately served by street car lines along the edge of the district. I propose that direct service be given this district by a line running east and west from the vicinity of Fort Mason to a point adjacent to the Presidio, with appropriate connection to rapid transit service.

The Telegraph Hill section in North Beach, one of San Francisco's greatest scenic attractions, is totally devoid of transportation service. One of the lines proposed would provide service for residents and visitors on Telegraph Hill.

Existing Municipal Railway surface lines, these proposed feeder lines and the rapid transit lines recommended will completely blanket San Francisco. They will provide fast, comfortable transportation throughout the City. These lines will extend the benefits of rapid transit to all our citizens. Although these proposed routes have been worked out with a view to serving districts already built up and insufficiently served by present facilities, the routes will also tap and make available for development great areas of San Francisco now unavailable for home and business construction because of lack of transportation. Thus new areas will be opened for the construction of homes and business districts and many millions of dollars will be added to the City's assessment roll and tax revenue. This property improvement and population growth will in turn reduce the per capita cost of rapid transit.

The flexible nature of the feeder lines proposed will make it possible for them to be readily adjusted to the growth of new districts as well as service to areas already developed.

#### Costs.

On page 30 of the May, 1936, report is shown the estimated cost of the rapid transit system. In conformity with the usual policy of the City there was included in the total of \$52,700,000 an item of \$6,000,000 for interest during construction. I think that it would be much better to carry this interest on the tax rate through the yearly budgets. This will eliminate the necessity of paying interest on interest, and for that reason I recommend that the estimate of \$52,700,000 be reduced by \$6,000,000 to \$46,700,000. The estimated cost of the extensions to the rapid transit system which I have described above, is \$2,550,000. This sum added to the \$46,700,000 produces a total cost

for the rapid transit system, including fourteen cross system bus lines, of \$49,250,000. I recommend that there be issued for the construction of rapid transit lines \$49,250,000 of general mortgage bonds. This is \$3,450,000 less than the amount shown in the May, 1936, report.

A careful study has been made in the light of current construction costs to determine whether or not the estimates which I submitted in May, 1936, are still sufficient under present price conditions. In this study we have examined construction costs for similar work in other cities, with particular reference to contracts awarded in New York City for units of the Sixth Avenue subway. We have also consulted reliable indices of construction, material and labor costs throughout the United States. Comparisons have been made of material and labor costs in San Francisco with those in New York City and at other points where construction of this type is in progress.

These studies definitely indicate that construction costs have risen in comparison with the costs current in May of 1936. It is, however, indicated that present material and labor costs are still safely within the leeway allowed in preparing the original estimates.

### Conclusion.

I have already stressed the fact that traffic delays and congestion are mounting at a rapid rate which will be accelerated by the completion of the Golden Gate bridge; that we have already reached the peak capacity of Market Street and that with present facilities nothing can be done to materially and permanently improve conditions.

It is therefore my recommendation that steps be taken at once to unite official and public opinion on a definite program of procedure which will permanently provide greater capacity and higher speed for local transportation by constructing the subway routes which I have proposed. To end the present intolerable conditions as soon as possible, I recommend that this program be placed before the voters in the form of a bond issue on the election ballot of November 2, 1937.

Respectfully submitted,

E. G. CAHILL,  
Manager of Utilities.

### Final Passage.

The following matters were presented by Supervisor Roncovieri:

**Supplemental Appropriation of \$1,000 for Foodstuffs for Juvenile Detention Home.**

(Code No. 9.051)

Bill No. 1334, Ordinance No. 9.051387, as follows:

Authorizing a supplemental appropriation of \$1,000 out of the surplus existing in Appropriation 623.101.00 to the credit of Appropriation 624.350.00 for the purpose of providing funds required for the purchase of foodstuffs for the Juvenile Detention Home; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$1,000 is hereby appropriated and set aside out of the surplus existing in Appropriation 623.101.00 to the credit of Appropriation 624.350.00 for the purpose of providing funds required for the purchase of foodstuffs for the Juvenile Detention Home.

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists as immediate action is required to provide for the uninterrupted operation of the

Juvenile Detention Home, as it is without the necessary funds to buy foodstuffs for its conduct.

Approved as to form: Jno. J. O'Toole, City Attorney.

Approved: Angelo J. Rossi, Mayor.

Funds available: Leonard S. Leavy, Controller.

*Finally passed* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Supplemental Appropriation of \$4,725 for Equipment, Controller's Office.**

(Code No. 9.051)

Also, Bill No. 1335, Ordinance No. 9.051388, as follows:

Authorizing a supplemental appropriation of \$4,725 out of the surplus existing in the General Fund by reason of additional aid from State and Federal governments for widows' pensions and maintenance of minors, to the credit of Appropriation 633.400.60 for the purpose of installing in the office of the Controller equipment essential to the preparation of aid rolls, aid warrants, and claims for State and Federal subventions; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$4,725 is hereby appropriated and set aside out of the surplus existing in the General Fund by reason of additional aid from State and Federal Governments for widows' pensions and maintenance of minors, to the credit of Appropriation 633.400.60 for the purpose of installing in the office of the Controller equipment essential to the preparation of aid rolls, aid warrants and claims for State and Federal subventions.

Section 2. This ordinance is passed as an emergency measure, and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists as immediate action is required to provide for the uninterrupted operation of the Controller's office as it is without the proper equipment to prepare aid rolls, aid warrants and claims for Federal and State subventions.

Approved as to form: Jno. J. O'Toole, City Attorney.

Recommended: Leonard S. Leavy, Controller.

Approved: Angelo J. Rossi, Mayor.

Funds available: Leonard S. Leavy, Controller.

*Finally passed* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Adopted.**

The following recommendations of his Honor the Mayor were taken up:

**Leave of Absence—Hon. George Filmer, Sr., Member Public Utilities Commission.**

(Code No. 4.053)

Resolution No. 3273, as follows:

Resolved, That in accordance with the recommendation of his Honor the Mayor, Hon. George Filmer, Sr., member of the Public Utilities Commission, is hereby granted a leave of absence for a period of seven days, commencing May 24, 1937, with permission to leave the State.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Leave of Absence—Hon. John P. McLaughlin, Member Public Utilities Commission.**

(Code No. 4.053)

Also, Resolution No. 3274, as follows:

Resolved, That in accordance with the recommendation of his Honor the Mayor, Hon. John P. McLaughlin, member of the Public Utilities Commission, is hereby granted a leave of absence for a period of thirty days, commencing May 18, 1937, with permission to leave the State.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Leave of Absence—Hon. J. P. Murphy, Member Public Utilities Commission.**

(Code No. 4.053)

Also, Resolution No. 3275, as follows:

Resolved, That in accordance with the recommendation of his Honor the Mayor, Hon. J. P. Murphy, member of the Public Utilities Commission, is hereby granted a leave of absence for a period of thirty days, commencing May 25, 1937, with permission to leave the State.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Leave of Absence—Supervisor Jesse C. Colman.**

(Code No. 4.053)

Also, Resolution No. 3276, as follows:

Resolved, That in accordance with the recommendation of his Honor the Mayor, Hon. Jesse C. Colman, member of the Board of Supervisors, is hereby granted a leave of absence for a period of ten days, commencing May 18, 1937, with permission to leave the State.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**President to Appoint Representative to Laundry Owners' Association Convention.**

(Code No. 5.93)

Supervisor Reilly presented:

Resolution No. 3277, as follows:

Whereas, the Laundry Owners' Association of California will hold its annual convention at Del Monte from June 2 to June 5, inclusive, at which the President and Secretary of the National Association of the United States and Canada will be in attendance; and

Whereas, one of the chief objects of this year's convention will lie in an endeavor to exert sufficient influence upon the national executives of the laundry industry to procure from them a pledge to use their whole-hearted influence to the end that the National Convention may be brought to San Francisco in 1939, during the Golden Gate International Exposition; and

Whereas, this convention, with its several thousand delegates and its great exhibit of laundry machinery and equipment, would be a most valuable adjunct to the Exposition and would constitute a display of deep interest to the visitors at the Exposition; and

Whereas, it will be highly beneficial to the industry from an educational, and consequently a business point of view, to be in a position to acquaint the great number of visitors who will come to the Exposition with the equipment and methods used in the laundry industry; now, therefore, be it

Resolved, That the President of this Board appoint a member hereof to attend said convention and to, on behalf of the City and County of San Francisco, put forth his best efforts to favorably impress the national executives of the Laundry Association with the idea that to hold the national convention in San Francisco in 1939 will redound to the mutual interests of both the industry and the City and County of San Francisco; and be it further

Resolved, That a copy of this resolution be sent to the Exposition Company, with the request that a representative of that organization be sent to Del Monte to join with San Francisco's official representative in urging that the 1939 convention of the National Laundry Association be held in San Francisco.

*Adopted by the following vote:*

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Reilly, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

### **President and Congress Urged to Continue Program of Public Works Administration.**

(Code No. 5.2)

Supervisor Shannon presented for Controller:

Resolution No. 3278, as follows:

Resolved, That the Board of Supervisors hereby urges the President and the Congress of the United States to continue the program of the Public Works Administration; and be it

Further Resolved, That the Clerk transmit a copy of this resolution to the San Francisco representatives in the Congress.

*Adopted by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

### **Removal of Traffic Signal Standard at Fell and Stanyan Streets.**

Supervisor Uhl moved that the Clerk write to his Honor, the Mayor, regarding the removal of traffic signal at Stanyan and Fell streets, and to inform his Honor that the Board is not entirely in accord with report thereon submitted by Captain Charles Goff, Captain of Traffic, and to suggest that overhead light might be placed at this intersection so that the present traffic signal could be removed, and that light could be placed over the wall at the end of Stanyan street.

*Motion carried.*

### **Legislation for Auto Trailer Parks.**

Supervisor Brown called the attention of the Board to the fact that the Golden Gate Bridge Fiesta would undoubtedly bring to San Francisco many visitors with auto trailers and moved that it be the sense of the Board that necessary legislation be passed at the meeting on Monday, May 24, 1937, to provide for parking and regulation thereof, as a temporary and emergency measure, during the period of the Fiesta.

*No second.*

Thereupon, Supervisor Brown announced that he would bring into the Board, at its next regular meeting, proposed legislation, which the Board agreed to consider.

### **Report Requested Diagonal Streets from Fifth and Harrison to Sixth, Between Shipley and Folsom Streets.**

(Code No. 12.08)

Resolution No. 3279, as follows:

Resolved, That the Director of Public Works is hereby respectfully requested to report to this Board of Supervisors costs and estimates

of a street running diagonally from Fifth and Harrison streets to a point on Sixth street, between Shipley and Folsom streets.

*Adopted by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

#### **List of Temporary Civil Service Positions.**

Supervisor Uhl requested that the Clerk obtain from the Civil Service Commission the following information: What positions are now in the temporary classifications of Civil Service? Also, the length of time employees have occupied such temporary positions.

*So ordered.*

#### **Ordinance for Narrowing Sidewalks on Post Street.**

Supervisor Uhl requested that the Clerk have prepared, in time for the next regular meeting of the Board, ordinance to provide for the narrowing of sidewalks on Post street.

*So ordered.*

#### **Potrero Police Station.**

Supervisor Uhl requested that the Clerk obtain from the Police Commission, answers to the following questions: What is being done with the Potrero Police Station? What protection is being given to animals at night, which the Department uses?

*So ordered.*

#### **Committee to State Fair.**

Supervisor Ratto moved that a committee be appointed (by the President) to represent the Board at the State Fair, September 1 to 10, 1937.

*Motion carried.*

#### **Tenth Annual Baseball Hunt, Bernal Heights.**

The following was read by the Clerk:

Communication from Joseph P. Gilmore, inviting members of the Board to attend the Tenth Annual Baseball Hunt, Bernal Heights, Saturday, May 22. Supervisor McSheehy asked that a copy of the letter be sent to every member of the Board. Members of the Board to notify Mr. Gilmore if they will attend.

Supervisor Ratto moved that one of the Supervisors' cars be at the disposal of those Supervisors who are to attend.

*So ordered.*

#### **Letter of Thanks to Police Commission.**

Supervisor Shannon, seconded by Supervisor Ratto, requested that the Clerk send communication to the Police Commission thanking the Commission for the notice they took of the letters transmitted to them from numerous cities in the East that have discontinued the use of the Sam Brown belt, and their action in having the belts discarded by officers doing traffic duty.

#### **RECESS.**

Whereupon, the Board of Supervisors at 5:10 p. m. took a recess until 10 a. m. Thursday, May 20, 1937, when the Budget for the fiscal year 1937-1938 will be taken up for consideration.

J. S. DUNNIGAN, Clerk.

MONDAY, MAY 17, 1937.

Approved by the Board of Supervisors May 24, 1937.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

## BOARD OF SUPERVISORS

---

THURSDAY, MAY 20, 1937, 10 A. M.

The Board of Supervisors reassembled for the purpose of giving consideration to the proposed budget of municipal expenditures for the fiscal year 1937-38.

### CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—7.

Absent—Supervisors Brown, Colman, McSheehy—3.

Excused—Supervisor Mead—1.

Clerk announced that Supervisor Mead had phoned that he had an important labor meeting and asked to be excused. No objection and so ordered.

### Chairman.

On motion of President Shannon, Supervisor Meyer was elected to preside.

### Message of Thanks to Governor for His Veto of Legislation Adverse to the Best Interests of San Francisco in the Matter of Relief.

Supervisor Uhl moved that:

Whereas, unfavorable legislation was passed by the present Legislature regarding the matter of relief; and

Whereas, said legislation would have increased the cost to the taxpayers of San Francisco by some \$600,000; and

Whereas, Governor Merriam has vetoed said legislation; now, therefore, be it

Resolved, That the Board of Supervisors on this day telegraph Governor Merriam a message of thanks for his veto of this legislation.

*Adopted* by the following vote:

Ayes—Supervisors Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—7.

Absent—Supervisors Brown, Colman, McSheehy, Mead—4.

Thereupon, the Clerk was directed to advise by telegram his Excellency the Governor of the action of the Board.

**SUPERVISOR RONCOVIERI:** Mr. Chairman, before we enter into the work of the budget, I wish to make the following statement: You will find that the budget recommendations as submitted to you show an increase in excess of \$2,000,000, of which approximately \$1,000,000 must come from the tax rate; the other \$1,000,000 comes from other sources of revenue and does not affect the tax rate but \$1,000,000 of the increase of \$2,000,000 will affect the tax rate.

A review of the proposed budget of the Finance Committee discloses the demands of the following mandatory items from taxes more than offset this \$1,000,000 increase, and these are mandatory and they are the cause primarily of the \$1,000,000 increase in the tax rate: the needy aid amounting to \$213,007; the School Department, \$198,918;

the bond interest and redemption, the major increase this year over last year, is \$981,342. That is the heaviest increase in the budget, mandatory, to redeem bonds and pay the interest—and the Retirement Fund must be increased by \$73,033. These are all mandatory, and they approximate \$1,300,000, which is \$300,000 more by the mandatory provisions of the law than the actual increase of \$1,000,000 which must be reflected in the tax rate.

Now, there have been some increases in salaries, but the total of that is less than—I don't remember the exact amount; it is less than \$200,000, isn't it, Mr. Ross?

MR. ROSS: One hundred and eighteen thousand dollars.

SUPERVISOR RONCOVIERI: So if you add the \$118,000 to the \$1,000,000 it would still be less than the mandatory increase. In other words, if we had not had these mandatory increases to pass, we would have a lower tax rate than last year.

SUPERVISOR SCHMIDT: Mr. President, I wonder if all the members of the Board could have copies of that very enlightening synopsis of Supervisor Roncovieri. Sometimes we are asked these questions.

THE CHAIRMAN: It will be furnished the members of the Board.

MR. DUNNIGAN: I was going to suggest, if you will pardon the interruption, that we have a transcript made from here because that will contain all the remarks.

THE CHAIRMAN: Such will be the order.

#### Motions.

On motion of Supervisor Schmidt, seconded by Supervisor Reilly, the various departments were taken up in numerical order.

Supervisor Uhl moved that the Mayor be requested to appear before the Board for the purpose of discussing low salaries of Library employees, it being his intention to take up with the City Attorney what legal steps are necessary in order that salaries may be adjusted.

Sheet 3, Line 17, 2 Watchmen, \$155 per month; increase of \$10 per month.

Sheet 3, Line 31, Boiler Helper, \$7.08 per day; increase of 50 cents per day.

Sheet 3, Line 33, 2 Machinist Helpers, \$7.08 per day; increase of 50 cents per day.

Supervisor Reilly requested that Sheet 3 be held up temporarily.  
*So ordered.*

**Motion.**

Whereupon, Supervisor Shannon moved that Index No. 33 (except Sheet 3) be passed as recommended.

No objection and *so ordered.*

**Real Estate (Index No. 34).**

Supervisor Shannon explained recommended changes as follows:

Sheet 2, Line 9, General Clerk-Stenographer, \$160 per month; increase of \$10 per month.

Sheet 2, Line 10, General Clerk-Typist, \$155 per month; increase of \$5 per month.

Sheet 2, Line 13, Assistant Chief Right of Way Agent, \$400 per month; increase of \$25 per month.

**Motion.**

Whereupon, Supervisor Shannon moved that Index No. 34 be passed as recommended.

No objection and *so ordered.*

**Real Estate (Auditorium) (Index No. 35).**

Supervisor Shannon explained recommended changes in this department, whereupon on his motion the Auditorium *was passed* as recommended.

**Public Works—General Office (Index No. 36).**

Supervisor Shannon explained recommended changes as follows:

Sheet 2, Line 7, General Clerk, \$165 per month; increase of \$10 per month.

Sheet 2, Line 8, General Clerk, \$175 per month; increase of \$20 per month.

Sheet 2, Line 13, Chief Telephone Operator, \$180 per month; increase of \$15 per month.

Sheet 2, Line 14, General Clerk-Typist, \$165 per month; increase of \$10 per month.

Supervisor Reilly inquired regarding Blacksmith's Helper, \$8 per day. Why is he not paid the same salary in Shop No. 1 as in the Municipal Shops?

Moved and *carried* Secretary Maher be asked to come later and explain. *So ordered.*

(Later it was explained that any action increasing rate would be in violation of Charter Sections 71 and 151.)

**Motion.**

Whereupon, Supervisor Shannon moved that Index No. 36 (except item relating to Blacksmith's Helper) be passed as recommended.

No objection and *so ordered.*

**Public Works—Bureau of Accounts (Index No. 37).**

Supervisor Shannon explained the following recommended changes:

Sheet 2, Line 3, General Clerk, \$165 per month; increase of \$10 per month.

Sheet 2, Line 8, General Clerk-Stenographer; increase of \$10 per month.

**Motion.**

Whereupon, Supervisor Shannon moved that Index No. 37 be passed as recommended.

Sheet 2, Lines 12 and 13, 10 Laborers, \$6 per day; new positions.

Sheet 2, Line 18, 3 Truck Drivers, \$7.50 per day; new positions.

Sheet 2, Line 22, 2 Drivers of Special Equipment, \$7.50 per day; new position.

#### Motions.

Supervisor Uhl, seconded by Supervisor Schmidt, moved that Line 9—an increase of \$50 per month—be reduced from \$325 to \$300 per month.

Motion *lost* by the following vote:

Ayes—Supervisors Schmidt, Uhl—2.

Noes—Supervisors McSheehy, Mead, Meyer, Ratto, Reilly—5.

Absent—Supervisors Brown, Colman, Roncovieri—3.

Whereupon, Supervisor Shannon moved that Index No. 42 be passed as recommended.

Motion *carried* by the following vote:

Ayes—Supervisors McSheehy, Mead, Meyer, Ratto, Reilly, Schmidt, Shannon—7.

No—Supervisor Uhl—1.

Absent—Supervisors Brown, Colman, Roncovieri—3.

**Public Works—Sewer Repair (Index No. 43).**

Supervisor Shannon explained the following recommended changes:

Sheet 2, Line 5, Assistant Superintendent, \$250 per month; increase of \$25 per month.

Sheet 2, Line 6, Superintendent, \$400 per month; increase of \$25 per month.

Sheet 2, Line 13, Laborer, \$6 per day; new position.

Sheet 2, Line 14, Driver of Special Equipment, \$7.50 per day; new position; will be assigned to Mosquito Control Truck provided for in budget for health purposes.

Sheet 2, Line 15, 4 Cribbers, \$7 per day; new position.

Sheet 2, Line 16, Sewer Cleaner, \$8.50 per day; new position.

Ed Minister, representing Cribbers and Sewer Cleaners, was heard. He said that the men he represented are paid away below similar work in private employment. In fact, he said, there are no sewer cleaners in private employment and the work is dangerous to health.

Whereupon, on motion duly made and *carried*, the following amendment was *approved* without objection.

Sheet 2, Line 15, 4 Cribbers, \$8.80 per day.

Sheet 2, Line 16, Sewer Cleaners, \$9.50 per day.

**Motion.**

Whereupon, Supervisor Shannon moved Index No. 43, as amended, be passed as recommended.

No objection and *so ordered*.

**Public Works—Sewage Pumping Stations (Index No. 44).**

Supervisor Shannon explained:

Sheet 2, Line 3, Head Pump Operator, \$200 per month; new position for New Marina Discharge Pump Station.

Sheet 1, Line 9, New Construction, \$10,000. Finance Committee recommends that this item be decreased to \$3,600 and set up for sewage disposal studies.

Amendment *carried*.

**Motion.**

Whereupon, Supervisor Shannon moved that Index No. 44, as amended, be passed as recommended.

No objection and *so ordered*.

**Public Works—Street Repair (Index No. 45).**

Sheet 2, Line 10, 4 Laborers, \$6 per day; new position.

Sheet 2, Line 21, Rammer, \$7 per day; new position.

Sheet 2, Line 24, Granite Cutter, \$9.50 per day; new position.

**Motion.**

Whereupon, Supervisor Shannon moved that Index No. 45 be passed as recommended.

No objection and *so ordered*.

**Public Works—County Roads (Index No. 45).****Privilege of the Floor.**

Mr. O'Connor, representing the per diem asphalt workers Local No. 84, said that on February 16 he submitted to Mr. Cleary's office a request for wage adjustment for a few of his men, inasmuch as Mr. Henderson said that the Civil Service Commission had no jurisdiction. Was up against standardization. Had a communication from Mr. Cleary that the jurisdiction rested with the Civil Service Commission. City Attorney O'Toole agreed that that was correct—the Civil

Service Commission had power to recommend wage adjustments for small groups of employees. Mr. O'Connor said that he had sent three communications to the Civil Service Commission and the only response has been that it had been referred to the Standardization Committee. The money, he said, that pays our men is taken from the County Roads Fund. It is not taken from the tax rate. He asked (1) increase for one dryer man from \$9 to \$10 per day, the same as paid in private employment; (2) increase wages of asphalt rakers and ironers from \$1 to \$1.10 per hour, same as paid in private employment; (3) asked increase of \$1 per day for foreman of asphalt plant and two asphalt finishers. The total for the entire fiscal year is only \$3,300.

#### Motion.

Supervisor McSheehy moved reference to Mayor, asking him if something cannot be done.

Motion *carried*.

#### RECESS.

Whereupon, the Board of Supervisors, at 6:05 p. m., took recess until May 21, 1937, at 10 a. m.

J. S. DUNNIGAN, Clerk.

#### FRIDAY, MAY 21, 1937, 10 A. M.

In Board of Supervisors, San Francisco, Friday, May 21, 1937, 10 a. m.

The Board of Supervisors reassembled for the purpose of continuing consideration of the proposed budget of municipal expenditures for the fiscal year 1937-1938.

#### CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors McSheehy, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—8.

Absent—Supervisors Brown, Colman, Mead—3.

Quorum present.

President Shannon presiding.

#### Remarks by Mayor La Guardia of New York.

MAYOR ROSSI: Mr. Chairman, Members of the Board, Public Officials and Fellow Citizens: San Francisco is honored by a visit by the Mayor of the greatest city in the world. He also is president of the Conference of Mayors; and I don't want him to leave San Francisco without saying a word to the Board of Supervisors: Mayor La Guardia.

MAYOR LA GUARDIA: Mr. Mayor, Mr. Chairman and Gentlemen: Of all times to come into any municipal board, that when they are making their budget it seems to me is about the most embarrassing to all concerned. Misery likes company, so I just want to tell you that we go through all the pains and labors that you are going through now. We will start in July; our departmental estimates come in, then the Mayor presents his executive budget in the early part of September; then we have public hearings, and I suppose you go through that ordeal, too. During the first ten days of the public hearings we are permitted to increase the budget; that is, the Board is. After that, we have hearings to decrease the budget; and, it is strange, Madison Square Garden wouldn't hold all the people who appear the first ten days to increase the budget, and the next sessions when we have the decreasing of the budget our attendance is very scanty. And this is also very interesting; I suppose you have the same situation; we will

find groups that are interested in specific items in the budget or in departments, coming in and clamoring for increased appropriations and then towards the end we receive protests from organizations demanding a reduction in the budget, and you will find very often a duplication of the names. They will insist on increased appropriations and also complain about the taxes in the high total amount of the budget. Now, gentlemen, if you can solve that problem I would like to have the formula.

Talking of budgets, I suppose you are confronted with exactly the same situation—the cost of municipal government is increasing. There are new functions being added to municipalities all the time so I don't see any hope—I am talking about my city, of course—I don't see any hope in the reduction of municipal costs as we go along. And in addition to that, municipal government is becoming and is now a science. We train personnel, we take young men and women, train them in the service, and they become specialists in the various fields of municipal activity and necessarily the pay roll is going to increase as we perfect our department. Take, for instance, the hospitals! There was a time when every city could depend a great deal on private hospitals. We have experienced during the period of depression that the resources of private hospitals decreases, while the demands on public hospitals increase, and with 26 institutions in New York City, with a total budget of something like \$30,000,000, we appropriate at least \$14,000,000 more for institutional care; and that is increasing all the time. I daresay that we take 95 per cent of the load of tubercular patients. The same is true also of public health. That has become an exact science, and, of course, in the long run it is economy, because were it not for the preventive work that the public health department carries on, our life, I suppose, in large cities, would simply be constantly exposed to the danger of epidemic.

Now, we have enlarged upon that. I have constructed a new laboratory. We are conducting a great deal of research work. We are producing our own diphtheria serum. We are now experimenting and producing our pneumonia serum. That is very costly, but here is the situation, gentlemen: Medical science has developed to the point where certain types of pneumonia are curable. It is costly, the average citizen cannot afford it. It costs from 38 to 40 dollars a case, but it saves life. Therefore, it becomes the function of government, whether state or municipality, to provide a medium of saving life. New York City has gone into it now. We were ahead, I think, of any other city or state; and Massachusetts state is producing its pneumonia serum—and we find that we can hardly produce enough—you know, there are 32 types of pneumonia, and we have serums for six types that are approved; and five more still in the experimental stage, and which I suppose will be accepted by the medical profession very soon. Now, to do this research work we must maintain our own farms for the production of horses for serum, in addition to the laboratory.

Now, take the police department. That is increasing all the time. We found this by experience, that it pays to provide the police officers with economic security and we try to pay our police department well. Now, we have a force of 18,000 police officers, and were it not that we mechanize and motorize the department we would need a great deal more.

Parks and playgrounds have been accepted as a necessity, a part of the general welfare of public health programs of a municipality. It is not a luxury any more. And, as you know, to maintain parks and playgrounds in a large city is very costly, and my budget has jumped 50 per cent in the last two years, for maintenance of parks and playgrounds, and I expect it will jump 30 per cent more in the 1938 budget.

The maintenance cost of streets is constantly increasing. Traffic conditions demand the widening of streets, the opening of new highways, which the people demand, and then when the total amount of

the budget is announced we receive the complaints and the protests on the tax rate.

Therefore, I see very little hope in cutting municipal budgets as we go along, because these services, more of them are demanded and many of them are absolutely necessary to the health, welfare and happiness of a city.

One of our largest items in the New York budget, and I suppose you struggle with it, too, is that of schools, our educational budget. You have more latitude than we have. The city government in New York has very little latitude except to provide the money. Our schedules for teachers are fixed by the state legislature, and we cannot touch them one way or the other. We have a staff in our grade and high schools of 36,000 teachers, with a total budget of \$140,000,000. Of the \$140,000,000 we get about \$54,000,000 from the state. That is their contribution and for that they reserve the right to fix, not only the salary schedules of the wages, but also the number of pupils in the class rooms, so we must maintain both in order to obtain the state grant. That leaves a total of over \$80,000,000 which the city must provide. In addition to that, in our educational department we have three city colleges, and beginning in October we will have four. We have the C. C. & Y., the General College of the City of New York, then we have Hunter College for girls, then we have Brooklyn College, a co-ed, and we are now opening Queen's College in the Borough of Queens, which will make four. That, of course, is an additional item in the budget which must be provided. On that, gentlemen, as you know, there are two different schools of thought; one believing that it is proper and necessary for a city to maintain these free colleges; and the other that the city should stop at the high school and not undertake higher education. There is a very sharp division of thought about that. I personally believe that in a city of 7,000,000 it is quite proper to have the higher education, but I say it is debatable and there is quite a bit of division on that.

On January 1st we will begin under the new charter which was approved by a referendum vote last year. It is gratifying, gentlemen, to see the improvement in municipal government. From the time that James Brice wrote his American Commonwealth, in which he pointed out with accuracy and proper justification that the municipal government was one conspicuous failure in this country, there has been such an improvement that I believe, as I said before, it has become a real science, and the improvement within the last ten years has been marked; the very careful attention that is given it by the electorate of cities, to teach governmental problems, the desire to keep abreast of what is going on—I darsay the average American in municipal government will compare favorably with that of any in the world. We are closer, of course, to the people, than the state or federal government, which makes our task so much more different.

I want to take this opportunity, Mr. Mayor, and Mr. President, and gentlemen, to express my thanks for the co-operation you have given to the United States Conference of Mayors. I want to tell you just a word about that. It is not a social group, it is not a golf club, it is an organization of Mayors of American cities of over 50,000 population. It is supported entirely by public funds from the municipalities. We adopted that policy rather than to accept contributions from any of the existing foundations, no matter how well meant they may be, because, after all, if any public organization of that kind is supported by public funds, well meaning though the donors may be, there is always a certain amount of feeling that the philosophy of government or thought is controlling. Therefore, the Conference of Mayors adopted the policy that membership would be limited to Mayors of cities over 50,000, and the membership fees provided in the budget of the various cities, and that is happening, gentlemen, all over the country. We maintain in Washington an office which is well manned with experienced personnel. We are filling up perhaps the very best reference library on all matters and divisions of municipal government. That

is available to all the cities. The director of the Conference, Mr. Paul Veters—I think most of you know him—and his staff are constantly at the disposal of the cities attending to departmental matters. The office is the clearing house for American cities in their relation to the government. I can tell you from my actual experience as a member of Congress for 14 years that the city now is closer to the federal government than ever before. President Roosevelt has a keen and sympathetic understanding of the problems of cities, first as a resident of New York City, then as Governor of the state—he understands our problems. I need not tell you gentlemen who have been confronted with the great question of relief that I think President Roosevelt actually saved every city in the country through his understanding of our problems and providing the funds to carry us through a very critical period of our history, so critical that I believe we were too close to it—not until we get a very distant perspective will it be apprehended and realized how we went through it and how the situation was saved. Through this conference we are able to know each other and I can tell you there isn't anything better for a Mayor than to visit other cities. It takes the conceit out of a Mayor. To get what I mean, as I go from city to city I see that, after all, there is always something that can be learned. There is no city that has the monopoly on perfection or better than other cities in its departments.

Now, gentlemen, I know what you have before you, the consideration of your budget, and it has been very gracious of you; it has been a delight to meet you and I want to thank Mayor Rossi for his civility and courtesy; and if at any time we in the east can be of any service to the great metropolis of the west, please call on us.

THE CHAIRMAN: I understand you have had a lot of experience with subways, and motor business; can you give us a little talk on that? We are very much interested.

MAYOR LA GUARDIA: The question of subways—there you touch upon a real problem to every Mayor of New York City. Now, rapid transit is necessary to any city where the area is so extended that people cannot get from their homes to their places of business or employment easily, comfortably, and speedily. Naturally, rapid transit is for long-distance hauling, or where you have bad traffic conditions. Let me say in passing, what I have stated so many times in New York, "Never get disheartened or discouraged because you have traffic congestion, because any time that your streets will be so comfortable and relieved of traffic as to be able to travel comfortably, then the grass will commence to grow on that street, and your city is gone." So that is something we are all bothered with.

Now, New York originally solved its rapid transit—I use the term rapid transit to distinguish from the ordinary transportation of trolley lines and buses. Trolley lines and buses are called transportation, and subways and elevated rapid transit. New York City first solved its problems with the construction of elevated roads which started some 60 or 65 years ago. The elevated railroads were driven by steam locomotives then and since replaced with electric power. Now, the elevated lines in New York City, and, of course, I speak of New York City, because I know the conditions there, have become obsolete. As an operating proposition they do not pay. The Manhattan Railway Company, in New York City, prolonged its life by leasing their property for 999 years to the subway company—one of those leases that you all understand. They are now in the federal courts to disaffirm that lease. We find that in a city the elevated lines are unattractive, they add terribly to traffic congestion, and as far as I am concerned they are absolutely obsolete and are worthless. Now, wherever we are able to pull down an elevated line the whole character of the neighborhood changes and property is improved almost overnight. The construction of elevated lines is cheaper than subways, but you make up the difference in paying damages to adjoining owners. The courts have laid down the principle that property owners have the

right to light, air and access, and heavy damages are awarded wherever an elevated line is stuck in front of any one's property.

Now, we had some experience with subways. We own about one billion dollars of subways. That means that we own the subways of the two private companies, the Interborough and the Brooklyn M. T., and we own, of course, our own, and all of the rolling stock and equipment of our own independent subways. We have three subway systems in New York; two privately operated, but publicly owned, and one publicly owned and publicly operated. The two are operating under a long-term lease with the city. The subways no doubt built up New York City. If you will take the date of the first construction of the subway and then follow through as the lines were extended you would see that the locality just built up with the extension of the subway. Whether or not mistakes were made in the building of the subways without proper planning at the time is another question, but we have at least got hold of it now and under the new charter we have provision for a city planning commission so that the mistakes of the past will not be repeated. But the fact remains, gentlemen, that Queens was built by the subways. We have a population in Queens of 2,000,000; we have a population in Brooklyn of over 3,000,000, and we have a population in the Bronx of over 1,000,000. That growth in the population is due to the subway systems. Naturally, they drew some from Manhattan. The population of Manhattan is less today than it was 25 years ago, but in addition to that amount drawn from the Borough of Manhattan we have that increased population growth, over and above the population growth normal in cities and outlying districts of the city. They are convenient, they are safe, and they are rapid; they are comfortable—relatively comfortable, except, of course, in the rush hours, and you get accustomed to that. So I want to make that clear when I say they are comfortable, because it would be impossible to have sufficient facilities when you are moving two or three million people all at one time, going one direction, and one time at the end of the day going the other direction. So they have become just part of our city life. We simply couldn't do without them.

At this time I am building a section under Sixth avenue, about four miles, connecting the Queens—one of the Queens' lines down with the other part of the Independent Subway at Eighth street. That is costing \$54,000,000.

The construction of subways, gentlemen, is costly. Now, that is particularly costly because we are in the most active part of Manhattan. There is no interruption at all of the street traffic. We build and we cover. We build and we cover. We are building it in sections, and at the same time we are propping up—and this, of course, is just pathetic—we are propping up the Sixth avenue elevated, which cost about \$5,000,000 extra in the fifty-four, and that Sixth avenue elevated is coming down just as sure as we are sitting here. A little politics is the reason why it has not come down so far. I will not bore you with the facts. I want to tear it down, but the opposition doesn't want me to tear it down, and there the damned thing is; but it will come down eventually, and the increased valuation of the property along the line will almost pay for the cost of the elevated line.

Now, so much for the favorable side of subways. I certainly couldn't leave here without saying that it brings its headaches, too. I couldn't give you the exact figures of our traffic conditions, but we had in last year's budget, 1936, about \$31,000,000 in losses on subway operation. That means all three, gentlemen, the two lines, as I told you, were operating under a contract with the city, and they have certain preferentials in the gross revenue before the city receives anything so that that amount which we receive from the two privately operated companies is not sufficient to pay the amortization and the interest on the cost of construction of those two subways. And then we have a loss, a like loss in the operation of the Municipal subway. We make

all of our operating expenses in the Municipal subway, and last year \$3,500,000 profit on operation, but that does not take care of the \$700,000,000 that went into the construction of the subway and the equipment. So that it is a matter of policy. If the city accepts the policy that rapid transit is part of the city life, it is necessary just as streets, and avenues, and bridges, and will expect improvement and development in the outlying districts, and are satisfied to take and absorb the cost of construction, then you can make your operating expenses. If, on the other hand, the policy is adopted that it must be self-supporting, then you must provide a flexible fare to make it self-supporting, but you must accept that fact and, my advice, from actual experience in New York, is that that fact be accepted from the very beginning, otherwise it will be a football of politics just as it has been in New York City.

Now, in the beginning everybody is for and anxious to have subways, but you have now actual experience in New York City, London and Paris with subways. London has unified their system. They have a very excellent report on it, Mr. Mayor, and it tells the whole story there. We are seeking to unify our system. I have met with opposition and the reasons for that, I will not bore you with the details of. But there is the thing you have to decide.

I assume, of course—I am talking always on the assumption that traffic conditions warrant the construction of subways. I don't know your figures on that, but that can be easily ascertained by proper surveys. Then along with your subway system, the modern up-to-date method is to provide feeders by bus lines. You would be surprised, gentlemen, to see the improvement in the street when you tear up the tracks. The same street, familiar to you, looks just twice as broad, and it improves traffic conditions at least 50 per cent. I have been able to tear up most of the tracks, all of the tracks in Manhattan with the exception of one line. They are clinging to their perpetual franchise. The trolley lines of Brooklyn are clinging to their perpetual franchise, and in Queens we have been able to exchange a 25-year bus franchise for the perpetual trolley franchise. The city trolley lines, as we have found them, are obsolete, cumbersome, silly, noisy, unattractive, insanitary and otherwise useless. I suppose you will gather from that that I don't like trolleys. Well, I don't. But I have heard some of the trolley operators predict that the time is coming when we will go back to trolley lines in the cities. I just can't believe it.

Now, that is our problem in New York City. Now I think you ought to have the maps of our subway system to believe the magnitude of the system, because it is beyond, really, visualizing from a mere statement. Our big problem now is to unify the entire system and bring it all under public operation, and that is my big problem at this time, with which I am meeting with a great deal of political opposition.

Therefore, if I may humbly state from our sad experience, I would say to any city embarking on rapid transit that provision should be made for its operation through a governmental agency, a city agency, providing for its continuity regardless of changes in administration. In other words, overlapping the terms of a commission or any sort of agency to operate the rapid transit system, and separate entirely from politics. Had New York done that 30 years or 35 years ago, I am sure we would not have some of the difficulties we are having.

Now, don't forget that your subways bring people into your city, but they also take people out of your city. You know, it isn't a one-way thing, it is two-way; and it does develop the surrounding territory as it develops the outlying districts of your own city. But it has its advantages, too, because it does bring people into the city, and it does increase business and industries. So, the City of San Francisco—and every time I come here I see such marked improvement—I suppose the next time I come here you will have your subway all built. Don't make the mistake, though—you can't get a subway from Sears-Roebuck. It requires the very best of engineering talent, especially in a city like San Francisco or New York, where you have your build-

ings, and you have your engineering difficulties. You must get the very best engineering talent available anywhere in the country and then, of course, you have to get experience in operation.

Judging from surface conditions, as I see it—and, of course, assuming always that you have the traffic load—and I don't know that—I would say that you ought to start your subways very soon. Now, then, another thing to look after when you start your subways is not to permit in your congested business districts your buildings to go too high, because that creates a new problem for you. That is what has happened in New York City. Don't think that skyscrapers—they are splendid to show to visitors, but they create a serious problem for you, and if I were to start with the experience we have now, 30 years back, then, as you build your subways in your congested industrial business districts, keep your buildings down, because when you have these tremendous skyscrapers dumping 10,000 people at 5 o'clock, you have a problem. So you just want to keep your city well laid out, with proper, intelligent city planning, so you know exactly where your industrial districts are going to be, where your business districts are going to be, where your amusement districts are going to be, and your residential districts are going to be, because if you don't do that, then what is going to happen—and it happened to us and it is costly—is a haphazard rapid transit construction without city planning. You have a constant shift of population, so that at no time could any Mayor of New York ever say that he had sufficient space in schools all over the city. You will find that your population grows quicker than you can build schools. Then it carries along with it, of course, sewage construction, paving and repaving, and that is why I stress the necessity of intelligent city planning, so you know exactly what you are doing and what is going to happen. Easier said than done.

#### Fire Department (Index No. 10).

Fire Chief Charles Brennan appeared in response to request yesterday of Supervisor Uhl, regarding the elimination by the Mayor of appropriation for equipment for Engine House No. 27, Truck No. 6 and Chemical No. 9, and whether or not the department is being kept up to the proper standard. He stated that he was satisfied with the allowance made to the Fire Department, and that savings in salaries gives the department more than enough for any probable contingency.

#### Park Department—Sewage.

Dr. Geiger, Director of Public Health, appeared in response to request of Supervisor Uhl as to the necessity of sewage disposal at the Children's Playground. He declared that from the standpoint of public health it was absolutely necessary that the sewage from the Children's Playground be connected up with the sewer system for proper disposal.

#### Department of Public Works (Index Nos. 45 to 48, inclusive)— County Roads.

Supervisor Shannon explained recommended new positions as follows:

Sheet 2, Line 10, 4 laborers at \$6 a day. Department says present labor force is inadequate.

ANGELO J. ROSSI, Mayor.

CITY AND COUNTY OF SAN FRANCISCO  
OFFICE OF THE CHIEF ADMINISTRATIVE OFFICER

April 30, 1937.

*Subject—Supplemental Budget Requests 1937-38,  
Department of Public Works.*

Hon. Angelo J. Rossi, Mayor, City and County of San Francisco, City Hall, San Francisco.

Dear Mayor Rossi: I am attaching hereto a communication from the Acting Director of Public Works, Mr. S. J. Hester, in which he requests supplemental budget appropriations relative to the County Road Fund and the Special Gas Tax Street Improvement Fund.

This request meets with my approval and I would therefore recommend that you include these items in your budget for the fiscal year 1937-38.

Respectfully yours,

ALFRED CLEARY,

Chief Administrative Officer.

*Moved and carried* that Mayor's recommendations be concurred in with the exception of \$97,500 item for Bay Bridge approach, Sheet 1, Line 21.

*Moved and carried* that La Salle street property purchase be laid over for consideration at 2:30 p. m. today. Finance Committee to report thereon.

**Privilege of the Floor.**

Wm. Coughlin, representing the Associated General Contractors, read a communication from his organization suggesting disposition of so-called County Road Funds.

**Action Deferred.**

Whereupon, the further action was continued on Index Nos. 47 and 48 until the afternoon session.

**County Road Fund Approved.**

Subsequently, in the afternoon session, after hearing A. J. Gallagher on Index 47, Sheet 1, Lines 7 and 8, regarding Traffic Police Department Service and "Stop and Go" signal appropriations, the set-up of the County Road Fund was *approved*.

**Department of Electricity (Index No. 49).**

Supervisor Shannon explained the following changes in this department:

Sheet 3, Line 9, one Line Inspector increased from \$210 per month to \$225 per month.

Sheet 3, Line 13, one Chief Fire Dispatcher, increased from \$250 per month to \$275 per month.

Supervisor McSheehy called attention to Lines 28 and 29, Sheet 3, X-Ray Technicians, at \$135. He declared that these employees desire their entire salary—\$25 is deducted for board and room.

Harold Boyd, representing Federation of Municipal Employees, was also heard. He raised the question as to whether it is legal to deduct from the pay of these men something they don't get and in many cases don't want. Superintendent Wollenberg of the Laguna Honda Home and Leonard Leavy, Controller, were also heard in the matter.

Supervisor Shannon moved reference to the Civil Service Committee of the Board of Supervisors for consideration.

*Motion carried.*

#### Motion.

Whereupon, Supervisor Shannon moved that Index No. 53 be passed as recommended.

*No objection and so ordered.*

**Meat Inspection Fees.**

Leon Morris appeared in response to invitation today to explain deficiency in fees paid for meat inspection. He declared that Butchertown had fulfilled every obligation made to the Board of Supervisors when the inspection ordinance was agreed upon.

This statement was contested by Mr. Rosenberg representing the

Controller's office, who said that the fees paid did not measure up to the cost of the inspection service rendered.

Thereupon, Mr. Morris declared that the butcher industries that he represented are willing to carry out any obligation that they have with the City with regard to inspection costs.

### RECESS.

Thereupon, the Board of Supervisors, at the hour of 5:40 p. m., took a recess until 8 p. m. this evening.

J. S. DUNNIGAN, Clerk.

#### Communication from Mayor—Park Department.

The following was read by the Clerk:

May 2, 1937.

To the Honorable the Board of Supervisors,  
City Hall, San Francisco.

Gentlemen: Your letter of the 21st with reference to wages in the Park Department has been given consideration.

It is herewith requested that your Honorable Board increase my recommendation Index No. 12, Sheet 1, Line 4, by adding \$30,000 for

the purpose of providing for increasing wages in the lower brackets of this department.

In my original recommendation under this same index sheet and line number, recommendation was made for \$50,000 more for wages for this same purpose. In order to provide this total of \$80,000, which will be used exclusively for this purpose, I recommend to your Honorable Board that this total be set up under separate caption in the Appropriation Ordinance.

Respectfully,

ANGELO J. ROSSI,  
Mayor.

May 21, 1937.

Hon. Angelo J. Rossi, Mayor, City Hall.

Dear Mayor: The Board of Supervisors in session adopted the following motion unanimously by Supervisor Mead, seconded by Supervisor Reilly:

"We advise the Mayor that evidence before us discloses that the amount allowed for wages for laborers and gardeners employed in the Park Department is lower than the wage rate for this class now paid in private employment, and that subscribing to the principle of the prevailing wage and restoration, we suggest to the Mayor that if he will recommend the amount required to pay the prevailing wage rate, namely an additional \$38,000, this Board will concur."

The Board respectfully requests a reply and recommendation this afternoon if possible.

Respectfully,

J. S. DUNNIGAN, Clerk.

#### Motion.

Supervisor Shannon moved that Index No. 12, Sheet 1, Line 4, Column 25 be increased from \$745,139 to \$775,139 and that the item be set up in Column 28 at \$769,739. Also, that \$80,000 be set up in the Appropriation Ordinance.

Motion *carried*.

#### Yacht Harbor Improvement.

The following was also read by the Clerk:

May 11, 1937.

To the Honorable the Board of Supervisors,  
City Hall, San Francisco.

Gentlemen: I have been requested by the Park Commission, through its President, that reconsideration be given to the Park Commission, Line No. 6, Budget, Page 12, a—Yacht Harbor Improvement—\$20,000.

Through a misunderstanding, this item was eliminated and I most respectfully request that inclusion in the budget of this item be allowed.

Respectfully,

ANGELO J. ROSSI, Mayor.

Office of the  
PARK COMMISSIONERS,  
San Francisco, California.

May 5, 1937.

The Honorable Angelo J. Rossi, Mayor, City Hall, San Francisco, California.

My Dear Mayor: It is respectfully requested that you reconsider Item No. 6, Page 12-A (Yacht Harbor Dredging—\$20,000), of the Budget Estimate of Proposed Expenditures of the Board of Park Commissioners, and recommend the same to the Honorable Board of Supervisors.

Very truly yours,

(Sgd) HERBERT FLEISHHACKER,  
President.

Not allowed in budget. If decision is to recommend, will require letter to Board of Supervisors to insert.

LEONARD S. LEAVY,  
Controller.

**Motion.**

Supervisor Shannon moved that Index No. 12, Sheet 12A, Line 6 be amended to read \$20,000 for Yacht Harbor Improvement.

*Motion carried.*

Supervisor Uhl moved that \$6,000 be inserted in the proper place for sewer work at Sharon Playground, Golden Gate Park.

No objection and *so ordered*.

Whereupon, Supervisor Shannon moved that the Park Department, Index No. 12, be passed as amended and recommended.

No objection and *so ordered*.

**War Memorial (Index No. 15).**

The Clerk read communication from Harold Boyd, Trustee War Memorial, to Mayor Rossi and Board of Supervisors recommending increase for Electrician from \$237.50 to \$250 per month, and an increase for Elevator Mechanic from \$251 to \$280 per month, which increases were approved by the Mayor to meet prevailing wages in similar outside employments.

**Motion.**

Supervisor Shannon moved that Index No. 15, Line 12, Sheet 2 be amended to read: one Electrician, \$250 per month, and Line 14 to read: one Elevator Mechanic at \$280 per month.

*Motion carried.*

Whereupon, Supervisor Shannon moved that the War Memorial, Index No. 15, be passed as amended.

No objection and *so ordered*.

**Communications from Mayor—Municipal Courts.**

May 21, 1937.

To the Honorable the Board of Supervisors,  
City Hall, San Francisco.

Gentlemen: Please refer to budget for the Municipal Courts, Index No. 20, Sheet 2, Line 7:

12 Court Room Clerks at \$200 per month.

Through an inadvertency a proposed increase to \$210 per month each was omitted. This increase of \$10 per month per person was recommended by the Presiding Judge of the Municipal Courts and the Clerk of the Courts.

It is now recommended that the item be changed to read:

12 Court Room Clerks at \$210 per month.

Respectfully,

ANGELO J. ROSSI, Mayor.

**Motion.**

Supervisor Shannon moved that Index No. 20, Sheet 2, Line 7, be amended to read: 12 Court Room Clerks at \$210 per month.

No objection and *so ordered*.

**Communication from Judge Boden re Salaries Courtroom Clerks.**

The following was also read by the Clerk:

May 17, 1937.

Honorable Angelo J. Rossi, Mayor, City Hall, San Francisco, Calif.

Dear Mayor Rossi: I am on the Overland Limited on my way to Washington and New York on my annual vacation, but I want to take

this opportunity to urge you to grant the request made by Mr. Robert W. Dennis, Clerk of the Municipal Court, and myself, that the six deputy clerks in the low brackets, now getting \$155 per month be raised to \$175 per month.

I understand that the Finance Committee through Supervisor Warren Shannon will recommend to your Honor that these increases be granted and while I am sorry I had to leave before seeing you again personally on the matter, I am taking this means of asking your favorable action.

Such action on your part will go far in keeping the morale of the Municipal Court clerks at a high level, and will certainly add to the efficiency of our department.

With all good wishes personally, and sincere thanks for your kindly consideration in the past, I am,

Very respectfully yours,

(Signed) CHARLES R. BODEN,  
Presiding Judge.

Approved, ANGELO J. ROSSI.

### Motion.

Supervisor Shannon moved to increase as follows:

Index 20, Line 18, Sheet 2, two General Clerks, from \$155 to \$175 per month.

Index 20, Line 21, Sheet 2, two General Clerk-Typists from \$155 to \$175 per month.

Index 20, Line 22, Sheet 2, two General Clerk-Typists from \$155 to \$175 per month.

Index 20, Line 17, Sheet 2, two General Clerk-Typists from \$155 to \$175 per month.

No objection and *so ordered*.

Whereupon, Supervisor Shannon moved that the Municipal Courts Index No. 20, be passed as amended.

### Recorder (Index No. 30).

MAYOR'S OFFICE,  
200 City Hall.

May 21, 1937.

The following were read by the Clerk:  
To the Honorable the Board of Supervisors,  
City Hall, San Francisco.

Gentlemen: I have been requested by the Director of Finance and Records, through the Chief Administrative Officer, to recommend the following changes in the Recorder's Budget:

Sheet 2 of 3, Line 5, B222, General Clerk at \$215 per month, increase employments from three to four.

Sheet 2 of 3, Line 15, Eliminate one General Clerk at \$155 per month.

Respectfully yours,

ANGELO J. ROSSI, Mayor.

May 11, 1937.

Hon. Alfred J. Cleary, Chief Administrative Officer,  
City Hall, San Francisco, Calif.

Dear Mr. Cleary: In the preparation of the Recorder's Budget for 1937-8, I was informed by Mr. D. J. McGloin, Chief Clerk of that office, that G. M. Schiller, a General Clerk at \$215 per month, would retire on May 1, 1937, due to illness. Mr. Schiller had been sick for a long time. On this information, the position was eliminated from the budget and a General Clerk at \$155 was inserted instead. Since that time Mr. Schiller has returned to work.

I would therefore ask that you request his Honor the Mayor to

recommend to the Board of Supervisors the following changes in the Recorder's Budget:

Sheet 2 of 3, Line 5, B222, General Clerk at \$215 per month, increase employments from three to four.

Sheet 2 of 3, Line 15, Eliminate one General Clerk at \$155 per month.

Respectfully yours,

ARTHUR E. CURTIS,  
Director, Department of Finance and Records.

### Motion.

Supervisor Shannon moved approval of the Mayor's recommendations.

No objection and *so ordered*.

Whereupon, Supervisor Shannon moved that Recorder, Index No. 30, be passed as recommended.

No objection and *so ordered*.

Respectfully,

Approved.

(Signed) ANGELO J. ROSSI,  
Mayor.

May 19, 1937.

Honorable Angelo J. Rossi, Mayor,  
City and County of San Francisco.

Subject: Budget 1937-38.

Dear Mayor Rossi: I am attaching hereto the following letters regarding the budget for the fiscal year 1937-38:

*Department of Public Health.*

May 15, 1937, requesting increase in Contractual Service from \$2,400 to \$3,000 on Index 50.16, Sheet 1, Lines 3, 7, 8; to provide transportation for two physicians.

*Department of Public Works.*

May 15th, requesting an increase in salary of one Civil Engineer Inspector from \$225 to \$250 per month.

May 15th, requesting the appropriation of \$577,477 of the unappropriated balance remaining in the 1933 Sewer Bond Issue.

May 18th, requesting an increase in the Appropriation for Personal Services in the Bureau of Sewer Repair.

This increase is requested to provide an additional sum of \$14,093 to cover the increased rate for Cribbers and Sewer Cleaners, provided the Civil Service Commission recommend such an increase be made and the Board of Supervisors approve the recommendation.

*Purchasing Department.*

Requesting an increase in salary, \$10 per month, for two tabulating machine operators.

*Department of Finance and Records—Recorder's Office.*

Asking that you reinstate the original request of \$7,500 to provide for temporary employments during the year.

I concur in all of these requests and ask that the changes be recommended by you to the Board of Supervisors.

Sincerely yours,

(Signed) ALFRED J. CLEARY,  
Chief Administrative Officer.

May 18, 1937.

Subject: Supplemental Budget Requests, 1937-38.  
Department of Public Works.

Mr. Alfred J. Cleary, Chief Administrative Officer.

Dear Mr. Cleary: I respectfully submit herewith for your approval the following supplemental budget requests:

*Bureau of Sewer Repair.*

Appropriation 743, Sheet 2, Line 15—Cribbers: Increase rate from \$7 per day to \$8.80 per day. Total increase, \$9,860.

Appropriation 743, Sheet 2, Line 16. Sewer Cleaners: Increase rate to \$9.50 per day. Total increase, \$4,233.

The above requests, if approved, will increase the Sewer Repair Bureau Budget by \$14,093.

Very truly yours,

(Signed) S. J. HESTER,  
Acting Director, Department of Public Works.

May 15, 1937.

Subject: Supplemental Appropriation Budget, 1937-1938,  
Department of Public Works.

Mr. Alfred J. Cleary, Chief Administrative Officer.

Dear Mr. Cleary: It is respectfully requested that you recommend to the Mayor that the sum of \$577,447 be set up in the budget for 1937-38, for contractual purposes in connection with the Richmond-Sunset Sewage Treatment Plant.

The above amount is the unappropriated balance remaining in the 1933 Sewer Bond Issue.

This recommendation is by request of the Controller.

Very truly yours,

W. H. WORDEN,  
Director, Department of Public Works.  
(Signed) S. J. HESTER,  
Acting Director.

May 15, 1937.

Subject: Supplemental Appropriations, Budget 1937-38.  
Department of Public Works.

Mr. Alfred J. Cleary, Chief Administrative Officer.

Dear Mr. Cleary: I respectfully submit herewith for your approval, and transmission by you to the Mayor, the following supplemental budget requests:

*Bureau of Engineering—Interdepartmental Service.*

Very truly yours,

W. H. WORDEN,  
Director, Department of Public Works.

(Signed) By S. J. HESTER,  
Acting Director.

FRIDAY, MAY 21, 1937.

May 15, 1937.

Honorable Angelo J. Rossi, Mayor,  
City and County of San Francisco.

My Dear Mayor Rossi:

Through Mr. Alfred J. Cleary, Chief Administrative Officer.

Referring to your budget for the fiscal year 1937-38. San Francisco News.

Page 33, Index 50.16, Sheet 1, Lines 3, 7, 8; Contractual Service, \$24,000.

This amount was reduced from \$3,300 as we asked for automobile hire for the eleven physicians requested. One will not receive automobile hire and should not require it. The Chief Administrative Officer recommended a decrease of two physicians at \$150 and the requested allowance for automobile hire was reduced accordingly. The reduction of two physicians has been changed and the original request of four at \$150 per month has been restored. We therefore ask that the restoration of these two physicians be accompanied by their automobile allowance, increasing the above figure of \$2,400 to \$3,000.

Sincerely,

(Signed) J. G. GEIGER, M. D.,  
Director of Public Health.

May 18, 1937.

Hon. Alfred J. Cleary, Chief Administrative Officer, City and County of San Francisco.

Dear Mr. Cleary: In the Recorder's Budget for 1937-8 you approved \$7,500 for the employment of Temporary General Clerk Typists. This amount was reduced by the Mayor to \$1,500, a reduction of \$6,000. I am writing to ask that you request the Mayor to recommend to the Board of Supervisors the restoration of this item to \$7,500, and submit the following statement:

All averages based on the four-week period from April 16 to May 13, 1937, inclusive. Fiscal year 1937-8.

Very truly yours,

(Signed) ARTHUR E. CURTIS,  
Director, Dept. Finance and Records.

Index No. 30—Recorder:

Sheet 2, Line 19, increase amount for Personal Services, temporary from \$1,500 to \$7,500. Increase of \$6,000.

Note—The estimated revenues for this department, even with the added permanent employments and this increase in temporary services, will more than offset the total cost of Recorder's Office.

Index No. 33—Purchasing:

Sheet 2, Line 6, amend to read: Two tabulating machine operators at \$165; one tabulating machine operator at \$155. Increase of \$10 per month for two operators who have been in the department about 12 years. Total increase, \$240.

Index No. 40—Department of Public Works—Engineering:

Sheet 9, Line 10, civil engineering inspectors increased from four to five at \$250.

Sheet No. 9, Line 11, reduced civil engineering inspectors from 28 to 27 at \$225.

Sheet No. 1, add new item on recapitulation sheet (page 1), covering unappropriated balance remaining in 1933 Sewer Bond Fund, \$577,447.

(Note for Warren Shannon: Has no bearing on budget pertaining to tax rate.)

Index No. 43—Department of Public Works—Sewer Repair.

Sheet 2, Line 15, amend to read: 22 cribbers from \$7 to \$8.80 per day. Increase, \$9,860.

Sheet 2, Line 16, amend to read: 17 sewer cleaners from \$8.50 to \$9.50. Increase, \$4,233.

Total increase, \$14,093.

Index No. 5—Department of Electricity:

Sheet 3, Line 18, now reads, one E116, superintendent of plant at \$300. Wiley will have to recommend through Cleary. Can be increased to \$325 per month.

CITY AND COUNTY OF SAN FRANCISCO.

CIVIL SERVICE COMMISSION, City Hall.

May 20, 1937.

To the Honorable, The Board of Supervisors, City Hall, San Francisco.

Gentlemen: Attached hereto is copy of a resolution adopted by the Civil Service Commission at its regular meeting held May 19, 1937. The resolution refers to the amendment of wage rates for Class O 204 cribber and Class O 210 sewer cleaner.

Very truly yours,

CIVIL SERVICE COMMISSION,  
JAS. J. MAHER, Secretary.

Whereas, the Civil Service Commission has had under consideration the request of the cribbers and sewer cleaners for a revision of wage scales as indicated for their classes in the April 9, 1930, report; and

Whereas, certain information regarding wages paid for cribbers in private employment has been presented to the Civil Service Commission; and

Whereas, consideration has been given to the hazardous and unwholesome aspect of the work performed by sewer cleaners and their relationship to other classifications; now, therefore, be it

Resolved, That the Civil Service Commission hereby amends the April 9, 1930, report to change the rate fixed for Class O 204 Cribber from Seven Dollars per day to Eight Dollars and Eighty Cents per day for an eight-hour day; and be it

Further Resolved, That the Civil Service Commission hereby amends the April 9, 1930, report to change the rate for Class O 210 Sewer Cleaner from Eight Dollars and Fifty Cents per day to Nine Dollars and Fifty Cents per day; and be it

Further Resolved, That a copy of this resolution be forwarded immediately to the Board of Supervisors with the request that the Board of Supervisors approve our action in amending the April 9, 1930, report as set forth herein.

### Motions.

Supervisor Shannon, thereupon moved that Department of Health, Index 5016, Contractual Service be increased from \$2,400 to \$3,000 on Sheet 1, Lines 3, 7 and 8 to provide transportation for two physicians.

E108 Electrician—Appro. to be transferred to R. E. Department changed from \$1,425 to \$1,500.

It is my understanding that the Board of Supervisors are meeting in special session to consider the adoption of recommendations made by department heads to provide for the above increases.

I concur in the requests of the department heads in this matter and suggest that you recommend these increases to the Board of Supervisors.

Respectfully yours,

(Signed) ALFRED J. CLEARY,  
Chief Administrative Officer.

Approved: (Signed) ANGELO J. ROSSI.

May 24, 1937.

Honorable Angelo J. Rossi, Mayor, City and County of San Francisco.

Dear Mayor Rossi: In my recommendation to you under date of May 22nd concerning changes in rates paid certain employments in the building trades, I call your attention to an item in the Department of Public Works—one plumber (foreman) increased from \$11 to \$12 per day. I have been informed now by the Department of Public Works that this recommendation should read "increase from \$275 to \$300 per month."

Will you please recommend to the Board of Supervisors that change in the budget be made accordingly.

Respectfully yours,

(Signed) ALFRED J. CLEARY,  
Chief Administrative Officer.

Approved: (Signed) ANGELO J. ROSSI.

### Motion.

Supervisor Shannon moved approval of the Mayor's recommendations.

Motion *carried*.

### Health Department Food Inspection (Index No. 50.11).

The following recommendations of his Honor the Mayor were made by the Clerk:

May 24, 1937.

Honorable Angelo J. Rossi, Mayor, City and County of San Francisco.

Dear Mayor Rossi: In consideration of the budget request from the Health Department, the Board of Supervisors reduced the number of Food and Restaurant Inspectors on Index 50.11, Sheet 2, Line 5, from seven at \$200 to four at \$200, and Line 8, four Assistant Chief Food Inspectors to three Assistant Chief Food Inspectors at \$225.

I believe that the Board of Supervisors in making these reductions were under the impression that the creation of new positions of Assistant Chief Food Inspectors would automatically reduce the next lower rank by the number of promotions. However, in making my recommendations to you I omitted the positions in the next lower rank and, therefore, the action taken by the Board of Supervisors in further reducing these positions will eliminate employments that now exist and that have been permanent in this budget for sometime past.

I, therefore, request that you recommend to the Board of Supervisors that Line 5, Sheet 2, Index 50.11, be increased to read seven Food and Restaurant Inspectors at \$200, and Line 7, Sheet 2, Index

50.11, be increased to read three Food and Restaurant Inspectors at \$175.

Respectfully yours,

(Signed) ALFRED J. CLEARY,  
Chief Administrative Officer.

### Privilege of the Floor.

Thos. Toomey, Executive Secretary, Chief Administrative Officer, said: "When the budget was originally submitted, provision was made for four additional positions of assistant food inspector at \$225 per month. The Chief Administrative Officer reduced the number of food and restaurant inspectors by four positions and the Board in considering the budget further reduced the number by an additional four which would eliminate four positions from the budget that now exist. The matter can be corrected by restoring three positions of food and restaurant inspectors on line 5 to the original recommendation of seven, and by increasing the number of food and restaurant inspectors on line 7 at \$175 per month to three instead of two."

### War Memorial.

The following was read by the Clerk:

San Francisco, May 24, 1937.

Honorable Angelo J. Rossi, Mayor, and the Honorable the Board of Supervisors, City and County of San Francisco.

Gentlemen: This department is advised that the Civil Service Commission has ascertained the prevailing rate of wages for E-108 Electricians to be \$10 per day, equal to \$250 per month, and that for E-130 Elevator Mechanics to be \$11.20 per day, equal to \$280 per month.

In order to comply with this standardization of wage rates for the respective classifications mentioned, this department requests that the following changes be made in the budget allowance for the fiscal year 1937-38:

#### *Index 15—Appropriation 715—Sheet 2.*

Line 12, 1 E-108 Electrician, salary rate to be \$250 per month, an increase of \$30 per month (\$360 for the year).

Line 14, 1 E-130 Elevator Mechanic, salary rate to be \$280 per month, an increase of \$60 per month (\$720 for the year).

Totals on Line 18 and appropriate totals and sub-totals in recapitulation to be changed accordingly.

Sincerely,

SELBY C. OPPENHEIMER,  
Managing Director.

**Motion.**

Supervisor Shannon moved that the Mayor's recommendation be approved.

No objection and it was *so ordered*.

**Recommendations of Civil Service Commission.**

SUPERVISOR SHANNON: Mr. Wolff wants the privilege of the floor. I move the privilege of the floor to Mr. Wolff of the Civil Service Commission.

SUPERVISOR UHL: I second the motion.

MR. WOLFF: Mr. President, and members of the Board: I came out here this morning simply to advise you and advise with you. At the outset I would like to tell you that as far as the Civil Service Commission is concerned, we are minded like yourselves, and like the Mayor, and like all the people who see the trend of the times and the improvement in business, that people in the city employ should have an opportunity to secure increases in salary the same as others, but all of us, and the Board of Supervisors are not excluded, have mandates from the people as expressed in our charter, and each one of us in our own way must obey and should be willing to obey, and should be anxious to further those mandates. There are some things that are just as distasteful to us as they are to anyone else; we are equally as human as the balance, and we know when we are cussed, and we know buck-passing, but we are here this morning to give our objections that when and if the thing is passed to us, it won't get by us. We have certain definite positions that we must take under the Charter, and here is the situation that confronts us and confronts you:

Under Section 71 of the Charter it is specifically provided that no salary set forth in the 1930 schedule shall be increased save and except, if and when standardization of salaries shall take place. Section 151 of the Charter provides how standardization of salaries shall take place, and nothing else shall take its place; how that the Civil Service Commission of San Francisco shall go out—and there is nothing in there that says it shall set aside everything else and shall sit there, but when it has the time, and opportunity, and ability, to go out into private industry and make a survey, and after we have made an honest survey—not a fake one—in an attempt to circumvent Section 71—but an honest survey, and we are able to come to this Board honestly, not because of our desire to favor someone, and we are

just as anxious to favor as anyone else. We have our friends and we would like to make a few more, but we won't at the sacrifice of our conscience—that we then should come to the Board and say, "Here is what we have found: we have found that in private industry this is what is being paid in this particular position, and we recommend to you that you standardize the salary accordingly." That is all. If you adopt it, that is that. What happens after that is a matter between the appointive power and this Board. If the appointive power recommends the increase in salary, and you approve it, it is all right with us. We are not recommending increases in salary. We are not recommending nor deprecating increases in salary. We just occupy a position of informants to you. This Section 151 says if you don't like our recommendations, you may amend them, but when you amend them you must send them back to us for our recheck, but that you can not pass it, and that we must bring it back here. That is not because we want any power. We didn't ask for this, this was made by the people and given to us. We didn't ask for it. We didn't set this thing up. It specifically provides that you cannot make any increases in salary until that is done.

We went out originally with the idea that we couldn't standardize this salary in the City and County unless we standardized all the salaries right up and down the line; those that are high, we were supposed to discover, if they didn't fit the bill—if there are any such in the City Hall. We don't know yet, because we haven't made an investigation. Rumors have it, but we have no definite facts that we can base it on. Then with our law we were supposed to recommend increases. And so, we started out on a plan to get the information, and we worked for several months. Our idea was that we were not going to give this to the Board at all until we had made a complete survey of every employment in the City Government. We called in from every source we could, labor, chambers of commerce, women's organizations from every group and we formed a standardization of salaries committee so that we could work with them, representing all the elements that would be interested in the subject matter in the City and County of San Francisco; and we would submit to them our findings from time to time and get their reaction to it. If they approved, we took them back and put them down in our book until the time came and we would have it all ready. Then the question arose and was submitted by way of a request made to the City Attorney—because certain groups maintained that it was not necessary to wait until the entire survey had been made—we submitted a request for an opinion of the City Attorney, and he ruled and told us that we had a right to submit to this Board related classes, we did not have to wait for the entire survey of all the employees, that we could submit related classes. So we then undertook to submit to you all of the information that we had obtained up to that time, all the related classes, which included the building trades. We had made the investigation, so we said, "Here. All right, if we can do that, here you have all we have got, all we have been able to do up to the present time." During which time, gentlemen, may I say to you we have not been sitting around rocking in any chairs. We have been going out and making surveys in the departments at the request of the City Government—we have been holding one hundred or more examinations every year, and that is nobody's small job, and we have had 90 to 100 matters every week on our calendar.

**SUPERVISOR UHL:** How many?

**MR. WOLFF:** Ninety to 100 every week. We don't just sit around there and look at each other. We have got a job—and we get the magnificent salary of \$100 a month. If somebody would standardize ours a bit, it wouldn't be bad either—upward, I should say.

However, we sent in here on May 13th to you a letter and I don't know whether you gentlemen have passed it or not—if you haven't, there is going to be trouble, because your whole procedure will be

illegal. In other words, you can't raise salaries that come under the 1930 schedule until you have standardized them, and you can't standardize them until we recommend the standardization to you. You can turn our standardization down if you want to, you can amend it if you want to, but you have to send the amendment back. The charter says so. And until we both get together and agree on something that is correct, you can't standardize the salaries; if you do standardize it, you can't raise the salary. So we sent you on May 13th a long letter in which we gave you all the facts, and we gave you the positions.

SUPERVISOR UHL: Was that addressed to each member of the Board?

MR. WOLFF: Addressed to the Board of Supervisors, the same as addressing it to each member.

SUPERVISOR UHL: May I ask through the clerk is that here?

THE CLERK: That is here.

MR. WOLFF: May I say if that is not adopted—I am just a fellow who holds a license to practice law for several years—I don't think your raise in salaries means anything unless you have adopted this because this has to be adopted as the standardization of salaries. All of these salaries are in the 1930 schedule, and the Charter says you cannot raise a one of them until there is standardization. And now we say, here, these are a subject now for standardization. If you pass it after you pass standardization of salaries, then you can raise the salary, if you will do it. That is up to the Board. I assume you will do it correctly, properly, and wisely, but that is the procedure.

The next point I am trying to get at: there were a number of other positions that came up here—and it is not personal—if we have the ability and time to do these things, we might go along with you, but we can't do the impossible. We sent you a letter on May 20th in which we called attention to a number of positions and we understand that since that time there are others that have come in from departments with whom we are very friendly, but that makes no difference to me. The point is that these positions are all under the 1930 schedule, and there is no way of increasing beyond that schedule, and we have called your attention to the fact that in some instances the schedule is up to the limit, in others, they can be raised \$25, others \$50, but they are all of them asking for more than the schedule. We have told you we have had no opportunity to look into these things, as to standardizing the salaries, we have not recommended it. We won't tell you it is correct because we haven't looked into it. Therefore, if you raise the salaries contrary to our recommendation to you—and we are simply informing you it is illegal—in Section 71 of the Charter we are required to pass on the payroll—and I say to you now that if that payroll comes around, if you do it, we will stop it, and we will never change that stoppage, not by my vote. There will be no hollering, talking and asking at my desk or my telephone—and I am sure my colleagues will go along—to try and fix that thing up because it is illegal.

SUPERVISOR UHL: May I ask you why didn't you bring that to our attention when we started budget making?

MR. WOLFF: I am coming out here, Supervisor Uhl, because we have given it to you. I gave it to you on May 13th and on May 20th. If you didn't follow it, and I was told you haven't—I have given up my practice of law where I make my living, and I left a client sitting in my office, as they will tell you, to come out here and speak of this thing, because if you put it through and it comes to us with an increase in salary, and we see it is not according to the law, we will stop the salary, and then everybody will say, "Oh, what a terrible Civil Service Commission." We will have to say, "What a terrible Board of Supervisors." And others will say, "What a terrible somebody else." I will tell you now, let's not be terrible.

SUPERVISOR McSHEEHY: Mr. President, may I interrupt you—I think at this time we ought to send for our City Attorney.

SUPERVISOR SHANNON: I have just sent for him, but he is not in.

MR. WOLFF: May I tell you this, Supervisor, if it will be of any help: Last Wednesday I sent for the City Attorney and asked him some questions because of this situation—and we asked him these questions. I asked him first: Have you changed your viewpoint? because he had given us his opinion before, "That under Section 71 no salary contained in the 1930 compensation setup can be increased." He said, "No, that is the law." And "Fine! Have you changed your viewpoint that so far as the 1930 setup is concerned we can't even change the salary range?" He said, "No, that is correct, that is the law." And "All right. Is it correct then that the only way those in the 1930 schedule can be increased over and above the setup in that schedule is by standardization of salaries, if the increase is justified by a survey?" He said, "Yes, that is correct." I said, "John—because we are friendly—I said, 'have we a right to just ipso-dipsy send the Supervisors a letter saying we recommend this to be standardized as such, or must we under the Charter make a real survey of the community to find out whether it is a correct salary?'" He said, "If you have not made a survey you have no right to make any recommendations." I said, "That is fine. That is that." So, that ended the situation. So we called attention to a few of our friends—I say they are justly our friends—who were asking for increases beyond the 1930 schedule, I said they could not get it because we have made no survey, that we never dreamed the thing was coming up.

SUPERVISOR McSHEEHY: May I ask a question along those lines? A great many salary raises were made by his Honor the Mayor; in fact, they all emanated from his office. Is he conversant with your statement that you have so ably spoken here?

MR. WOLFF: I don't know that he is conversant with it other than the fact that he knows we are working on standardization of salaries. As to whether or not he is so advised as to how far we have been able to complete our work, I don't know. We did not undertake to go into the subject matter of the increase of salaries in the Supervisors' office because you know how that is—because we didn't feel as though we wanted to be involved in that question. We were satisfied that if the Mayor and the Board of Supervisors, and the appointive power felt the increase should be offered we were satisfied that it ought to be done. We have no complaints with increases in salary, none at all. All we say is that it can't be done legally. Then, why do it?

SUPERVISOR McSHEEHY: May I ask another question, How do you justify yourself with reference to OK'ing payrolls of increases of salary that have been made since 1930?

MR. WOLFF: We have not OK'd any increases in payrolls, we have not OK'd a payroll at any time that was not in accordance with the law.

SUPERVISOR McSHEEHY: Now, Mr. Wolff, as a layman—when I say payrolls—there have been salaries of employees of our City Government, salaries have been increased, authorized by the Mayor and sanctioned by this Board in the past, and their names were on the payrolls.

MR. WOLFF: Yes, but I might explain to you, Supervisor, this—I would have to explain it in this fashion, because I don't know the individuals referred to.

MR. McSHEEHY: I am not talking of any individual.

MR. WOLFF: The City Attorney, Mr. O'Toole, ruled as follows: He said the Civil Service Commission can not change the salary range of those appearing in the compensation setup of 1930, but subsequent to 1930 a number of positions were created by the Board of Supervisors, and we were asked first by the appointive power to

classify the job. We classified it. When asked to set up a salary range, we set up a salary range. It came to the Board of Supervisors and you determined the job to be set up. You said, "Here is the classification, we favor the bill; you folks set up the job and set the salary." The City Attorney, Mr. O'Toole, ruled that on all jobs created subsequent to 1930 we could change the salary range, that was within our power, because it was not a part of the Charter, and there have been a few instances where the Board of Supervisors have—and there are a few instances—on those occasions before the Board of Supervisors—I refer, for instance—I can't give it to you, but I can give you one position: Mr. Richardson, one position where we have raised the salary range; because we have said this is the minimum and this is the maximum, and within that salary range the Board of Supervisors can set up any salary you see fit to set up. Those are the only instances where salaries have been increased that we have passed the payrolls, but where they have come in otherwise we have followed out that procedure. There are circumstances that they haven't been paid, gone back in the City Treasury.

SUPERVISOR UHL: I would like to ask a few questions. If, for example, Mr. Leavy—or the case where our own clerk is involved, what are you going to do in his case, where he has been receiving \$500 and the Board has seen fit to advance him to \$600 per month, and we understand your brown book is \$550, what are you going to do in a case of that kind?

MR. WOLFF: Unfortunately—I was hoping that that would not be brought up because I don't know of an individual who has a higher regard for your clerk than I have, but the fact of the matter is that he and I, and all of us, must be bound by the letter. That is the best I can say on that subject, that \$550 is the limit. We have not been able to look into the matter of standardization of salary on that thing at all. We made one attempt—we were not trying to sit down on the job—we made one attempt and we stopped there, because we felt we wanted more information before we would do any harm. We sent to Los Angeles to find out—we thought that was a big city, and we hoped it would be favorable—we were hoping they were paying \$800. Los Angeles sent back and said, "We are paying our clerk \$500." We stopped there, we felt it would be preferable to leave it alone at the 1930 schedule because we didn't want to standardize down.

SUPERVISOR UHL: In other words, there was no standardization on that position?

MR. WOLFF: No, there wasn't, because we felt that \$500 a month was not a fair setup. You know, we can standardize down, Supervisor. There is nothing in the Charter that says we must standardize up. We could have come in here, and said, we have found out they pay only \$500 in Los Angeles, that that would have been our viewpoint is not altogether the correct idea.

\* \* \* \* \*

SUPERVISOR UHL: How many are involved here where we have exceeded the 1930 schedule, have you a list of them?

MR. WOLFF: Yes, we sent a letter to you of May 20th and we have therein listed everyone. Since that time we have had a blacksmith helper come in here and some others which are on a par. We were not even asked about those. Those have come in since without even asking us.

SUPERVISOR UHL: I think what is in order is the reading of this correspondence. It has never been read to us. If it has come in here with correspondence, we should certainly know where we stand on this matter. Therefore, I move that the correspondence of the Civil Service Commission be read to us.

THE CLERK: I have it here.

MR. WOLFF: If you don't read at least May 13th and pass on all of them, the rest will be illegal, and I will stop that in the payroll.

SUPERVISOR SHANNON: Mr. Chairman, it is plain to be seen we are not going to get through with this matter in a minute. I

want to hear from the City Attorney and the Controller. Therefore, I am going to move a recess until 2 o'clock.

SUPERVISOR McSHEEHY: Just a moment. Won't you allow this clerk to read the correspondence?

SUPERVISOR SHANNON: Why delay by reading the correspondence? If we have the matter fresh in our minds, we can continue it but if we read the correspondence now, then we will have to have the City Attorney here and possibly read it again. I have made some appointments today, and I only have an hour and three-quarters to keep these appointments and get back here.

SUPERVISOR McSHEEHY: All I will ask for is to read the correspondence.

### **Authorizing Exchange of Lands With John P. Cosgrove.**

(Code No. 12.1743)

Also, Bill No. 1327, Ordinance No. 12.17432, as follows:

Authorizing exchange of lands with John P. Cosgrove.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to Section 92 of the Charter of the City and County of San Francisco, the Director of Property, in lieu of sale, is hereby authorized and directed to arrange for trading certain City-owned land hereinafter referred to as Parcel "A" to John P. Cosgrove in exchange for Parcels 1 and 2 hereinafter described.

Section 2. Said Parcel "A" is that certain tract of land situated in the City and County of San Francisco, State of California, and more particularly described in Ordinance No. 12.17298, Bill No. 1297, approved by the Mayor of San Francisco on April 27, 1937, which tract of land was proposed to be sold under the provisions of said Ordinance No. 12.17298.

Section 3. The Director of Property has made an appraisal of all of said real property and estimates the value of Parcel "A" to be equal to the value of Parcels 1 and 2.

Section 4. Parcels 1 and 2 hereinbefore referred to are situated in the City and County of San Francisco, State of California, and are more particularly described as follows:

PARCEL 1. Commencing at a point on the southwesterly line of Harvard street, distant thereon 100 feet southeasterly from the southeasterly line of Wayland street; running thence southeasterly along the southwesterly line of Harvard street, 100 feet; thence at a right angle southwesterly 120 feet; thence at a right angle northwesterly 100 feet; thence at a right angle northeasterly 120 feet to the southwesterly line of Harvard street and the point of commencement.

Being a portion of Block No. 165, University Extension Homestead Association.

PARCEL 2. Commencing at a point on the southwesterly line of Arleta avenue, distant thereon 275 feet northwesterly from the northwesterly line of Elliot street, running thence northwesterly along the southwesterly line of Arleta avenue, 25 feet; thence at a right angle southwesterly 100 feet; thence at a right angle southeasterly 25 feet; thence at a right angle northeasterly 100 feet to the southwesterly line of Arleta avenue and the point of commencement.

Being a portion of Block No. 16 of the Reis Tract.

Section 5. The Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute the necessary deed for the conveyance of Parcel "A" to John P. **Approving Illness or Disability Leave of Absence Rule of Civil Service Commission.**

(Code No. 4.052)

On recommendation of Civil Service Committee.

Bill No. 1333, Ordinance No. 4.0521, as follows:

An ordinance approving Rule 32 of the Civil Service Commission providing for leaves of absence due to illness or disability, as required by section 153 of the Charter of the City and County of San Francisco. Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Rule 32 of the Civil Service Commission of the City and County of San Francisco providing for leaves of absence to officers and employees due to illness or disability, which said rule is herein set forth is hereby approved, said rule being in words and figures following, to-wit:

*"Rule 32. Sick Leaves and Disability Leaves, With Pay.*

*"Section 1. General Requirement.* The officers and employees of the City and County of San Francisco shall be entitled to sick leaves with full pay, and disability leaves in accordance with laws, rules and regulations of the Retirement Board, subject, however, in both instances, to the provisions of this rule.

*"Section 2. Definition of Sick Leave.* A leave of absence granted under this rule, because of illness or injury, and not covered by section 3 of this rule, shall be known as a 'sick leave.'

*"Section 3. Definition of Disability Leave.* A leave of absence granted under this rule for one of the following causes shall be known as a 'disability leave':

*"(a)* Absence due to quarantine established and declared by the Department of Public Health or other competent authority.

*"(b)* Absence necessitated by death of mother, father, husband, wife, child, brother or sister; provided that in such case the leave shall not extend beyond the date of burial of said deceased person.

*"(c)* Absence necessitated by death of other relatives; but leave with pay in such cases shall be for not more than one day to permit attendance at the funeral of said person.

*"(d)* Absence due to disability caused by illness or injury arising out of, and in course of, employment.

*"Section 4. Periods of Sick Leave.* Officers and employees who are subject to the provisions of section 153 of the Charter, and who have regularly occupied their positions continuously for at least one year, shall be entitled to two weeks' sick leave, with full pay, annually, during their occupancy of said positions; provided that where it is necessary for the appointing officer to employ and pay a substitute in the stead of an absentee who is paid on an hourly or per diem basis said sick leave shall be without pay for the first five days. Such annual sick leave of two weeks, with pay, when not used, shall be cumulative, but the accumulated unused period of sick leave shall not exceed six (6) months, regardless of length of service, except as provided in section 5 hereof.

*"Section 5. Accumulation of Sick Leave.* Officers or employees who are in the service of the City and County at the time this rule takes effect shall be entitled to an accumulation of two weeks' sick leave with pay for each year of service, until the maximum of six months' accumulation has been reached; provided that when said maximum accumulation of six months has been reached, and thereafter part of said maximum of six months has been used, the used part of said maximum may again be replenished at the rate of two weeks for each subsequent year of service. Sick leaves with pay allowed since the present Charter became effective on January 8, 1932, shall be deducted from the above-mentioned accumulations, and a statement, by the applicant,

of all such sick leaves had since January 8, 1932, to the date of the adoption of this rule, must accompany all requests for sick leave with pay.

"Section 6. *Periods of Disability Leaves, as Defined in Items (a), (b) and (c) of section 3 hereof.* Leaves of absence, with full pay, allowed because of quarantine established by the Department of Public Health, or other competent authority, shall be for the period of such quarantine only. Leaves of absence with pay, allowed because of deaths of relatives, shall be limited to the periods mentioned in items (b) and (c) of section 3 of this rule.

"Section 7. *Absence Due to Disability Caused by Illness or Injury Arising Out of and In the Course of Employment.* Officers or employees of the City and County of San Francisco who are absent from duty because of disability arising out of and in the course of their employment shall be governed by the provisions of the "Workmen's Compensation Insurance and Safety Act" of the State of California and such rules as may be made under authority thereof by the Industrial Accident Commission; and the allowance of benefits and leaves of absence to said persons, in accordance with the provisions of said act, shall be under the jurisdiction of the Retirement Board.

"Section 8. *Applications for Sick Leave or for Disability Leave.* Applications for Sick Leave or for Disability Leave, as defined in subdivisions (a), (b), and (c) of section 3 of this rule, shall be made to the head of the department in which the person making said application is employed, provided that the Manager of Utilities, the Director of Public Works, the Director of Public Health and the Director of Finance and Records may authorize the head of any department, bureau, division or officer, under their respective jurisdictions, to grant and approve the allowance of sick or disability leaves of absence. When any application for a sick leave of absence or disability leave of absence is denied by the respective persons herein authorized to grant the same, the applicant may appeal to the Civil Service Commission from said denial, and the said Commission shall cause the facts on which said application is based to be investigated and may, upon said investigation, make such order in the premises as said Commission shall deem just, which said order shall be final.

"No sick leave exceeding five (5) days shall be granted to any person unless there is presented by the person asking for said sick leave and with the application therefor, a physician's certificate stating the necessity for said sick leave. The head of the department or other officer to whom said application is made may make such independent investigation as to the necessity for said sick leave as he shall deem proper. When, in case of a sick leave, pay is allowed for the period of the first five days, or any part thereof, the officer, board or commission granting the same shall certify to the Civil Service Commission that he has personally investigated the case and has found it deserving, and in the case of employees paid on an hourly or per diem basis, that no expense was incurred by the City and County by the employment of a substitute for the person on sick leave during the said period. Illness caused by dissipation or by immoral conduct shall not be made the basis of any sick leave.

"Section 9. *Reports to Civil Service Commission.* The officer, board or commission granting sick or disability leave shall immediately report the action to the Civil Service Commission on such forms as the Civil Service Commission may provide. Said officer, board or commission shall thereafter report on such cases when required to do so by the Civil Service Commission, but return to duty of an appointee who had been on sick leave shall be immediately reported to said Civil Service Commission. The Civil Service Commission may at any time make such independent investigation as it shall deem proper regarding the illness of any person on sick leave and particularly when any such person has been on sick leave with pay for more than ten continuous days.

"All applications for sick leaves, with or without pay, for periods *exceeding* five (5) days, granted to officers and employees of the City and County under authority of this rule, shall be accompanied by physicians' certificates which shall show the cause or necessity for such sick leaves, and the physicians authorized to issue said certificates are as follows:

"(a) The Department Physician for the Fire Department;

"(b) The Police Surgeon for the Police Department;

"(c) The physician designated by the Director of Health for the Department of Health;

"(d) The physicians designated by the Civil Service Commission for all other departments.

"In the cases of all sick leaves, with or without pay, of five days or less duration, granted under the authority of this rule to officers or employees of the City and County, the appointing officers or their representatives shall certify to the Civil Service Commission that they have made investigation of such cases and found them deserving, and when such leaves are allowed with pay to employees paid on an hourly or per diem basis, must certify that no expense was incurred by the City and County by the employment of substitutes for the persons on such sick leave with pay.

"Section 10. *Retirement on Pension Automatically Terminates Leave of Absence.* Whenever a leave of absence has been granted under this rule to any officer or employee, and such officer or employee during such leave is retired on pension, his leave of absence shall automatically terminate on the date of his retirement on pension; provided, however, that any allowance or compensation made under authority of the Workmen's Compensation law shall continue to be paid to said retired employee in accordance with the provisions of said law.

"Section 11. *Police and Fire Departments.* Sick leaves and disability leaves granted to members of the uniformed forces of the Police Department and Fire Department shall be regulated by rules adopted respectively by the Police Commission and Fire Commission, which rules, and amendments thereto, shall be subject to the approval of the Civil Service Commission, and when so approved by the Civil Service Commission shall be deemed as included in this rule.

"Section 12. *Positions to which this Rule Shall Not Apply.* The provisions of this rule shall not apply to certificated employees of the Board of Education for whom sick leaves, with pay, are governed by state law, nor to positions of patrol special police officers appointed by the Police Commission.

"Section 13. *Pay Rolls and Time Sheets.* Sick leaves, with pay, granted under this rule shall be indicated on pay rolls and time sheets by the Letters S.L.P. (Sick leave with full pay); and disability leaves, with pay, granted under this rule, shall be indicated on pay rolls and time sheets by the letters D.L.P. (Disability leave with full pay)."

Section 2. Violation or abuse of the provisions of said rule and this ordinance by any officer or employee shall be deemed an act of insubordination and inattention to duties, as provided by said Section 153 of the Charter of the City and County of San Francisco.

Section 3. All ordinances, rules and regulations in conflict with this rule and ordinance are hereby repealed and annulled.

Section 4. This ordinance and the rule provided herein shall become operative and in full force and effect beginning July 1, 1937.

### Protest against Removal of Fisherman's Wharf From Present Site to China Basin.

(Code No. —)

Supervisor Roncovieri presented:

Resolution No. 3292, as follows:

Whereas, it is reported that the State Board of Harbor Commissioners is contemplating the removal of Fisherman's Wharf from its present location to China Basin; and

Whereas, Fisherman's Wharf is an old and familiar institution in San Francisco; rich in tradition; quaint in its Neapolitan color, and picturesque in its gem-like setting by the Golden Gate; and

Whereas, Fisherman's Wharf is dear to the hearts of all San Franciscans and forms a veritable Mecca for visitors seeking culinary delicacies as well as a glimpse of an Italian fishing village transplanted; and

Whereas, to move Fisherman's Wharf from its present location would constitute a detriment to those engaged in the fishing industry, not only economically but from a standpoint of convenience as well; and

Whereas, the location in which it is proposed to establish the new site of these activities is undesirable from an aesthetic standpoint and would undoubtedly cripple the tourist as well as local trade; now, therefore, be it

Resolved, That this Board of Supervisors does hereby memorialize the State Board of Harbor Commissioners and does urge that the proposal for the removal of Fisherman's Wharf be abandoned and that it be left inviolate; and be it

Further Resolved, That through the Press, all civic organizations be urged to voice their protest against this proposal; and be it

Further Resolved, That copies of this resolution be forwarded to the State Board of Harbor Commissioners and to the Governor of the State of California.

**Consideration of the Budget for 1937-1938.**

At 3:15 p. m. the Board of Supervisors, having under consideration recommendation of Civil Service Commission contained in its communication of May 13, relative to salary increases over maximum set-up in "brown book," proceeded to hear Commissioner Harry Wolfe and City Attorney O'Toole as to those sections of the Charter dealing with the situation.

**Communication from the Civil Service Commission.**

The following communications were read by the Clerk:

May 13, 1937.

Hon. Board of Supervisors, City Hall, San Francisco.

Gentlemen: On September 10, 1931, your honorable Board referred to the Civil Service Commission our report previously submitted to your Board under date of April 9, 1930, containing recommendations for salary schedules for City employments. In referring the report back to the Civil Service Commission the Board of Supervisors adopted a resolution of which the following is a copy:

Resolved, That the Salary Standardization Ordinance, heretofore referred to the Joint Committee on Civil Service and Finance, is hereby referred to the Civil Service Commission for revision; and be it

Further Resolved, That the Civil Service Commission is hereby respectfully requested to revise and bring up to date the Salary Standardization Ordinance and resubmit it to the Board of Supervisors.

During the years 1932-33-34 and 35, the volume of other work prevented the Civil Service Commission from any intensive work on salary standardization. Furthermore, basic wage scales in industry were being reduced so rapidly that it was impossible to fix equitably on the basis of current prevailing conditions wage scales for all classes of employments. For these reasons, the Civil Service Commission was forced to delay the work of revising the 1930 report as requested by your honorable Board until the early part of 1936.

Since that year, our staff has been gathering data as to wages paid in private employment for positions comparable to those established in the municipal service. During the past several months wage scales in certain building trades crafts have been considerably increased. At the present time there are a number of crafts included in our building trades service which are receiving in private employment higher pay than is permitted to be paid municipal employees under Sections 71 and 151 of the Charter. These sections of the Charter prohibit any increases in salary which would cause the compensation to exceed the wage fixed for such service in the April 9, 1930, report or as such report may be amended.

There are approximately 700 different classifications included in our classification of duties. The task of gathering data as to wages paid in private employment for all of these classes of positions, the work of relating this data to the proper classifications, the study and consideration of this vast amount of data, and public hearings relating thereto constitute a tremendous task and will require another year or eighteen months to complete. In the meantime, until the April 9, 1930, report is amended, any adjustments to conform to wages paid in private employment are impossible if the wage recommended in the April 9, 1930, report is less than the current prevailing wage.

Therefore, pending the final accomplishment of salary standardization as provided in Section 151 of the Charter, the Civil Service Commission has, after extended consideration, decided to amend the April 9, 1930, report wherever the current wage being paid in private employment is higher or lower than the rate fixed in said report so that municipal employees may be paid wages comparable to those paid in private employment.

We have completed our investigation of wages paid in private employment in the classifications included in our building trades service and in certain other classifications. We find that in thirteen of these classifications the rate recommended in the April 9, 1930, report is less than that prevailing in private employment and in one instance the wage recommended in the April 9, 1930, report is higher than that now prevailing in private employment. The Civil Service Commission, after full consideration of comprehensive data and a public hearing, has therefore amended the April 9, 1930, report in so far as these fourteen classifications are concerned and is submitting to you herewith the revisions made in the said report with the request that your honorable Board approve our action in revising these rates. The revisions made by the Civil Service Commission, submitted herewith for approval of the Board of Supervisors, have been recommended by the Salary Standardization Advisory Board after consideration of the data collected by our staff.

If your honorable Board approves this action of the Civil Service Commission, the rates herein recommended as revisions will supersede the rates originally fixed for these classifications in the April 9, 1930, report. However, these revised wage scales, if approved by the Board of Supervisors, cannot be made effective in the budget and salary

ordinance except on the recommendation of the department heads concerned and with the concurrence of the Mayor and the Board of Supervisors in approving supplemental budget requests from the various departments.

Very truly yours,

CIVIL SERVICE COMMISSION.  
.....Secretary.

May 20, 1937.

To the Honorable the Board of Supervisors, City Hall, San Francisco.

Gentlemen: Attached hereto is copy of a resolution adopted by the Civil Service Commission at its regular meeting held May 19, 1937. The resolution refers to the amendment of wage rates for Class O 204 Cribber and Class O 210 Sewer Cleaner.

Very truly yours,

CIVIL SERVICE COMMISSION.  
....., Secretary.

Whereas, the Civil Service Commission has had under consideration the request of the cribbers and sewer cleaners for a revision of wage scales as indicated for their classes in the April 9, 1930, report; and

Whereas, certain information regarding wages paid for cribbers in private employment has been presented to the Civil Service Commission; and

Whereas, consideration has been given to the hazardous and unwholesome aspect of the work performed by sewer cleaners and their relationship to other classifications; now, therefore, be it

Resolved, That the Civil Service Commission hereby amends the April 9, 1930, report to change the rate fixed for Class O 204 Cribber from seven dollars per day to eight dollars and eighty cents per day for an eight-hour day; and, be it

Further Resolved, That the Civil Service Commission hereby amends the April 9, 1930, report to change the rate for Class O 210 Sewer Cleaner from eight dollars and fifty cents per day to nine dollars and fifty cents per day; and, be it

Further Resolved, That a copy of this resolution be forwarded immediately to the Board of Supervisors with the request that the Board of Supervisors approve our action in amending the April 9, 1930, report as set forth herein.

**Report of Civil Service Commission Approved.**  
(Code No. 4.03)

Supervisor Uhl presented:

Resolution No. 3327, as follows:

Whereas, the Civil Service Commission has, under date of May 13, 1937, made to the Board of Supervisors a report recommending the amendment of the salary schedule of April 9, 1930, referred to in Section 71 of the Charter, in regard to certain employments which are specifically set forth in said report of May 13, 1937; now, therefore, be it

Resolved, That the report of said Civil Service Commission as set forth in its communication of May 13, 1937, be and the same is hereby approved, and the changes recommended in the compensations of the several positions mentioned in said report are hereby approved.

# ANNUAL APPROPRIATION ORDINANCE 1937-1938

BILL NO. 1322, ORDINANCE NO. 9.051382 (Code No. 9.051), as follows:

AN ORDINANCE APPROPRIATING ALL ESTIMATED RECEIPTS AND ALL ESTIMATED EXPENDITURES FOR THE CITY AND COUNTY OF SAN FRANCISCO FOR THE FISCAL YEAR ENDING JUNE 30, 1938.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The several amounts of estimated receipts, income and revenue enumerated herein are hereby provided for and appropriated to the several funds and/or departments indicated in this ordinance for the purpose of meeting appropriations herein provided.

Section 2. The several amounts of proposed expenditure for the fiscal year ending June 30, 1938, are hereby appropriated to the several funds and/or departments as enumerated herein. Each department for which an expenditure appropriation is herein made shall be authorized to use the amount of moneys so appropriated for the purposes specified in this appropriation ordinance, subject to the limitations of the Charter and as provided herein.

Section 3. The Controller is hereby authorized and directed to set up appropriate accounts, as provided by Section 76 of the Charter, for the items of receipts and expenditures appropriated herein.

Where revenues for any fund or department are herein provided by transfer from any other fund or department, or where a duty or a performance has been transferred from one department to another, the Controller is authorized to make the necessary transfer; provided further, that where revenues for any fund or department are herein provided by transfer from any other fund or department, in consideration of departmental services to be rendered, in no event shall such transfer of revenue be made in excess of the actual cost of such service; provided further, that in no event shall transfers from utility surplus exceed the limitations set forth in Section 129 of the Charter.

The Controller shall make available the amount of actual receipts for items of proposed expenditures that are designated herein as appropriated for the use of a department only to the extent that fees or other revenues are collectible.

Section 4. The several items of expenditures herein appropriated, being based on estimated receipts, income or revenues which may not be fully realized, it shall be incumbent upon the Controller to establish a schedule of allotments, monthly or quarterly as he may determine, under which the sums appropriated to the several departments shall be expended. The Controller shall revise such revenue estimates monthly. If such revised estimates indicate a shortage the Controller shall hold in reserve an equivalent amount of the corresponding expenditure appropriations set forth herein until the collection of the amounts as originally estimated is assured, and in all cases where it is provided by this Charter that a specified or minimum tax shall be levied for any department the amount of such appropriation herein provided derived from taxes shall not exceed the amount actually produced by the levy made for said department. The Controller in issuing warrants or in certifying contracts or purchase orders or other encumbrances, pursuant to Section 86 of the Charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure and shall not approve the incurring of liability under any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstance which could not be anticipated at the time of apportionment, an additional allotment for a period may be made on the recommendation of the department head and that of the Chief Administrative Officer, board or commission, and the approval of the Controller. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth

Section 5. Where appropriations are made for specific projects or purposes which may involve the payment of salaries or wages, the head of the department to which such appropriations are made, or the head of a department authorized by contract or interdepartmental order to make expenditures from each such appropriation, shall file with the Controller, when requested, an estimate of the amount of any such expenditures to be made during the ensuing period.

Section 6. Liabilities incurred and expenditures made for permanent employments shall in no case exceed the number of and the salary or wage for, employments in each class as enumerated in the annual salary ordinance, except as additional employments may be authorized under the provisions of the Charter.

The Controller and the Civil Service Commission shall be immediately notified of a vacancy occurring in a position established in the Annual Salary Ordinance and appointing officers shall not make appointments to such vacancies until the Controller shall certify that funds are available and until the Civil Service Commission shall verify the legality of the position and compensation, and the Mayor shall approve.

Appointing officers shall not make appointments to seasonable or temporary positions until the Controller shall certify that funds are available and until the Civil Service Commission shall verify the legality of the position and compensation.

Appointments to seasonable or temporary positions shall not exceed the term for which the Controller has certified the availability of funds.

Section 7. The Controller is hereby authorized and directed to continue the existing Special, Trust Funds and Reserves and the receipts in and expenditures from each such fund are hereby appropriated in accordance with law and the conditions under which each such fund was established.

The Controller is hereby authorized and directed to set up additional Special, Trust Funds and Reserves, as they may be created by either additional bequests or under other conditions.

Whenever the City and County of San Francisco shall receive from the United States of America, the State of California, or from any public or semi-public agency, or from any private person, firm or corporation, any moneys, or property to be converted into money, the Controller shall set up on the books of his office a special fund or account evidencing the said moneys so received and specifying the purposes for which they have been received and for which they are held, which said account or fund shall be maintained by the said Controller as long as any portion of said moneys remains unexpended.

The expenditures necessary from said fund or said account created as herein provided, in order to carry out the purpose for which said moneys have been received or for which said account is being maintained, shall be approved by the Controller and said expenditures are hereby appropriated in accordance with the terms and conditions under which said moneys have been received by the City and County of San Francisco, and in accordance with the conditions under which said fund is maintained.

Section 8. The Controller is hereby authorized and directed to set up appropriations for refunding revenues collected in excess of amounts due.

Section 9. The Controller is hereby authorized and directed to prescribe the method to be used in making payments for interdepartmental services in accordance with the provisions of Section 77 of the Charter.

Section 10. The term "department" as used in this ordinance shall mean department, bureau, office, utility, board or commission, as the case may be. The term "department head" as used herein shall be as defined in Section 20 of the Charter.

Section 11. The several amounts of estimated receipts herein appropriated, and each fund or department to which such appropriation is made, are as follows:

# ANNUAL APPROPRIATION ORDINANCE 1937-1938

BILL NO. 1322, ORDINANCE NO. 9.051.382 (Code No. 9.051), as follows:

AN ORDINANCE APPROPRIATING ALL ESTIMATED RECEIPTS AND ALL ESTIMATED EXPENDITURES FOR THE CITY AND COUNTY OF SAN FRANCISCO FOR THE FISCAL YEAR ENDING JUNE 30, 1938.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The several amounts of estimated receipts, income and revenue enumerated herein are hereby provided for and appropriated to the several funds and/or departments indicated in this ordinance for the purpose of meeting appropriations herein provided.

Section 2. The several amounts of proposed expenditure for the fiscal year ending June 30, 1938, are hereby appropriated to the several funds and/or departments as enumerated herein. Each department for which an expenditure appropriation is herein made shall be authorized to use the amount of moneys so appropriated for the purposes specified in this appropriation ordinance, subject to the limitations of the Charter and as provided herein.

Section 3. The Controller is hereby authorized and directed to set up appropriate accounts, as provided by Section 76 of the Charter, for the items of receipts and expenditures appropriated herein.

Where revenues for any fund or department are herein provided by transfer from any other fund or department, or where a duty or a performance has been transferred from one department to another, the Controller is authorized to make the necessary transfer; provided further, that where revenues for any fund or department are herein provided by transfer from any other fund or department, in consideration of departmental services to be rendered, in no event shall such transfer of revenue be made in excess of the actual cost of such service; provided further, that in no event shall transfers from utility surplus exceed the limitations set forth in Section 129 of the Charter.

The Controller shall make available the amount of actual receipts for items of proposed expenditures that are designated herein as appropriated for the use of a department only to the extent that fees or other revenues are collectible.

Section 4. The several items of expenditures herein appropriated, being based on estimated receipts, income or revenues which may not be fully realized, it shall be incumbent upon the Controller to establish a schedule of allotments, monthly or quarterly as he may determine, under which the sums appropriated to the several departments shall be expended. The Controller shall revise such revenue estimates monthly. If such revised estimates indicate a shortage the Controller shall hold in reserve an equivalent amount of the corresponding expenditure appropriations set forth herein until the collection of the amounts as originally estimated is assured, and in all cases where it is provided by this Charter that a specified or minimum tax shall be levied for any department the amount of such appropriation herein provided derived from taxes shall not exceed the amount actually produced by the levy made for said department. The Controller in issuing warrants or in certifying contracts or purchase orders or other encumbrances, pursuant to Section 86 of the Charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure and shall not approve the incurring of liability under any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstance which could not be anticipated at the time of apportionment, an additional allotment for a period may be made on the recommendation of the department head and that of the Chief Administrative Officer, board or commission, and the approval of the Controller. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth

Section 5. Where appropriations are made for specific projects or purposes which may involve the payment of salaries or wages, the head of the department to which such appropriations are made, or the head of a department authorized by contract or interdepartmental order to make expenditures from each such appropriation, shall file with the Controller, when requested, an estimate of the amount of any such expenditures to be made during the ensuing period.

Section 6. Liabilities incurred and expenditures made for permanent employments shall in no case exceed the number of and the salary or wage for, employments in each class as enumerated in the annual salary ordinance, except as additional employments may be authorized under the provisions of the Charter.

The Controller and the Civil Service Commission shall be immediately notified of a vacancy occurring in a position established in the Annual Salary Ordinance and appointing officers shall not make appointments to such vacancies until the Controller shall certify that funds are available and until the Civil Service Commission shall verify the legality of the position and compensation.

Appointments to seasonable or temporary positions shall not exceed the term for which the Controller has certified the availability of funds.

Section 7. The Controller is hereby authorized and directed to continue the existing Special, Trust Funds and Reserves and the receipts in and expenditures from each such fund are hereby appropriated in accordance with law and the conditions under which each such fund was established.

The Controller is hereby authorized and directed to set up additional Special, Trust Funds and Reserves, as they may be created by either additional bequests or under other conditions.

Whenever the City and County of San Francisco shall receive from the United States of America, the State of California, or from any public or semi-public agency, or from any private person, firm or corporation, any moneys, or property to be converted into money, the Controller shall set up on the books of his office a special fund or account evidencing the said moneys so received and specifying the purposes for which they have been received and for which they are held, which said account or fund shall be maintained by the said Controller as long as any portion of said moneys remains unexpended.

The expenditures necessary from said fund or said account created as herein provided, in order to carry out the purpose for which said moneys have been received or for which said account is being maintained, shall be approved by the Controller and said expenditures are hereby appropriated in accordance with the terms and conditions under which said moneys have been received by the City and County of San Francisco, and in accordance with the conditions under which said fund is maintained.

Section 8. The Controller is hereby authorized and directed to set up appropriations for refunding revenues collected in excess of amounts due.

Section 9. The Controller is hereby authorized and directed to prescribe the method to be used in making payments for interdepartmental services in accordance with the provisions of Section 77 of the Charter.

Section 10. The term "department" as used in this ordinance shall mean department, bureau, office, utility, board or commission, as the case may be. The term "department head" as used herein shall be as defined in Section 20 of the Charter.

Section 11. The several amounts of estimated receipts herein appropriated, and each fund or department to which such appropriation is made, are as follows:

**Spur Track, Western Pacific Railroad Company, Wisconsin Street,  
Between Eighteenth and Mariposa Streets.**

(Code No. 12.20)

Also, Bill No. 1351, Ordinance No. 12.2021, as follows:

Granting permission, revocable at will of the Board of Supervisors to the Western Pacific Railroad Company, to lay down, construct, maintain and operate a standard-gauge spur track upon and along Wisconsin street, between Eighteenth and Mariposa streets, as hereinafter described.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to the Western Pacific Railroad Company, to lay down, construct, maintain and operate a standard-gauge spur track along and upon Wisconsin street, between Eighteenth and Mariposa streets, said location more particularly described as follows, to-wit:

Beginning at a point in the center line of the existing main track of the Western Pacific Railroad Company, in block bounded by Eighteenth, Nineteenth, Wisconsin and Arkansas streets, City and County of San Francisco, said point of beginning being approximately 100 feet measured southeasterly along said center line from the southern line of Eighteenth street; thence northerly through a No. 8½ turnout to the right, a distance of 76.15 feet to a point; thence northerly on a curve to the right, having a radius of 459.28 feet a distance of 20 feet more or less to a point on the southern line of Eighteenth street, distant 17 feet easterly thereon from the eastern line of Wisconsin street; thence continuing northerly along the last mentioned curve, crossing Eighteenth street and along the easterly side of Wisconsin street, a distance of 162.13 feet to end of curve, said end of curve being distant 10 feet at right angles westerly from the eastern line of Wisconsin street; thence continuing northerly in a straight line, tangent to last mentioned curve, along said easterly side of Wisconsin street and 10 feet distant from the eastern line thereof, 309.12 feet to the southern line of Mariposa street.

Provided that all work is to be done in accordance with blue print entitled "Exhibit 'A,' the Western Pacific Railroad Company, San Francisco, Proposed Spur to Serve Safeway Stores, Inc.," and that any interference with the natural drainage of the above mentioned streets caused by the installation of the spur track shall be corrected by the Western Pacific Railroad Company to the satisfaction of the Department of Public Works, and provided further, that standard girder rail is to be installed in the crossing of Eighteenth street.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted and shall be construed as a part hereof as completely as though the same were written in this ordinance.

**ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.**

**Initiative Petition—Laurel Hill Cemetery Removal.**

The following was presented and read by the Clerk:

**OFFICE OF THE REGISTRAR OF VOTERS**  
City and County of San Francisco,  
State of California.

*Certificate of Registrar of Voters as to Number of Signatures.*

I, C. J. Collins, Registrar of Voters of the City and County of San Francisco, State of California, hereby certify that the referendum petition addressed to the Board of Supervisors of said City and County entitled "Protest Against Passage by Board of Supervisors of Ordinance entitled 'Laurel Hill Cemetery Removal,' asking reconsideration, repeal, or referendum thereon" was presented to this office for examination on May 24, 1937; that said petition consisted of 336 sections and that all of said sections were presented at the same time; that each section contains signatures, places of residence and dates purporting to be respectively the signatures of qualified electors of said City and County, the places of residence of such electors and the dates upon which such electors had respectively signed said petition; that attached to said petition at the time the same was filed as aforesaid was an affidavit purporting to be the affidavit of the person who solicited the signatures thereon; that the person by whom said affidavit purports to have been taken and verified was at the time thereof an officer authorized to administer oaths; that therein affiant stated his own qualifications, that he had solicited the signatures upon said section, that all of said signatures were made in his presence and that to his best knowledge and belief each signature to said section was the genuine signature of the person whose name it purports to be.

That after said petition was presented as aforesaid, I, as said Registrar of Voters, examined the affidavits of registration in said City and County, and the records relating thereto, current and in effect at the respective purported dates of such signing to determine therefrom what number of qualified electors signed said petition and had respectively fixed thereto the purported dates of their signing, and from said examination, I, as said Registrar of Voters, have determined said petition was and is signed by 21546 qualified electors of said City and County, each of whom was a registered qualified elector of said City and County of said date. And,

I, further certify that said referendum petition was and is signed by a number of qualified electors in excess of 10 per cent of the entire vote cast for all candidates for Mayor at the last preceding general municipal election at which a Mayor was elected as provided in section 179 of the Charter of the City and County of San Francisco.

In witness whereof, I, C. J. Collins, Registrar of Voters of the City and County of San Francisco, State of California, have hereunto set my hand and affixed my official seal this 4th day of June, 1937.

(Seal)

C. J. COLLINS,

Registrar of Voters, City and County of

# Annual Salary Ordinance

Fiscal Year Ending June 30, 1938

(Code No. 9.053)

Bill No. 1345, Ordinance No. 9.053101, as follows:

An ordinance enumerating all positions continued and/or created by the Board of Supervisors in adopting the Annual Budget and Appropriation Ordinance for the fiscal year ending June 30, 1938; continuing, and/or creating and/or establishing these positions; enumerating and including therein all positions created by Charter or State law for which salaries are appropriated in the said Annual Appropriation Ordinance; specifying and fixing the compensation of incumbents therein, and providing for maximum compensation of persons appointed to positions herein enumerated which may become vacant during the fiscal year.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. In accordance with the provisions of Section 73 of the Charter the positions hereinafter enumerated under the respective departments are hereby created and/or established and/or continued for the fiscal year ending June 30, 1938. Positions created or authorized by Charter or State law are enumerated and included herein.

Appointing officers as specified in the Charter are hereby authorized to make or continue appointments, as needed, during the said fiscal year to positions enumerated in their respective sections of this ordinance, but in no case to exceed the number of positions or the rate of pay herein enumerated and established; provided that temporary appointments to positions defined by the rules of the Civil Service Commission as seasonal or temporary positions may be made by the respective appointing officers in excess of the number of permanent positions herein established or enumerated, but no appointment to such temporary or seasonal position shall be made until the Controller shall certify that funds are available and no such appointment shall continue beyond the period for which the Controller has certified the availability of funds. At the request of the Mayor or the Controller, the Civil Service Commission may investigate and report on the necessity for such temporary or seasonal services.

The Controller and the Civil Service Commission shall be immediately notified of a vacancy occurring in a position herein established and appointing officers shall not make appointments to such vacancies until the Controller shall certify that funds are available and until the Civil Service Commission shall verify the legality of the position and compensation, and the Mayor shall approve.

Inasmuch as Section 141 of the Charter provides that the Civil Service Commission shall be the judge of the classification of positions, any change hereafter made by the Civil Service Commission during the fiscal year 1937-38 in the class title or number of the classification of the duties of a position herein enumerated shall not be deemed an action requiring amendment of this ordinance, provided no change in number of positions or salaries of such positions or the creation of a new position are involved, but shall be deemed merely a clerical procedure and such change of class title and class number and the date thereof shall be reported to the Clerk of the Board of Supervisors, the Controller and the department concerned.

Section 2. Salary or wage rates herein specified are the maximum gross compensations fixed for the present incumbents of the respective positions herein enumerated, including the valuation of maintenance furnished.

In filling vacancies in positions herein enumerated or in appointing employees to temporary or seasonal positions as provided in Section 1 hereof, which are subject to the provisions of Section 151 of the

Charter, the person appointed to such vacancy or temporary or seasonal position shall be paid a wage or salary not to exceed the entrance salary or wage fixed for such position in the proposed schedule of compensations issued by the Civil Service Commission under date of April 9, 1930, or as such proposed schedule may be amended as provided by Charter or extended by the Civil Service Commission to include classifications not included therein and the salary shall remain at the said entrance rate during the current fiscal year; provided, however, that persons who have acquired permanent status in a position who are reemployed in the same position after layoff or leave of absence shall be paid the salary or wage received at the time laid off or granted such leave, provided that in the execution and performance of any contract awarded to a city department under the provisions of Sections 95 and 98 of the Charter, not less than the wage scale fixed by the Board of Supervisors in the Prevailing Wage Resolution and in effect at the time of the award of said contract shall be paid to employees performing work under such contract.

No maintenance shall be provided to any employee in a position subject to the provisions of Section 151 of the Charter in addition to the compensation herein fixed or provided. The compensations fixed for employees engaged in construction work outside the City and County of San Francisco which are not subject to Section 151 of the Charter includes the valuation of maintenance provided such employees and deductions for such accommodations shall be made and indicated on payrolls and timerolls.

Charges for any and all maintenance furnished employees in positions subject to Section 151 of the Charter as indicated herein shall be made and indicated on time rolls and pay rolls, and deductions for such maintenance shall be indicated and made on time rolls and pay rolls in accordance with the following schedule fixed by the Civil Service Commission for such maintenance; provided, however, that no charge shall be made for meals furnished cooks, bakers, waiters and other kitchen workers.

**Communication.**

The following was presented and read by the Clerk:

**PUBLIC UTILITIES COMMISSION**

June 15, 1937.

Subject: Change in Rate to conform with Standardization.

Honorable Angelo J. Rossi, Mayor of San Francisco, City Hall, San Francisco:

Dear Sir: Just before final approval of the budget estimates by the Board of Supervisors, the Civil Service Commission, with the approval of the Board of Supervisors, amended the 1930 salary standardization report to provide higher rates of pay for certain crafts. These new rates are the rates of pay now applying in private employment for these crafts.

I was under the impression at the time that the action of the Civil Service Commission and the Board of Supervisors automatically put these higher rates into effect, but I find now that in the absence of a specific written recommendation from me, although I orally approved, the new rates were not incorporated in my budget estimates as finally approved by the Board of Supervisors. It is my wish that the employees concerned be paid wages that apply in private employment, as well as in other municipal departments.

I, therefore, ask your approval of this request that the Board of Supervisors substitute the following rates of pay, as indicated below, in the salary ordinance for the fiscal year 1937-38:

Sec.	Item	Classification	<i>Pro-</i> <i>Present posed</i>	
			Rate	New Rate
71	57	1 Engineer of Hoisting and Portable Engines . . . . .	\$ 10.00	\$ 11.40
72	2	9 Car and Auto Painters . . . . .	9.00	10.00
72	3	1 Foreman Car and Auto Painter . . . . .	250.00	275.00
			(\$11 per day)	
72	25	1 Electrician . . . . .	9.00	10.00
76	2	1 Painter . . . . .	9.00	9.75

Respectfully submitted,

(Signed) E. G. CAHILL,  
Manager of Utilities.

Approved: (Signed) ANGELO J. ROSSI, Mayor.

**Amendment.**

Whereupon, Supervisor Shannon moved to amend Salary Ordinance as follows:

Sec.	Item	Classification	
71	57	1 Engineer of Hoisting and Portable Engines . . . . .	\$ 11.40
72	2	9 Car and Auto Painters . . . . .	10.00
72	3	1 Foreman Car and Auto Painter . . . . .	275.00
			(\$11 per day)
72	25	1 Electrician . . . . .	10.00
76	2	1 Painter . . . . .	9.75

Amendment carried by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ronco-  
vieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Ratto, Reilly—2.

**Passed for Second Reading.**

Whereupon, the foregoing bill, as amended, was passed for second reading by the following vote:

**Requesting the Governor, State Highway Commission, et al., to  
Illuminate Waldo Approach to Golden Gate Bridge.**

(Code No. 5.31)

Supervisor Schmidt presented:

Resolution No. 3341, as follows:

Whereas, the Waldo approach to the Golden Gate Bridge is the major northern highway into the City and County of San Francisco; and

Whereas, the Waldo approach is the main point of convergence for most of the automobile traffic originating in the northern and central counties of the State; and

Whereas, many foggy days during the year tend to greatly reduce visibility and increase the hazard to the motorist; and

Whereas, the Waldo approach in its present unilluminated state is a great danger to both life and limb; and

Whereas, the Waldo approach is under the jurisdiction of the State Highway Commission, which department is responsible for its proper maintenance; and

Whereas, the State Highway Commission, due to the tremendous yearly increase in gas tax revenues, should have on hand ample money to properly illuminate this dangerous section of highway; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco go on record as requesting that the State Highway Commission immediately take steps to properly illuminate the Waldo approach and thereby do away with this immediate and pressing danger to the motoring public; and be it

Further Resolved, That copies of this resolution be sent to His Excellency, the Governor, the State Highway Commission, the State Chamber of Commerce, the Redwood Empire Association, the San Francisco Chamber of Commerce, the California Automobile Association, and the Board of Supervisors of all the counties represented by Alta California, Inc.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Reilly—1.

**W. P. A. Workers Complaint re Pensions.**

Supervisor Uhl announced that it had come to his attention that WPA workers, on reaching the age of 65 years, were being dropped from the WPA payrolls and told to apply for old age pensions. He requested the Clerk to write to Mr. Harry Hopkins, and inquire if such workers are being given proper notice that they will be dropped from the rolls of WPA when they reach the age of 65 years.

**Meetings Announced.**

**Appointment of Successor to Late Controller Leonard S. Leavy.**

The following was presented and read by the Clerk:

June 15, 1937.

To the Honorable The Board of Supervisors, City Hall.

Gentlemen: With reference to the appointment of a successor to our late Controller, Leonard S. Leavy, I deeply realize how necessary it is for this vacancy to be filled, and further realize how extremely important it is that mature consideration should be given the one who is to be named for appointment to this position.

Our late Controller was consigned to his final resting place but a few moments ago, and I am, at this time, in no position to make a recommendation as to his successor.

I would, therefore, respectfully ask that upon conclusion of your calendar today you recess until Thursday, at which time I will, in consonance with the provisions of the Charter, submit for your approval the name of the person whom, in my judgment, I believe best qualified to serve the City and County of San Francisco as its Controller.

Very truly yours,

ANGELO J. ROSSI, Mayor.

**RECESS.**

Whereupon, the Board of Supervisors took a recess until 4 p. m. Thursday, June 17, 1937, for the purpose of giving consideration to the subject matter of the foregoing communication.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors, June 21, 1937.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing are true and correct copies of the Journals of Proceedings of said Board of the dates thereon stated and approved as recited.

J. S. DUNNIGAN,

Clerk of the Board of Supervisors,  
City and County of San Francisco.

The following was presented and read by the Clerk:

June 17, 1937.

To the Honorable the Board of Supervisors, City Hall.

Gentlemen: May I express my appreciation to you for holding this recessed meeting at this time for the purpose of considering my nominee for the position of Controller of the City and County of San Francisco, vice Leonard S. Leavy, deceased.

I appoint Harold J. Boyd, now acting as chief assistant assessor, as Controller of the City and County of San Francisco, vice Leonard S. Leavy, deceased.

Section 63 of the Charter vests the Mayor with the power of appointing a Controller, subject to the confirmation and approval of the Board of Supervisors. I therefore request this confirmation of my appointment of Harold J. Boyd as Controller of the City and County of San Francisco.

Respectfully,

(Signed) ANGELO J. ROSSI,  
Mayor.

### Confirming the Appointment of Harold J. Boyd as Controller of the City and County of San Francisco.

(Code No. 9.011)

Thereupon, Supervisor Reilly presented:

Resolution No. 3342, as follows:

Whereas, the Mayor of the City and County of San Francisco has notified this Board of Supervisors that he has appointed Harold J. Boyd Controller of said City and County of San Francisco vice Leonard S. Leavy, deceased; now, therefore, be it

Resolved, That the appointment of said Harold J. Boyd as Controller of the City and County of San Francisco be, and the same is, hereby confirmed and approved.

Approved as to form by John J. O'Toole, City Attorney.

### Explanation of Vote.

Supervisor Uhl explained his vote by saying that he had known Harold Boyd as Chief Assistant Assessor and as such he filled the position without criticism, but when it comes to the position of Controller that's a different picture. He has not quite the qualifications for the office of Controller. The newspapers have dilated on the qualifications of the late Leonard S. Leavy, which Mr. Boyd lacks. That is one reason I cannot vote for Mr. Boyd's appointment as Controller. As a second objection, Supervisor Uhl referred to newspaper articles of July, 1929, criticising the acceptance of a monthly allowance to Mr. Boyd for automobile service as a part of his salary, when, as a matter of fact, he alleged, Mr. Boyd had no automobile.

Mr. Boyd, he declared, than whom no one is better informed on charter and procedure on salary increases, accepted that allowance, as I believe, illegally. Moreover, I believe the Mayor is politically inclined in making this appointment. I will therefore vote NO.

Supervisor Colman explained his vote by saying that there was nothing personal in what he was about to say but he had sufficient reasons for voting against Mr. Boyd's appointment as Controller. The Controller, he said, is a key position in San Francisco, and Mr. Boyd, I believe, has not the qualifications to carry out the duties of this most important office. The office requires a man of broad viewpoint, of fair, unbiased and unprejudiced outlook upon the problems which affect equally all citizens of San Francisco.

Mr. Boyd's activities as President of Municipal Employees in my opinion disqualifies him for the position of Controller. Activities of that kind would destroy to some extent at least the viewpoint of a man who is entrusted with the position of Controller of San Francisco.

Supervisor Schmidt, in explanation of his vote stated that he had fully intended to vote for Mr. Boyd until he learned of the newspaper article regarding automobile allowance accepted by Mr. Boyd, but that now in view of that information he could not see his way to so vote.

Supervisor Reilly eulogized the Mayor's appointee and declared that the automobile allowance must have been regular because the Board of Supervisors had voted it and Controller Leavy had approved it.

Supervisors McSheehy, Shannon, Brown and Roncovieri were also heard in support of the Mayor's recommendation.

### Appointment Confirmed.

Whereupon, the roll was called and the foregoing resolution confirming the appointment of Harold Boyd to the position of Controller vice Leonard S. Leavy, deceased, was *adopted* by the following vote:

Ayes—Supervisors Brown, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Shannon—8.

Noes—Supervisors Colman, Schmidt, Uhl—3.

### Promotion of Trade and Friendly Relations Between San Francisco and Interior Valleys.

Supervisor Shannon called attention to and read an article by R. W. Jimerson on the financial page of the San Francisco Examiner of Wednesday, June 16, 1937, in which the writer called attention to the result of a business survey in the central valleys of California, which indicated a drift of business and more important a drift of friendship away from San Francisco and toward Los Angeles, and deplored the breaking of the traditional bond of trade and friendship that had so long maintained between San Francisco and the interior valleys. He quoted:

Through the Sacramento and San Joaquin Valleys, business men,

bankers and local chamber of commerce executives make such comments as this:

"San Francisco is dead on its feet." "We don't want goodwill tours, we want people that will come down here and work with us to help solve our local problems." "The Los Angeles Chamber of Commerce has ten men in the field, experts in their line, building up trade relations with us, for every man that occasionally shows up from the San Francisco Chamber. "We would like to buy from San Francisco, but the manufacturers and jobbers there aren't on the job." "Why should we ship our produce to San Francisco when we know we will be victimized by racketeers?"

"Much of the antagonism toward San Francisco has developed because of the detrimental effects of the city's maritime labor troubles on agriculture. Inability to move fresh and processed fruits by water forced hundreds of growers, shippers, and co-operatives to hold their crops until the peak of the market was passed, entailing substantial losses.

"The adverse sentiment is rooted deeper than this, however. San Francisco for decades was the traditional champion of the valley region. Now there is a widespread belief that San Francisco no longer is interested in fighting the battles of its friends nor in handling their business. Because of these former ties of mutual interest, resentment now flares higher.

"The task of winning back the confidence and the business of the great Central Valley needs to be tackled NOW, with the best resources at San Francisco's command."

#### Referred.

Whereupon, on motion, the foregoing article was referred to the Chamber of Commerce for its consideration.

#### ADJOURNMENT.

There being no further business the Board, at the hour of 4:40 p. m., adjourned.

J. S. DUNNIGAN, Clerk.

**Spur Track, Western Pacific Railroad Company, Wisconsin Street,  
Between Eighteenth and Mariposa Streets.**

(Code No. 12.20)

Also, Bill No. 1351, Ordinance No. 12.2021, as follows:

Granting permission, revocable at will of the Board of Supervisors to the Western Pacific Railroad Company, to lay down, construct, maintain and operate a standard-gauge spur track upon and along Wisconsin street, between Eighteenth and Mariposa streets, as hereinafter described.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to the Western Pacific Railroad Company, to lay down, construct, maintain and operate a standard-gauge spur track along and upon Wisconsin street, between Eighteenth and Mariposa streets, said location more particularly described as follows, to-wit:

Beginning at a point in the center line of the existing main track of the Western Pacific Railroad Company, in block bounded by Eighteenth, Nineteenth, Wisconsin and Arkansas streets, City and County of San Francisco, said point of beginning being approximately 100 feet measured southeasterly along said center line from the southern line of Eighteenth street; thence northerly through a No. 8½ turnout to the right, a distance of 76.15 feet to a point; thence northerly on a curve to the right, having a radius of 459.28 feet a distance of 20 feet more or less to a point on the southern line of Eighteenth street, distant 17 feet easterly thereon from the eastern line of Wisconsin street; thence continuing northerly along the last mentioned curve, crossing Eighteenth street and along the easterly side of Wisconsin street, a distance of 162.13 feet to end of curve, said end of curve being distant 10 feet at right angles westerly from the eastern line of Wisconsin street; thence continuing northerly in a straight line, tangent to last mentioned curve, along said easterly side of Wisconsin street and 10 feet distant from the eastern line thereof, 309.12 feet to the southern line of Mariposa street.

Provided that all work is to be done in accordance with blue print entitled "Exhibit 'A,' the Western Pacific Railroad Company, San Francisco, Proposed Spur to Serve Safeway Stores, Inc.," and that any interference with the natural drainage of the above mentioned streets caused by the installation of the spur track shall be corrected by the Western Pacific Railroad Company to the satisfaction of the Department of Public Works, and provided further, that standard girder rail is to be installed in the crossing of Eighteenth street.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted and shall be construed as a part hereof as completely as though the same were written in this ordinance.

**Amending Taxicab Ordinance, Re Taxicab Stands.**

(Code No. 11.0111)

Bill No. 1358, Ordinance No. 11.011111, as follows:

Amending Section 3 of Ordinance No. 6979 (New Series) entitled, "Regulating the Use of Taxicabs, Automobiles and Public Vehicles for Hire, Fixing the Rate to Be Charged for the Transportation of Persons and Personal Baggage, Regulating the Use of Boats in the Waters of the Bay, Providing a Punishment for Any Violation Thereof, and Repealing Ordinance No. 1898 (New Series)," relating to taxicab stands.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 3 of Ordinance No. 6979 (New Series), the title of which is recited above, is hereby amended to read as follows:

Section 3: (a) The Chief of Police may designate in writing stands on public streets (except around Union Square), to be occupied by taxicabs and automobiles and limousines as herein defined, after permit to operate said vehicle or vehicles has been issued and the license fee has been paid as in this or other ordinances provided.

(b) Before any designation of stands is made by the Chief of Police as provided in this section, the written consent of the tenant or lessee of the ground floor or portion of the ground floor fronting the space where such stand is to be located must first be obtained. In the event the ground floor or portion of the ground floor fronting the space where such stand is to be located is not occupied by a tenant or lessee, then the written consent of the owner of the building fronting the space where such stand is to be located must be first obtained. The stand permit shall specify the name and address of the permittee and the number of vehicles and class and character of service permitted thereunder. No vehicle licensed to operate pursuant to this ordinance, while awaiting employment by passengers, shall stand on any public street or place other than upon a stand designated and established in accordance with this ordinance and no such vehicle shall occupy such stand unless it is licensed so to do. It shall be unlawful for the owner or operator of any passenger vehicle for hire, other than the permittee, to use the stand designated under such permit.

(c) The Chief of Police shall designate the number of taxicabs or automobiles or limousines, as herein defined, that shall be allowed to stand at any one time at any of the places designated and authorized.

(d) Any stand permit may be revoked by the Chief of Police without notice to any person except the holder of the permit, and it shall be unlawful for any person, firm or corporation to occupy a stand with a taxicab, automobile or limousine after such revocation and notice has been made.

Supervisor McSheehy announced that he would present a minority report to the Board.

### Minority Report of Supervisor James B. McSheehy on "Rapid Transit."

The following was presented and read by the Clerk:

San Francisco, California, June 21, 1937.

To the Honorable the Board of Supervisors.

Gentlemen:

On March 29, 1937, by a majority vote of the Board of Supervisors, the following motion was carried:

"That the Public Utilities Commission's subway and rapid transit proposal to be submitted to the voters in the form of a bond proposition, and that the Board go on record favoring its ratification by the voters."

This recommendation calls for a bond issue of \$52,700,000 as contained in the Public Utilities Commission report dated May 25, 1936.

On May 11, 1937 (one year later), Mr. E. G. Cahill, Manager of Utilities, filed an amended report to that of May 25, 1936, calling for an expenditure of \$49,250,000, plus \$6,000,000 bond interest and redemption during construction, the same to be paid out of the annual tax rate, making a total of \$55,250,000. This amended report was referred to a Joint Committee of Finance and Public Utilities and, as a member of the Public Utilities Committee, I am submitting to you the following minority report:

Section 121 of the Charter, and Section 101 of the General Laws of the State of California, state clearly the duties of the Public Utilities Commission, and the duties of the Board of Supervisors.

The Public Utilities Commission and the Board of Supervisors have recognized the logic in the Charter and the State law and have functioned accordingly. Therefore, it is our duty to pass on the merits or demerits of all bond issues and, as one member of the Board, I beg to call your attention to three pertinent facts pertaining to the bond issue submitted by Mr. Cahill, Manager of Utilities.

1. Rapid Transit must be given to the people of San Francisco as soon as possible or they will be leaving our city and moving down the Peninsula or across the Bay. This fact is recognized by all. There is no difference of opinion on this issue.

2. Mr. Cahill's amended plan calls for several subways under the most important streets of our City, combined with a number of buses in the outlying districts, at a cost of \$49,250,000, plus an interest charge of \$6,000,000 during construction, making a total of \$55,250,000. He states that bond interest and redemption of bonds will become a fixed charge in the tax rate annually, and that is why he is not including the \$6,000,000 for interest during construction, and that it would be impossible for the Municipal Railway to pay the charge out of the present 5 cent fare. New York City subsidizes its investment of \$700,-

000,000 in subways by placing the interest and redemption charges in the yearly tax rate, and we would have to do the same.

The total bonded debt of San Francisco on March 1, 1937, was .....	\$165,583,800
Subway and rapid transit bonds as favored by the Board of Supervisors on March 29, 1937.....	52,700,000
Cutting through new streets as set in Public Utilities Commission report of March 29, 1937, and voted in favor of by a majority of the Board of Supervisors on May 24, 1937 .....	6,500,000

Total .....	\$224,783,800
-------------	---------------

Report of Controller on April 10, 1937, that the bonding limit of San Francisco was...	\$ 63,348,983
Plus outstanding bonded indebtedness of San Francisco at present.....	165,583,800

Total .....	<u>\$224,932,783</u>
-------------	----------------------

Total Bond Limit .....	\$228,932,783
Bonds as agreed .....	<u>224,783,800</u>

In excess of bonding limit.....	\$ 4,148,883
---------------------------------	--------------

According to press reports, at a meeting of the San Francisco Real Estate Board, a statement was made that on account of the increased cost of labor and material since the first estimate of \$52,700,000 for subways, this project would cost \$62,700,000. If this statement is correct, and both of these bond issues are carried, we would be bonded for \$5,851,117 more than the bonding limit of the City.

The original plan and the amended plan call for subways for the exclusive use of the Municipal Railway which carries 25 per cent of the traveling public; the Market Street Railway carries the other 75 per cent. How then can a plan of this kind give rapid transit to our citizens, when only 25 per cent of the people will be served and the credit of our City almost ruined in carrying bonds greater than our bonding limit?

3. As a member of the Public Utilities Committee of this Board, and as one who has given much study to rapid transit as it affects San Francisco, I would recommend the outright purchase of the properties of the Market Street Railway, its rolling stock is worn out to such a degree that it is a menace to the traveling public. This company has never lived up to the conditions of its franchises, and the City Engineer's report of September 1, 1936, shows that there should be spent \$1,118,171 for street work which, as yet, the company has made no attempt to do. Economy has always been the watchword of the Market Street Railway regardless of the danger and discomfort there may have been to the public.

Ways and means should be found to purchase the properties of this competing street railway at a "nuisance" value figure and supplant it with a city-wide system of buses in conjunction with our own Municipal Railway. The Market Street Railway has an assessed valuation of \$5,000,000 and I think it has a "nuisance" value of about that figure.

As a youth here in San Francisco I have ridden on horse cars; I have seen the horse cars supplanted by cable cars; and the cable cars in turn supplanted by the present electric cars which, in my opinion, should give way to the modern gas-motor buses similar to those used in New York and in a number of smaller cities throughout the United States.

The Market Street Railway operates daily 750 cars, and the Municipal Railway operates daily 250 cars. If we took over the Market Street Railway we would gradually supplant their cars with buses. Take a

ride on the "33" Line which starts at Third and Harrison streets and terminates at the Golden Gate Park, covering a cross section of the Mission District, and see what trackless trolley buses are doing and the territory they cover over the steepest hills of our City. I was told that the receipts are \$50 per day per bus, and that the expense of every kind amounts to \$25, leaving a profit of \$25 per day per bus. Go over to Oakland and see what the buses are doing there in giving rapid transit to the people of Oakland and Alameda.

Gentlemen, we have the right as I have stated, according to law, to approve or disapprove all bond issues. Therefore, I am submitting to you this minority report and ask its adoption in lieu of the majority report. My minority report calls for a bond issue of \$15,000,000, to be expended as follows:

- (a) \$10,000,000 for the purchase of 1000 buses.
- (b) \$5,000,000 for purchase of the Market Street Railway.
- (c) Each bus to be manned by two men, and that the same wages, rules and regulations that now govern the Municipal Railway will govern the operation of the buses.
- (d) Five cent fare for all buses and exchange of transfers throughout the entire City.
- (e) Remove all tracks from streets as soon as buses can be operated on these streets.
- (f) Cost of removal of tracks and repairs to streets can come out of the State Gasoline Tax and will not be part of the bond issue.
- (g) Forty-year bonds, interest and redemption to be paid annually the same as the present Municipal Railway bonds are paid, no difference.

Gentlemen, by your votes you are going to tell the citizens of San Francisco, whether you favor subway transportation or bus transportation. Subway transportation will mean "Amended Report" Bond Issue of \$49,250,000 which is practically our bond limit. About \$2,250,000 will have to be placed every year in our budget amounting to about 33 cents in our tax rate.

Subways will handle only 25 per cent of the traveling public. Market Street Railway will be just as it is on Market Street, and every other street, they will not make any repairs and will become a far greater "nuisance" than they are today—with the one man cars, etc. And I think the Railroad Commission will allow them to raise their fare to 7 cents, four tokens for 25 cents; and 75 per cent of the traveling public will be forced to ride on their lines.

Compare the Cahill Plan with the one I am suggesting, Bond Issue of \$15,000,000 as against \$49,250,000. \$2,250,000 or 33 cents in the tax rate every year for 40 years against buses that will pay their own interest and redemption. Subways will give transportation to only one-quarter of the traveling public; buses will give transportation to all of the traveling public. Last, but not least, remember the Market Street Railway will remain just as it is a "nuisance" not alone to those who are forced to travel on their cars, but all motorists who travel out streets used by the Market Street Railway on account of the deplorable condition of its tracks. Bus transportation will remove all these tracks and every street will become a boulevard.

Condemnation proceedings can be carried on against the Market Street Railway just the same as any other person occupying property that the City requires.

With these facts before you, I hope you will vote for my minority report, for I feel certain that if a bond issue of \$15,000,000 is placed on the ballot next November the people will vote for the same. I do not think they will vote for \$49,250,000 bond issue as outlined in the Public Utilities Commission Report dated May 11, 1937.

Remember it takes a two-thirds vote of all votes cast to carry a bond issue. Can you imagine that two-thirds of the voters will vote for a bond issue which will only serve one-fourth of the people and will cost the taxpayers for the next 40 years \$2,250,000 each year, or

a raise of 33 cents in the tax rate on each \$100 of assessable property, and the Market Street Railway will remain just as it is, a "nuisance" railroad carrying three-quarters of all the traveling people here in San Francisco, and I dare say will increase its fare to 7 cents or 4 tokens for 25 cents. This is not an engineering problem, it is one of common sense. Think it over.

Respectfully,

JAMES B. MCSHEEHY,  
Supervisor,  
Member, Public Utilities Committee.

#### Minority Report Referred to Public Utilities Committee.

After discussion, on motion of Supervisor Colman, Supervisor McSheehy's minority report setting up proposed plan for rapid transit was referred to the Public Utilities Commission for report and recommendation as a condition precedent required by the Charter.

#### Adopted.

Whereupon, the foregoing resolution was adopted by the following vote:

Ayes—Supervisors Colman, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—8.

Noes—Supervisors Brown, McSheehy, Shannon—3.

#### Reconsideration Denied.

After the Clerk had announced the vote Supervisor McSheehy changed his vote and moved for reconsideration at next meeting. President Shannon ruled the motion out of order on the ground that it was made after the vote was announced.

#### ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

##### Property Erroneously Assessed Withdrawn from Sale.

(Code No. 9.011)

Supervisor Roncovieri presented:

Resolution No. 3356, as follows:

Resolved, That, in accordance with the recommendation of the Assessor in a communication dated June 19, 1937, the following property being erroneously assessed in 1936, must be withdrawn from sale and reassessed in 1937, in accordance with Section 3806, Political Code, and the Tax Collector is hereby directed not to offer the same for sale:

**Clerk to File with U. S. Bureau of Public Roads Request in Study  
of Routing Road From Groveland to Mather.**

(Code No. 5.2)

Supervisor Shannon presented:

Resolution No. 3357, as follows:

Whereas, there is before the U. S. Bureau of Public Roads, filed with the Western Division Engineer, 462 Federal Office Building, San Francisco, a resolution unanimously passed by the Utility Commission of the City and County of San Francisco, requesting the urgency of a study of routings into Yosemite Park giving additional traffic facilities for travel entering the Yosemite Park from the north; and

Whereas, it is to the best public interest of the people of the City and County of San Francisco that such a routing should include the present road between the towns of Groveland and Mather in Tuolumne County, as a relocation of the State Highway No. 120 which is impassable during a portion of the year and cannot be built to a standard of grade and alignment required by the Bureau of Public Roads; now, therefore, be it

Resolved, by the Board of Supervisors of the City and County of San Francisco, in session assembled in the City of San Francisco on this 21st day of June, A. D. 1937, that the Clerk of the Board be instructed to file with the United States Bureau of Public Roads a request to incorporate the above mentioned road between Groveland and Mather in its study of routes for the entrance into the Yosemite Park, and for the further development of the recreational area adjacent thereto.

*Adopted by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Board of Supervisors to Urge Retention of KFRC Broadcasting  
Station in San Francisco.**

(Code No. 5.9)

Supervisor Shannon presented:

Resolution No. 3358, as follows:

Whereas, it is reliably reported that radio station KFRC is contemplating centralization of production in Los Angeles; and

Whereas, such a proposal, if consummated, would result in great detriment to the City and County of San Francisco, in that:

1. It would result in a loss of employment to many radio stars, musicians and artisans now engaged in production for radio station KFRC in San Francisco;

2. It would result in a loss of the advertising of the City and County of San Francisco which accompanies the station announcement on each program;

3. It would be a challenge to the musical and cultural leadership which San Francisco has so long rightfully enjoyed.

Now, Therefore, Be It Resolved, That this Board of Supervisors does hereby urge the operators of radio station KFRC to abandon any plan under consideration for the removal of their broadcasting facilities away from the City and County of San Francisco; and be it

Further Resolved, That copies of this resolution be forwarded to the Junior Chamber of Commerce, to the Down Town Association and to the various musical organizations with the request that they exert their influence for the retention of radio station KFRC in the City and County of San Francisco.

*Adopted by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Mayor to Appoint Citizens Committee for the Observance of Navy Day, October 27, 1937.**

(Code No. 5.93)

Supervisor Ratto presented:

Resolution No. 3359, as follows:

Resolved, That his Honor the Mayor be and he is hereby respectfully requested to appoint a Committee of Citizens for the suitable observance of Navy Day, October 27, 1937.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Mayor Authorized to Appoint Citizens Committee for Suitable Observance of Constitution Day, September 17, 1937.**

(Code No. 5.93)

Supervisor McSheehy presented:

Resolution No. 3360, as follows:

Whereas, the Congress of the United States, on August 23, 1935, adopted a joint resolution providing for the observance of the 150th anniversary of the formation of the Constitution of the United States and for that purpose established a commission known as the United States Constitution Sesquicentennial Commission; and

Whereas, the said Commission has called on the Mayors and officials of the various cities of the United States to arrange for the local celebration of the 150th anniversary of the formation of the Constitution on Constitution Day, September 17, 1937, and has suggested that a committee be appointed for that purpose, to include representatives from the bar association, patriotic, fraternal, religious and civil organizations; now, therefore, be it

Resolved, by the Board of Supervisors of the City and County of San Francisco, that the Mayor be and he is hereby authorized to appoint a Citizens' Committee to arrange for the celebration in the City and County of San Francisco, on September 17, 1937, of the 150th anniversary of the formation of the Constitution of the United States.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Sales of Electric Energy in San Francisco.**

The Clerk read:

Report by Public Utilities Commission on sales of electric energy in San Francisco.

Whereupon, Supervisor Uhl requested report on average cost per KWH of electric energy sold in San Francisco, and cost per KWH used on Hyde street lamps.

**Committee to Attend State Highway Commission Meeting in Sacramento.**

Supervisor Ratto requested the President to appoint a committee to attend meeting of State Highway Commission in Sacramento, on July 9, for hearing on Funston avenue approach to the Golden Gate Bridge, the lighting of the Waldo approach, etc.

*So ordered.*

**Estimate of Cost of New Street from Fifth and Harrison to Sixth and Shipley Streets.**

Communication from City Engineer, pursuant to Resolution No. 3279,

giving estimated cost of \$391,000 for construction of street from Fifth and Harrison to Sixth street, at a point near Shipley.

*Referred to City Engineer for recommendation as to its feasibility and practicability in comparison with other proposals before the Board.*

**Committee to Attend Fourth of July Celebration at Santa Clara.**

Supervisor Colman moved that the President of the Board appoint a committee to participate in July 4th celebration at Santa Clara, pursuant to invitation read by the Clerk.

*Motion carried.*

**Appointment of J. J. Sullivan, War Memorial Trustee,  
Vice Harold Boyd.**

The following was presented and read by the Clerk:

June 21, 1937.

To the Honorable the Board of Supervisors, San Francisco.

This is to advise you that I have this day, in consonance with provisions of Section 44 of the Charter, and subject to your confirmation, appointed to serve as Trustee on the War Memorial Board for the unexpired term of Harold J. Boyd, resigned, Mr. John J. Sullivan, 2101 Pacific avenue, president of the Board of Directors of the Veterans Home of California, and at present engaged in the real estate business of San Francisco.

Respectfully,

(Signed) ANGELO J. ROSSI, Mayor.

**Motion.**

Supervisor Reilly, seconded by Supervisor McSheehy, moved that the appointment be approved.

*Motion carried unanimously.*

**Protest Reductions in WPA Quotas.**

The following telegram was read by the Clerk:

San Francisco, Calif., June 15, 1937.

San Francisco Board of Supervisors, City Hall, San Francisco:

We protest mass reductions WPA quotas which have been suddenly ruthlessly levied on thousands of workers who have no other support than project work. Continued unemployment, increased cost of living levels, inability of private industry to absorb millions workers make it imperative that social cultural rehabilitation work be continued rather than destroyed. Social strength America depends on expansion this American program to prevent chaos destitution unAmerican poverty.

# Annual Salary Ordinance

Fiscal Year Ending June 30, 1938

(Code No. 9.053)

Bill No. 1345, Ordinance No. 9.053101, as follows:

An ordinance enumerating all positions continued and/or created by the Board of Supervisors in adopting the Annual Budget and Appropriation Ordinance for the fiscal year ending June 30, 1938; continuing, and/or creating and/or establishing these positions; enumerating and including therein all positions created by Charter or State law for which salaries are appropriated in the said Annual Appropriation Ordinance; specifying and fixing the compensation of incumbents therein, and providing for maximum compensation of persons appointed to positions herein enumerated which may become vacant during the fiscal year.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. In accordance with the provisions of Section 73 of the Charter the positions hereinafter enumerated under the respective departments are hereby created and/or established and/or continued for the fiscal year ending June 30, 1938. Positions created or authorized by Charter or State law are enumerated and included herein.

Appointing officers as specified in the Charter are hereby authorized to make or continue appointments, as needed, during the said fiscal year to positions enumerated in their respective sections of this ordinance, but in no case to exceed the number of positions or the rate of pay herein enumerated and established; provided that temporary appointments to positions defined by the rules of the Civil Service Commission as seasonal or temporary positions may be made by the respective appointing officers in excess of the number of permanent positions herein established or enumerated, but no appointment to such temporary or seasonal position shall be made until the Controller shall certify that funds are available and no such appointment shall continue beyond the period for which the Controller has certified the availability of funds. At the request of the Mayor or the Controller, the Civil Service Commission may investigate and report on the necessity for such temporary or seasonal services.

The Controller and the Civil Service Commission shall be immediately notified of a vacancy occurring in a position herein established and appointing officers shall not make appointments to such vacancies until the Controller shall certify that funds are available and until the Civil Service Commission shall verify the legality of the position and compensation, and the Mayor shall approve.

Inasmuch as Section 141 of the Charter provides that the Civil Service Commission shall be the judge of the classification of positions, any change hereafter made by the Civil Service Commission during the fiscal year 1937-38 in the class title or number of the classification of the duties of a position herein enumerated shall not be deemed an action requiring amendment of this ordinance, provided no change in number of positions or salaries of such positions or the creation of a new position are involved, but shall be deemed merely a clerical procedure and such change of class title and class number and the date thereof shall be reported to the Clerk of the Board of Supervisors, the Controller and the department concerned.

Section 2. Salary or wage rates herein specified are the maximum gross compensations fixed for the present incumbents of the respective positions herein enumerated, including the valuation of maintenance furnished.

In filling vacancies in positions herein enumerated or in appointing employees to temporary or seasonal positions as provided in Section 1 hereof, which are subject to the provisions of Section 151 of the

Charter, the person appointed to such vacancy or temporary or seasonal position shall be paid a wage or salary not to exceed the entrance salary or wage fixed for such position in the proposed schedule of compensations issued by the Civil Service Commission under date of April 9, 1930, or as such proposed schedule may be amended as provided by Charter or extended by the Civil Service Commission to include classifications not included therein and the salary shall remain at the said entrance rate during the current fiscal year; provided, however, that persons who have acquired permanent status in a position who are reemployed in the same position after layoff or leave of absence shall be paid the salary or wage received at the time laid off or granted such leave, provided that in the execution and performance of any contract awarded to a city department under the provisions of Sections 95 and 98 of the Charter, not less than the wage scale fixed by the Board of Supervisors in the Prevailing Wage Resolution and in effect at the time of the award of said contract shall be paid to employees performing work under such contract.

No maintenance shall be provided to any employee in a position subject to the provisions of Section 151 of the Charter in addition to the compensation herein fixed or provided. The compensations fixed for employees engaged in construction work outside the City and County of San Francisco which are not subject to Section 151 of the Charter includes the valuation of maintenance provided such employees and deductions for such accommodations shall be made and indicated on payrolls and timerolls.

Charges for any and all maintenance furnished employees in positions subject to Section 151 of the Charter as indicated herein shall be made and indicated on time rolls and pay rolls, and deductions for such maintenance shall be indicated and made on time rolls and pay rolls in accordance with the following schedule fixed by the Civil Service Commission for such maintenance; provided, however, that no charge shall be made for meals furnished cooks, bakers, waiters and other kitchen workers.

Whereas, on the 2d day of November, 1936, the Supervisors of the City and County of San Francisco duly and regularly passed Resolution No. 2882, Code No. 12.0621, which resolution was presented to His Honor the Mayor for his approval and was duly and regularly approved by the Mayor of the City and County of San Francisco on the 4th day of November, 1936, said resolution being in words and figures as follows:

**RESOLUTION NO. 2882**

(Code No. 12.0621)

Resolved, That the public interest requires that the certain following described portions of Newburg, Twenty-seventh and Duncan streets be closed and abandoned; and be it

Further Resolved, That it is the intention of the Board of Supervisors to close and abandon all those portions of Newburg, Twenty-seventh and Duncan streets, more particularly described as follows, to-wit:

*Parcel I. Newburg Street*

Beginning at the point of intersection of the southerly line of Twenty-seventh street and the westerly line of Newburg street; thence southerly along said line of Newburg street, 228 feet to the northerly line of Duncan street; thence deflecting 133 degrees 10 minutes 01 seconds to the left and running northeasterly, 41.132 feet to the easterly line of Newburg street; then deflecting 46 degrees 49 minutes 59 seconds to the left and running northerly along the easterly line of Newburg street, 199.861 feet to the southerly line of Twenty-seventh street; thence at right angles westerly along said line of Twenty-seventh street, 30 feet to the point of beginning.

*Parcel II. Twenty-seventh Street*

Beginning at the point of intersection of the southerly line of Twenty-seventh street and the easterly line of Diamond street; thence easterly along said line of Twenty-seventh street, 508.077 feet; thence deflecting 43 degrees 10 minutes 01 seconds to the left and running northeasterly, 7.825 feet; thence northeasterly, northerly and westerly on the arc of a curve to the left, tangent to the preceding course, radius 5 feet, central angle 136 degrees 49 minutes 59 seconds, 11.941 feet to tangency with a line parallel with and 14 feet at right angles northerly from said line of Twenty-seventh street; thence westerly along said parallel line, 510.364 feet to the easterly line of Diamond street produced northerly; thence at right angles southerly along last-named line, 14 feet to the point of beginning.

*Parcel III. Duncan Street*

Beginning at the point of intersection of the northerly line of Duncan street and the easterly line of Diamond street; thence easterly along said line of Duncan street, 265 feet to the westerly line of Newburg street; thence deflecting 136 degrees 49 minutes 59 seconds to the right and running southwesterly, 4.640 feet; thence southwesterly and westerly on the arc of a curve to the right, tangent to the preceding course, radius 40 feet, central angle 43 degrees 10 minutes 01 seconds,

30.136 feet to tangency with a line parallel with and 14 feet at right angles southerly from aforesaid line of Duncan street; thence westerly along said parallel line, 234.250 feet to the easterly line of Diamond street produced southerly; thence at right angles northerly along last-named line, 14 feet to the point of beginning.

*Parcel IV. Duncan Street*

Beginning at the point of intersection of the northerly line of Duncan street and the westerly line of Castro street; thence westerly along said line of Duncan street, 221.914 feet; thence deflecting 43 degrees 10 minutes 01 seconds to the left and running southwesterly, 7.825 feet; thence southwesterly, southerly and easterly on the arc of a curve to the left, tangent to the preceding course, radius 5 feet, central angle 136 degrees 49 minutes 59 seconds, 11.941 feet to tangency with a line parallel with and 14 feet at right angles southerly from said line of Duncan street; thence easterly along said parallel line, 224.201 feet to the westerly line of Castro street produced southerly; thence at right angles northerly along last-named line, 14 feet to the point of beginning.

Said closing and abandonment of said portions of Newburg, Twenty-seventh and Duncan streets shall be done and made in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the Street Opening Act of 1889, as amended, General Laws of the State of California; and be it

Further Resolved, That the damage, cost and expense of said closing and abandonment be paid out of the revenue of the City and County of San Francisco.

And the Clerk of this Board is hereby directed to transmit to the Department of Public Works a certified copy of this resolution, and the Department of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said portions of Newburg, Twenty-seventh and Duncan streets, in the manner provided by law, and to cause notice to be published in the official newspaper as required by law.

*Adopted*—Board of Supervisors, San Francisco, November 2, 1936.

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Havenner—1.

I hereby certify that the foregoing resolution was adopted by the Board of Supervisors of the City and County of San Francisco.

J. S. DUNNIGAN, Clerk.

Approved, San Francisco, November 4, 1936.

ANGELO J. ROSSI, Mayor.

And Whereas, the Clerk of the Supervisors of the City and County of San Francisco did transmit to the Department of Public Works of the City and County of San Francisco a certified copy of said resolution and the said Department of Public Works did, upon receipt of said resolution, cause to be posted in the manner and as required by law, notices of the passage of said resolution and did also cause in the manner and as required by law, a notice similar in substance to be published for a period of ten days in the official newspaper of the City and County of San Francisco; and

Whereas, the public interest and convenience requires said improvement to be done as specifically described in Resolution No. 2882, Code No. 12.0621; and

Whereas, the Supervisors have acquired jurisdiction to order that the portions of Newburg, Duncan and Twenty-seventh streets described in Resolution No. 2882, Code No. 12.0621 be closed and abandoned; now, therefore, be it

Resolved, That it be ordered and it is hereby ordered, that the portions of Newburg, Duncan and Twenty-seventh streets specifically de-

scribed and proposed in said Resolution No. 2882, Code No. 12.0621, be closed and abandoned; and be it

Further Resolved, That the entire damages, costs and expenses of closing said portions of said streets described in Resolution No. 2882, Code No. 12.0621, shall be paid out of the revenues of the City and County of San Francisco as proposed and provided in Resolution No. 2882, Code No. 12.0621; and be it

Further Resolved, That the said closing and abandonment of said portions of said streets described in Resolution No. 2882, Code No. 12.0621, shall be done in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the Street Opening Act of 1889, as amended, General Laws of the State of California; and be it

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Department of Public Works and that the Department of Public Works be instructed to proceed thereafter as required by law, and the Clerk is hereby directed to advertise this resolution in the official newspaper as required by law.

**Committee on Unification of Street Railways.**

(Code No. —)

The following resolution was presented by Supervisor Brown and *referred to the Public Utilities Committee*:

Resolution No. 3373, as follows:

Whereas, the proposed Cahill rapid transit plan involves a total cost to the taxpayers of \$55,250,000, including interest during construction; and

Whereas, present traffic and transportation conditions are unsatisfactory and will be almost intolerable during the nine months of the Exposition in 1939; and

Whereas, construction of the proposed subway system will cover a five-year period and it would thus appear that only nominal, if any, relief will be possible in time to meet conditions in 1939; and

Whereas, private railway lines operating in the City and County of San Francisco carry two and one-half patrons to one given service by the Municipal Railway; and

Whereas, it would appear that approval of the proposed large expenditure by a two-thirds vote prior to exhaustion of the possibilities of agreement for something approaching unification of service will be extremely difficult; now, therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco that a committee of five, including the City Controller, Chairman of the Finance Committee, Chairman of the Public Utilities Committee, Chairman of the Streets Committee and the President of the Board, be and is hereby appointed and authorized to investigate the immediate possibilities of unification of the private and Municipal lines; the benefits of such unification and a basis, if any, upon which such consolidation may be satisfactorily negotiated; and be it

Further Resolved, That the committee herein authorized shall file with the Board of Supervisors prior to Monday, August 23, 1937, its report and recommendation which will permit official action by the Board of Supervisors in time to submit the proposed rapid transit plan, or a revision thereof, at the November 9, 1937, election; and be it

Further Resolved, that the Department of Public Works be instructed to broaden the present City-wide pedestrian and vehicular traffic survey which is to officially conclude on August 1, to include

pertinent information which may be helpful to the special committee in its studies and negotiations, without expense to the City.

**Motion.**

Supervisor Brown moved that copies of the foregoing be sent to all members of the Board of Supervisors. *So ordered.*

**Appropriation of \$73,064 for Police Signal Box Circuits.**

(Code No. 9.051)

Supervisor Shannon presented:

Bill No. 1366, Ordinance No. 9.051398, as follows:

Authorizing a supplemental appropriation of \$73,064 out of the accrued surplus existing in the General Fund to the credit of Appropriation No. 649,500.09 to make the necessary changes in the police signal box circuits as per recommendations of the Special Police Committee.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$73,064 is hereby appropriated and set aside out of the accrued surplus existing in the General Fund to the credit of Appropriation No. 649,500.09 to make the necessary changes in the police signal box circuits as per recommendations of the Special Police Committee.

Approved as to form by John J. O'Toole, City Attorney.

Recommended by Ralph W. Wiley, Chief of Department of Electricity.

Approved by Alfred J. Cleary, Chief Administrative Officer.

Approved by Angelo J. Rossi, Mayor.

Approved by Harold J. Boyd, Controller.

*Passed for second reading* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Appropriation of \$15,000 for New Elevator in Civic Auditorium.**

(Code No. 9.051)

Supervisor Shannon presented:

Bill No. 1365, Ordinance No. 9.051397, as follows:

Authorizing a supplemental appropriation of \$15,000 out of the accrued surplus existing in the General Fund to the credit of Appropriation No. 635,500.00 for the installation of a new elevator in the Civic Auditorium.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$15,000 is hereby appropriated and set aside out of the accrued surplus existing in the General Fund to the credit of Appropriation No. 635,500.00 for the installation of a new elevator in the Civic Auditorium.

Approved as to form by John J. O'Toole, City Attorney.

**Check on Toll Collection Devices on Golden Gate Bridge.**

(Code No. 12.111)

Resolution No. 3374, as follows:

Whereas, information has been received by Supervisor Uhl that the toll collection devices on the Golden Gate Bridge are inaccurate; and

Whereas, the City and County of San Francisco is vitally interested in the collection of all tolls covering pleasure automobiles, trucks and pedestrians; now, therefore, be it

Resolved, That the Chief Administrative Officer instruct the City Engineer to make a check covering the toll collection devices on the Golden Gate Bridge and report to the Board of Supervisors whether the devices are in line with the specifications and the accuracy of said devices.

*Referred to Finance Committee.***Bond Issue Legislation for Rapid Transit and Dead-End Streets.**

The following legislation, prepared by the City Attorney, was read by the Clerk:

Resolution No. 3375, entitled:

"Determining and declaring that public interest and necessity demand the acquisition, construction and completion of rapid transit system and that the cost thereof is too great to be paid out of the annual revenue of the City and County of San Francisco."

Resolution No. 3376, entitled:

"Determining and declaring that public interest and necessity demand the extension of Fifth street, across Market street to the intersection of Mason and Eddy streets, and the projection of Grant avenue, across Market street to Brannan, and that the cost of such improvement will be too great to be paid out of the ordinary annual revenue of the City and County."

**Motion.**

Supervisor Colman moved that the City Attorney be requested to prepare legislation necessary for submission to the electors, the question of bond issue for the cutting through of "dead-end" streets, as separate questions, i. e., one proposal for extension of Fifth street, and another for the projection of Grant avenue across Market street to Brannan street.

*Motion carried.***Action Deferred.**

Supervisor Mead moved to lay over until July 12, 1937, and make it a Special Order of Business for 3 P. M.

*Motion carried by the following vote:*

Ayes—Supervisors Brown, Mead, Ratto, Roncovieri, Schmidt, Shannon—6.

Noes—Supervisors Colman, Meyer, Reilly, Uhl—4.

Absent—Supervisor McSheehy—1.

**Streets Committee to Report on "Bottleneck" at San Rafael.**

Supervisor Brown, after referring to the "bottleneck" at San Rafael, and inquiring as to what had been done in the matter, moved that the matter be referred to the Streets Committee and the committee report back to the Board as to the situation and what might be expected from it.

*Motion carried.*

“RUSSELL L. WOLDEN, ASSESSOR  
of the

City and County of San Francisco

ROOM 101, CITY HALL, SAN FRANCISCO.

July 6, 1937.

Hon. Board of Supervisors, City and County of San Francisco, City Hall.

Gentlemen: This day, Tuesday, July 6 (the first Monday, July 5, being a legal holiday), there has been delivered in to the custody of the Clerk of your Board, forty-four (44) volumes (together with indexes for same), representing the 1937 Assessment Roll covering the taxable land and the taxable buildings in the City and County of San Francisco.

Very truly yours,

RUSSELL L. WOLDEN,  
Assessor.

RUSSELL L. WOLDEN, JR.,  
Chief Assistant Assessor.”

Filed with Board of Supervisors July 16, 1937, 11:18 a. m.

### Arbitrary List.

July 1, 1937.

Hon. Board of Supervisors, City and County of San Francisco, City Hall.

Gentlemen: Section 3633 of the Political Code of the State of California provides that on or before the first day of July, the Assessor must transmit to the Board of Supervisors a verified report in writ-

ing, separate from the Assessment Roll, containing a complete list of persons who have refused or neglected to furnish the property statement required by Section 3629 of the Political Code.

There is attached hereto and made a portion of this communication, the statement required by Section 3633.

The valuation estimates listed on the attached statement cover personal property exclusively, any real property of which the persons named in the attached list were the owners of record as of the first Monday of March, 1937, having been duly assessed by me.

The estimated valuation of the personal property covered by the attached list has been arbitrarily arrived at and in the judgment of the Assessor does not in any case exceed the true value of such property as nearly as such valuation may be ascertained.

Each person named in the attached list has been requested in writing by the Assessor to file the property statement required by Section 3629 of the Political Code of the State.

Very truly yours,

RUSSELL L. WOLDEN,

Assessor.

## SPECIAL ORDER—2:30 P. M.

## W. P. A. Hearing—Old Age Pension.

June 28, 1937—Supervisor Uhl moved that W. R. Lawson, representing local W. P. A., be invited to appear before the Board of Supervisors, Tuesday, July 6, 1937, at 2:30 p. m., to discuss the matter of lay-off of W. P. A. workers who are eligible for old-age pensions.

Motion carried.

Wallace Day, representing W. R. Lawson, local W. P. A. director, appeared pursuant to the foregoing motion. He declared that people were not laid off just because they were eligible for old age pensions, but they were laid off by reason of the deficiency of the appropriation, for other reasons entirely. Those who are least efficient naturally have to give way. In every case, however, the person effected is directed to the proper agency for relief to which he or she is entitled. Those who are eligible for old age pensions are advised to take them.

Mary Woods was also heard relative to lay off of choral singers in the Recreation Department.

Josephine Randall, superintendent, Recreation Department, was heard in explanation.

Thereupon, Supervisor Uhl requested a transcript of the discussion.

### UNFINISHED BUSINESS.

#### Final Passage.

The following recommendation of Committee on Fire, Safety and Police was taken up:

#### Amending Taxicab Ordinance, Re Taxicab Stands.

(Code No. 11.0111)

Bill No. 1358, Ordinance No. 11.011111, as follows:

Amending Section 3 of Ordinance No. 6979 (New Series) entitled, "Regulating the Use of Taxicabs, Automobiles and Public Vehicles for Hire, Fixing the Rate to Be Charged for the Transportation of Persons and Personal Baggage, Regulating the Use of Boats in the Waters of the Bay, Providing a Punishment for Any Violation Thereof, and Repealing Ordinance No. 1898 (New Series), relating to taxicab stands."

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 3 of Ordinance No. 6979 (New Series), the title of which is recited above, is hereby amended to read as follows:

Section 3: (a) The Chief of Police may designate in writing stands on public streets (except around Union Square), to be occupied by taxicabs and automobiles and limousines as herein defined, after permit to operate said vehicle or vehicles has been issued and the license fee has been paid as in this or other ordinances provided.

(b) Before any designation of stands is made by the Chief of Police as provided in this section, the written consent of the tenant or lessee of the ground floor or portion of the ground floor fronting the space where such stand is to be located must first be obtained. In the event the ground floor or portion of the ground floor fronting the space where such stand is to be located is not occupied by a tenant or lessee, then the written consent of the owner of the building fronting the space where such stand is to be located must be first obtained. The stand permit shall specify the name and address of the permittee and the number of vehicles and class and character of service permitted thereunder. No vehicle licensed to operate pursuant to this ordinance, while awaiting employment by passengers, shall stand on any public street or place other than upon a stand designated and established in accordance with this ordinance and no such vehicle shall occupy such stand unless it is licensed so to do. It shall be unlawful for the owner or operator of any passenger vehicle for hire, other than the permittee, to use the stand designated under such permit.

(c) The Chief of Police shall designate the number of taxicabs or automobiles or limousines, as herein defined, that shall be allowed to stand at any one time at any of the places designated and authorized.

(d) Any stand permit may be revoked by the Chief of Police with-

out notice to any person except the holder of the permit, and it shall be unlawful for any person, firm or corporation to occupy a stand with a taxicab, automobile or limousine after such revocation and notice has been made.

**Closing and Abandoning a Portion of Adam Street.**

(Code No. 12.0622)

Resolution No. 3386, as follows:

Whereas, on the 24th day of May, 1937, the Supervisors of the City  
and County of San Francisco duly and regularly passed Resolution  
No. 3288, Code No. 12.0621, which resolution was presented to His  
Honor the Mayor for his approval and was duly and regularly ap-  
proved by the Mayor of the City and County of San Francisco on the  
25th day of May, 1937, said resolution being in words and figures as  
follows:

*Intention to Close a Portion of Adam Street.*

Resolution No. 3288, Code No. 12.0621.

Resolved, That the public interest requires that the certain following described portion of Adam street be closed and abandoned; and be it

Further Resolved, That it is the intention of the Board of Supervisors to close and abandon all that portion of Adam street more particularly described as follows, to-wit:

All that portion of Adam street lying between the southerly line of Army street and its present southerly termination northerly from Bay Shore boulevard.

Said closing and abandonment of said portion of Adam street shall be done and made in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the Street Opening Act of 1889, as amended, General Laws of the State of California; and be it

Further Resolved, That the damage, cost and expenses of said closing and abandonment, amounting to one hundred dollars (\$100) be paid by the Bothin Estate Company.

And the Clerk of this Board is hereby directed to transmit to the Department of Public Works a certified copy of this resolution, and the Department of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said portion of Adam street in the manner provided by law, and to cause notice to be published in the official newspaper as required by law.

*Adopted*—Board of Supervisors, San Francisco, May 24, 1937.

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

I hereby certify that the foregoing resolution was adopted by the Board of Supervisors of the City and County of San Francisco.

J. S. DUNNIGAN, Clerk.

Approved, San Francisco, May 25, 1937.

ANGELO J. ROSSI, Mayor.

And Whereas, the Clerk of the Supervisors of the City and County of San Francisco did transmit to the Department of Public Works of the City and County of San Francisco a certified copy of said resolution and the said Department of Public Works did, upon receipt of said resolution, cause to be posted in the manner and as required by law, notices of the passage of said resolution and did also cause in the manner and as required by law, a notice similar in substance to be published for a period of ten days in the official newspaper of the City and County of San Francisco; and

Whereas, the public interest and convenience requires said improvement to be done as specifically described in Resolution No. 3288, Code No. 12.0621; and

Whereas, the Supervisors have acquired jurisdiction to order that the portion of Adam street described in Resolution No. 3288, Code No. 12.0621, be closed and abandoned; now, therefore, be it

Resolved, That it be ordered and it is hereby ordered, that the portion of Adam street specifically described and proposed in said Resolution No. 3288, Code No. 12.0621, be closed and abandoned; and be it

Further Resolved, That the entire damages, costs and expenses of closing said portion of Adam street described in Resolution No. 3288, Code No. 12.0621, amounting to one hundred dollars (\$100) be paid by the Bothin Estate Company as proposed and provided in Resolution No. 3288, Code No. 12.0621; and be it

Further Resolved, That the said closing and abandonment of said portion of said street described in Resolution No. 3288, Code No. 12.0621, shall be done in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the Street Opening Act of 1889, as amended, General Laws of the State of California; and be it

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Department of Public Works and that the Department of Public Works be instructed to proceed thereafter as required by law, and the Clerk is hereby directed to advertise this resolution in the official newspaper as required by law.

### Unification of Street Railways.

The following matter was read by the Clerk:

Report of the Public Utilities Committee, opposing passage of resolution presented by Supervisor Brown, requesting the appointment of a committee to study the matter of unification of street railways and report thereon prior to August 23 was read as follows:

#### Report of the Public Utilities Committee Re Resolution on the Unification of Street Railways, Introduced by Supervisor Arthur M. Brown, Jr.

On June 30th, 1937, the Public Utilities Committee met and considered the resolution introduced by Supervisor Brown requesting the appointment of a committee for the purpose of investigating the possibility of the unification of the private and municipal street railway lines.

After hearings from Mr. Ross of the Controller's office, Manager of Utilities Cahill and interested citizens, the committee, by the following vote, recommended against the passage of the resolution:

Aye—Supervisor McSheehy.

Noes—Supervisors Meyer, Colman.

FRED W. MEYER,  
Chairman of the Committee.

Don Nickelson, representing the Triangle District Merchants, was heard in favor of the resolution.

Supervisor Brown moved as an amendment that a representative of the Public Utilities Commission be added to the proposed committee.

*So ordered.*

Whereupon, Supervisor McSheehy urged the adoption of the resolution. After discussion, the roll was called and the resolution *adopted*, as follows:

### Committee to Study Unification of Street Railways.

(Code No. 15.091)

Supervisor Brown presented:

Resolution No. 3373, as follows:

Whereas, the proposed Cahill rapid transit plan involves a total cost to the taxpayers of \$51,000,000, including interest during construction; and

Whereas, present traffic and transportation conditions are unsatisfactory and will be almost intolerable during the nine months of the Exposition in 1939; and

Whereas, construction of the proposed subway system will cover a five-year period and it would thus appear that only nominal, if any, relief, will be possible in time to meet conditions in 1939; and

Whereas, private railway lines operating in the City and County of San Francisco carry two and one-half patrons to one given service by the Municipal Railway; and

Whereas, it would appear that approval of the proposed large expenditure by a two-thirds vote prior to exhaustion of the possibilities of agreement for something approaching unification of service will be extremely difficulty; now, therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco, that a committee of six, including the City Controller, Chairman of the Finance Committee, Chairman of the Public Utilities Committee, Chairman of the Streets Committee, the President of the Board of Supervisors, and a representative of the Public Utilities Com-

*mission to be appointed by the Commission*, be and is hereby appointed and authorized to investigate the immediate possibilities of unification of the private and Municipal lines; the benefits of such unification and a basis, if any, upon which such consolidation may be satisfactorily negotiated; and be it

Further Resolved, That the committee herein authorized shall file with the Board of Supervisors prior to Monday, August 23, 1937, its report and recommendations which will permit official action by the Board of Supervisors in time to submit the proposed rapid transit plan, or a revision thereof, at the November 2, 1938, election; and be it

Further Resolved, That the Department of Public Works be instructed to broaden the present City-wide pedestrian and vehicular traffic survey, which is to officially conclude on August 1st, to include pertinent information which may be helpful to the special committee in its studies and negotiations, without expense to the City.

Ayes—Supervisors Brown, McSheehy, Ratto, Reilly, Roncovieri, Uhl—6.

No—Supervisor Meyer—1.

Absent—Supervisors Colman, Mead, Schmidt, Shannon—4.

Before the result of the foregoing vote was announced, Supervisor Meyer changed his vote from "No" to "Aye" and moved for reconsideration at the next meeting of the Board.

#### Hearing on Bail Bond Ordinance.

Supervisor McSheehy announced that he had been in consultation with the City Attorney on the subject of the bail bond ordinance he introduced last week and that there will be a hearing before the Judiciary Committee July 9, 1937, at 4 p. m.

*So ordered.*

#### Meeting Announcements.

Board of Equalization, July 9, 10 a. m.

Judiciary Committee, July 9, 4 p. m. (in chambers of Board).

#### RECESS.

Whereupon, the Board of Supervisors at 5:05 p. m. recessed until Friday, July 9, 1937, at 10 a. m., when it will sit as a Board of Equalization to consider applications for reductions or corrections of assessments on the Assessment Roll for 1937-1938.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors, July 12, 1937.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

### RECESS.

Whereupon, the Board of Equalization took a recess until tomorrow, Tuesday, July 13, 1937, at 10 a. m.

J. S. DUNNIGAN, Clerk.

### TUESDAY, JULY 13, 1937, 10 A. M.

The Board of Supervisors met pursuant to recess of Monday, July 12, 1937, and after the transaction of other business proceeded to sit as a Board of Equalization in accordance with the motion of Supervisor Roncovieri and heard all applicants who had filed sworn statements and petition for correction or reduction of assessments of their property as shown on the assessment roll for the fiscal year 1937-1938.

### CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—7.

Absent—Supervisors Brown, Colman, Reilly, Roncovieri—4.

Quorum present.

President Shannon presiding.

### Consideration of Applications for Correction or Reduction of Assessments.

The following applicants or their agents who appeared were duly sworn, and testified regarding requested reductions in their assessments, to-wit:

No. 412 J. C. Berendsen (Graystone Hotel), Lot 12, Block 310, building assessed at \$30,000, land at \$81,230. Applicant stated that building contained eighty rooms, third class hotel with rooms renting as low as \$2.50 per week. One store is paying \$225 a month which used to pay \$1,000 a month. He asked for a substantial reduction in the assessment.

Director of Property Phillips declared that the property has already received this year a reduction in land value—that whole district has been reduced.

*Action deferred until Thursday or Friday.* (Subsequently the building assessment as on motion of Supervisor Uhl reduced from \$30,000 to \$25,000.

### BOARD OF SUPERVISORS.

Thereupon, the Board of Equalization recessed and reassembled as a Board of Supervisors, the following members being present:

Supervisors McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—7.

Absent—Supervisors Brown, Colman, Reilly, Roncovieri—4.

Quorum present.

President Shannon presiding.

### Re Appropriation of \$75,000 for Making Test Holes for Proposed Subway.

Harold Boyd, Controller, having been invited on motion of Supervisor Uhl to attend this meeting for the purpose of discussing the appropriation of \$75,000 out of Municipal Railway Funds for the purpose of making test holes along the route of the proposed subway on Market street, declared that the request for information on this subject has only been received in his office at 7:47 a. m. of Thursday last week and that he had not had time to get it together and asked for further time.

*So ordered.*

### RECESS.

Whereupon, the Board of Supervisors at 12:15 p. m. took a recess to reassemble as a Board of Equalization at 2:30 p. m. today.

J. S. DUNNIGAN, Clerk.

#### RECESS.

Whereupon, the Board of Equalization at 12:30 p. m. took a recess until the afternoon after the calendar of the Board of Supervisors is completed.

J. S. DUNNIGAN, Clerk.

#### MONDAY, JULY 19, 1937—4:40 P. M.

Upon conclusion of its calendar, the Board of Supervisors resolved itself into a Board of Equalization for the purpose of hearing the application (No. 701) of the Palace Hotel for a reduction of assessment.

#### CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Colman, Mead, Meyer, McSheehy, Ratto, Schmidt, Shannon, Uhl—

Absent—Supervisors Brown, Reilly, Roncovieri—3.

Quorum present.

President Shannon presiding.

#### Hearing of Application of Palace Hotel for Reduction of Assessment.

Chas. J. Husband, representing the Palace Hotel, was duly sworn and heard.

Supervisor Uhl asked Mr. Husband for his credentials and was told by Mr. Husband that he had a contract for three years with the Palace Hotel to represent in tax adjustment matters.

Chas. J. Husband, thereupon stated that the land comprising the Palace Hotel property was assessed at \$1,536,550. He asked that it be reduced to \$1,115,900. The improvements, he said, were assessed for \$1,300,240. He asked a reduction

\$688,750. Personal property assessed at \$174,043, he asked that it be reduced to \$68,875. He discussed basic front foot values on Market street north and south side between Third and Fourth and other locations as used by the Assessor and contended that in comparison the assessment of the Palace Hotel property was out of line.

### Motions.

Supervisor Brown moved that the matter be taken in the hands of the Board. No objection and *so ordered*.

Thereupon, Supervisor Brown asked Director of Property Phillips if after the statement of Mr. Husband he still considered the assessment of the Palace Hotel property an equitable one.

Director of Property Phillips, through Mr. Geo. Thomas, his assistant who had rechecked the assessment of the Palace Hotel, declared that the assessment was equitable. Mr. Phillips concurred in Mr. Thomas's conclusions.

Harold Boyd, Controller and former Chief Deputy Assessor being asked declared that there was no rigid rule as to values assessed by the Assessor. In support of his statement he read a court decision entitled "Harrison Lumber Company vs. City of Los Angeles."

### Application Denied.

Thereupon, on motion of Supervisor Uhl, seconded by Supervisor Schmidt, Application No. 701, F. B. Marshall (Palace Hotel) was *denied* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Reilly—1.

## BOARD OF SUPERVISORS

MONDAY, JULY 12, 1937, 2 P. M.

In Board of Supervisors, San Francisco, Monday, July 12, 1937, 2 p. m.  
The Board of Supervisors met in regular session.

### CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:  
Supervisors McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—9.  
Supervisors Brown and Colman excused.

### Telegram.

Telegram from Supervisor Colman, requesting to be excused from meetings of the Board for the reason that he is attending military camp at Monterey was read by the Clerk and on motion of Supervisor Meyer leave of absence was *granted*.

Quorum present.

President Shannon presiding.

### APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of July 6, 1937, was considered read and approved.

### MOTION TO RECONSIDER.

The following resolution is up on Supervisor Meyer's motion to reconsider vote whereby the same was *adopted* on July 6, 1937:

#### Committee to Study Unification of Street Railways.

(Code No. 15.091)

Resolution No. 3373, as follows:

Whereas, the proposed Cahill rapid transit plan involves a total cost to the taxpayers of \$51,000,000, including interest during construction; and

Whereas, present traffic and transportation conditions are unsatisfactory and will be almost intolerable during the nine months of the Exposition in 1939; and

Whereas, construction of the proposed subway system will cover a five-year period and it would thus appear that only nominal, if any, relief will be possible in time to meet conditions in 1939; and

Whereas, private railway lines operating in the City and County of San Francisco carry two and one-half patrons to one given service by the Municipal Railway; and

Whereas, it would appear that approval of the proposed large expenditure by a two-thirds vote prior to exhaustion of the possibilities of agreement for something approaching unification of service will be extremely difficult; now, therefore, be it

Resolved by the Board of Supervisors of the City and County of San Francisco, That a committee of *six*, including the City Controller, Chairman of the Finance Committee, Chairman of the Public Utilities Committee, Chairman of the Streets Committee, the President of the

Board of Supervisors, *and a representative of the Public Utilities Commission to be appointed by the Commission*, be and is hereby appointed and authorized to investigate the immediate possibilities of unification of the private and Municipal lines; the benefits of such unification and a basis, if any, upon which such consolidation may be satisfactorily negotiated; and be it

Further Resolved, That the committee herein authorized shall file with the Board of Supervisors prior to Monday, August 23, 1937, its report and recommendations which will permit official action by the Board of Supervisors in time to submit the proposed rapid transit plan, or a revision thereof, at the November 2, 1938, election; and be it

Further Resolved, That the Department of Public Works be instructed to broaden the present City-wide pedestrian and vehicular traffic survey, which is to officially conclude on August 1, to include pertinent information which may be helpful to the special committee in its studies and negotiations, without expense to the City.

*July 6, 1937—Adopted by the following vote:*

Ayes—Supervisors Brown, McSheehy, Ratto, Reilly, Roncovieri, Uhl—6.

No—Supervisor Meyer—1.

Absent—Supervisors Colman, Mead, Schmidt, Shannon—4.

Supervisor Meyer having changed from *No* to *Aye*, the vote now stands:

Ayes—Supervisors Brown, McSheehy, Meyer, Ratto, Reilly, Roncovieri, Uhl—7.

Absent—Supervisors Colman, Mead, Schmidt, Shannon—4.

**Opinion of City Attorney Re Initiation of Proceedings by the Board of Supervisors to Acquire Privately-Owned Railway Lines.**

The following was presented and read by the Clerk:

July 9, 1937.

To Supervisor Frederick Meyer.

Dear Sir: I am in receipt of a resolution pending adoption by the Board of Supervisors, the pertinent portions of which read as follows:

“Resolved, by the Board of Supervisors of the City and County of San Francisco that a committee of five, including the City Controller, Chairman of the Finance Committee, Chairman of the Public Utilities Committee, Chairman of the Streets Committee and the President of the Board, be and is hereby appointed and authorized to investigate the immediate possibilities of unification of the private and Municipal lines; the benefits of such unification and a basis, if any, upon which such consolidation may be satisfactorily negotiated; and be it

Further Resolved, That the Committee herein authorized shall file with the Board of Supervisors prior to Monday, August 23, 1937, its report and recommendations which will permit official action by the Board of Supervisors in time to submit the proposed rapid transit plan, or a revision thereof, at the November 2, 1938, election; and be it”

*Opinion.*

It would appear that the effect of the resolution would be to initiate proceedings to acquire an existing utility. I have heretofore advised the Board of Supervisors that the Charter provisions are not such that a utility can be acquired or constructed without the joint action of both the Public Utilities Commission and the Board of Supervisors; the former recommending the acquisition or construction of the utility, and the latter making provision for the necessary funds to defray the cost thereof.

However, it appears to me that Section 119 of the Charter definitely places upon the Public Utilities Commission the duty and obligation of making a report to the Board of Supervisors on the acquisition or construction of the utility before the Board can take any action to-

wards determining the question as to whether or not the same should be acquired.

Note the language of the section:

"It is the declared purpose and intention of the people of the city and county, when public interest and necessity demand, that public utilities shall be gradually acquired and ultimately owned by the city and county. Whenever the Board of Supervisors, as provided in Sections 101 to 104, inclusive, of this charter, shall determine that the public interest or necessity demands the acquisition, construction or completion of any public utility or utilities by the city and county, or whenever the electors shall petition the supervisors, as provided in Sections 105, 179 and 180 of this charter, for the acquisition of any public utility or utilities, the supervisors must procure a report from the public utilities commission thereon."

Therefore, if the Board of Supervisors should determine that public interest or necessity demands the acquisition of the privately-owned railway systems in the City and County of San Francisco, their first duty is to procure a report from the Public Utilities Commission as to the estimated value of said systems to be acquired and the condition under which the same may be acquired.

In view of the foregoing, you are advised that the provisions of the resolution, above mentioned, cannot be legally carried into effect.

Respectfully submitted,

JNO. J. O'TOOLE,  
City Attorney.

#### Motion.

Whereupon, Supervisor Meyer moved that the vote whereby the foregoing resolution was *adopted* be reconsidered.

No objection and it was *so ordered*.

Thereupon, Supervisor Meyer moved that resolution No. 3373 be repealed.

Motion *carried* by the following vote:

Ayes—Supervisors McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Brown, Colman—2.

#### Adopted.

Whereupon, the following resolution, presented by Supervisor Shannon, was *adopted* by the following vote:

#### Public Utilities Commission to Investigate Possibilities of Unification of Street Railway Systems.

(Code No. 15.091)

Resolution No. 3405, as follows:

Whereas, there is pending before the Board of Supervisors the proposition of initiating suitable proceedings for the financing of a rapid transit system as recommended by the Public Utilities Commission; and

Whereas, in the consideration of said proposition it is necessary for the Board of Supervisors to ascertain under what conditions the Municipal Railway and the privately owned street railway systems operating in the City and County of San Francisco could be unified so that the same might be operated as one system; now, therefore, be it

Resolved, That the Public Utilities Commission be and it is hereby directed to investigate the immediate possibilities of unification of the privately owned street railway systems with the Municipal Railway, the benefits which will accrue from said unification and the basis, if any, upon which consolidation may be satisfactorily negotiated, such unification to be effected either by a suitable operating agreement between the Public Utilities Commission and the privately owned street

railway systems, or by the acquisition of said last mentioned systems, and to make to this Board of Supervisors a report of said investigation on or before the 9th day of August, 1937; and be it

Further Resolved, That the Director of Public Works be requested to broaden his present City-wide pedestrian and vehicular traffic survey, which is to officially conclude on August 1, 1937, so as to include all pertinent information relative to pedestrian and vehicular traffic conditions which may be helpful to the Board of Supervisors in dealing with said rapid transit problem.

Ayes—Supervisors McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Brown, Colman—2.

### SPECIAL ORDER—3 P. M.

#### Action Deferred.

The following matters were, on motion, *laid over one week*:

#### Bond Issue Legislation—Rapid Transit.

(Code No. 15.059)

Resolution No. 3375, as follows:

Determining and declaring that public interest and necessity demand the acquisition, construction and completion by the City and County of San Francisco of a municipal improvement consisting of subways and surface rapid transit lines to connect with existing municipal and other railway lines and establishment of bus lines and the acquisition of the necessary cars, buses and equipment to be used in connection with said subways and surface rapid transit and bus lines, together with the required car and bus storage facilities, shops and buildings and the land necessary therefor, and all other things necessary, convenient or incidental to the construction, operation and maintenance of said rapid transit system within the City and County of San Francisco, including the necessary easements and rights of way, and further determining and declaring that the estimated cost of said improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved, by the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby determined and declared that public interest and necessity demand the acquisition, construction and completion by the City and County of San Francisco of a municipal improvement consisting of a subway in Market street from Fremont street westerly to the vicinity of Church street with a subway in Fremont street from Market street to the San Francisco-Oakland Bay Bridge terminal in the vicinity of Howard and Fremont streets; a subway through the Mission District commencing at a point in the vicinity of Market street and Van Ness avenue and extending to Mission street over the most advisable route and continuing southerly in Mission street to the right of way of the Southern Pacific Company at a point in the vicinity of Mission and Twenty-fifth streets; thence under the said right of way to a point in the vicinity of Twenty-seventh and Dolores streets; a subway in Montgomery street southerly from Columbus avenue to Market street, thence in Market street to Geary street and thence in Geary street to a point in the vicinity of Pierce street; a surface street railway commencing at the end of the subway in the vicinity of Twenty-seventh and Dolores streets over and along or near the right of way of the Southern Pacific Company to its intersection with Ocean avenue; and to establish and maintain bus lines to be operated in connection with and as feeders to said subways and surface railway lines existing or to be hereafter acquired, all to constitute a rapid transit system and to be operated in connection with the present municipal

railway system to relieve traffic congestion in the City and County of San Francisco and to accelerate the transportation of passengers between the business and residential sections of the City and County. Together with the acquisition of all lands, easements and rights of way necessary, convenient or incident to the construction, maintenance and operation of said subways and surface lines, including buses and all facilities necessary for the housing and servicing the cars and buses used in the operation of said subway, surface railway and bus lines, including the land necessary for said purpose. Together with all equipment, devices and facilities of every kind and nature necessary or incident or convenient to the acquisition, maintenance and operation of said subways, surface or bus lines, and the necessary changes in the present street railway equipment to make the same adaptable for use in connection with said subways and surface lines.

Section 2. The estimated cost of making the improvement described in Section 1 hereof is the sum of \$.....

Section 3. It is hereby determined and declared that of said sum of \$....., no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt in the sum of \$.....

Section 4. This resolution shall take effect immediately.

#### Bond Issue Legislation—Dead End Streets.

(Code No. 12.08)

Also, Resolution No. 3376, as follows:

Determining and declaring that public interest and necessity demand the acquisition, construction and completion by the City and County of San Francisco of a municipal improvement consisting of the extension of Fifth street diagonally across Market street to the intersection of Mason and Eddy streets and the projection of Grant avenue across Market street to then constitute a new street between Third and Fourth streets from Market street to Brannan street, and that the estimated cost of said improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved, By the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby determined and declared that public interest and necessity demand the acquisition, construction and completion by the City and County of San Francisco of a municipal improvement consisting of the establishing, laying out, opening, widening, extending, straightening, construction, improving and altering of streets and public ways, and the establishing, modifying, and changing the grade thereof; the construction of the necessary pavements, curbs, sidewalks, culverts and other structures, and the acquisition of any lands or rights of way and other property necessary for such purposes, including construction of extension of Fifth street diagonally across Market street to the intersection of Mason and Eddy streets and the projection of Grant avenue across Market street to then constitute a new street between Third and Fourth streets from Market to Brannan streets, all designed for the purpose of better accommodating traffic in the City and County of San Francisco.

Section 2. The estimated cost of making the improvement described in Section 1 hereof is the sum of \$.....

Section 3. It is hereby determined and declared that of said sum of \$..... no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt in the sum of \$.....

Section 4. This resolution shall take effect immediately.

June 28, 1937—Supervisor Colman moved that the City Attorney be requested to prepare legislation necessary for submission to the electors, the question of bond issue for the cutting through of "dead-end" streets, as separate question, i.e., one proposal for extension of Fifth street, and another for the projection of Grant avenue across Market street to Brannan street.

*So ordered.*

Whereupon, the subject matter was continued until July 12, 1937, at 3 p. m.

## UNFINISHED BUSINESS.

### Final Passage.

The following recommendations of Finance Committee, heretofore passed for second reading, were taken up:

#### **Authorizing Appropriation of \$6,412 From Surplus of Premiums Received From Bond Sales of the 1933 Airport Bond Issue to Appropriation No. 97-900-00, Airport Capital Additions.**

(Code No. 9.051)

**ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS,  
BILLS AND COMMUNICATIONS NOT CONSIDERED OR  
REPORTED UPON BY A COMMITTEE.**

**Mayor to Appoint Committee, Opening of Furniture Exchange.**

(Code No. 5.93)

Supervisor Meyer presented:

Resolution No. 3402, as follows:

Whereas, on August 2, next, there will be officially opened in San Francisco one of the largest mercantile buildings west of Chicago, known as the Western Furniture Exchange and Merchandise Mart, and constructed on Market street at Tenth during the past year, representing an investment of private capital of almost \$3,000,000; and

Whereas, this magnificent structure stands as a testimony in stone and steel to San Francisco's pre-eminence as the home furnishing style and trade center of the Pacific Slope; and

Whereas, through the attraction of this institution and the facilities it makes possible, home furnishing buyers of the entire West will make some 50,000 visits to San Francisco annually, bringing a flow of between \$35,000,000 and \$50,000,000 in commerce to this city; and

Whereas, over 2,000 homes are maintained in the San Francisco Bay region through employment resulting from the activities of the Western Furniture Exchange and Merchandise Mart and the market it has created; and

Whereas, the forthcoming Fall Market Week which signalizes the official opening of the new Mart on August 2 will be attended by thousands of the home furnishing trade leaders from all parts of Western America, further emphasizing San Francisco's importance in that great industry, and contributing substantially to this City's economic advancement; now, therefore, be it

Resolved, That the Mayor be empowered to appoint a Citizens' Committee to arrange for a fitting and proper observance of the opening of this great institution and for the welcoming of the several thousand visitors here to participate in the first great Market in the new Mart.

*Request approved by Board.***Policemen for Enforcement of Parking Ordinance.**

Subsequent to the final passage of the ordinances prohibiting parking on portions of Market street and in the Triangle District, Chief of Police Quinn and Captain Goff appeared and declared that in order to enforce the ordinance the Department would require 189 additional policemen for which there was no provision in the budget.

Supervisor Uhl requested that the Clerk obtain from the Chief of Police a statement as to how he figures his need for 189 men for enforcement of traffic ordinance as recently amended with respect to parking on Market street and in the Triangular District; also, where he is going to place these men.

**Applications for Liquor Licenses.**

Applications for liquor licenses, received by the Board, were *referred to the Finance Committee.*

**Express Bus Plan.**

Supervisor Uhl presented a proposed express bus plan for rapid transit which was *referred to the Public Utilities Committee* for consideration.

**Use of School Yards for Playgrounds.**

Question of opening of school yards for use of children during vacation periods was discussed and the Clerk was directed to inform the Mayor. Miss Randall, of the Recreation Department, informed the Board that a meeting of the Commission would be called, so that action looking to an emergency appropriation could be had.

**Proposed Amendment—Wage Scale—Private Employment on Public Contract.**

(Code No. 9.092)

Supervisor Mead presented:

Resolution No. ———, as follows:

Resolved, That the highest general prevailing rate of wages paid in private employment to various crafts in the City and County of San Francisco, including wages paid on holidays and for overtime work, is hereby determined and declared to be as herein set forth. Except as herein otherwise specifically provided, the wages herein fixed are based on an eight-hour day, 8 a. m. to 5 p. m., five days per week.

### APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of July 12, 1937, was considered read and approved.

**SPECIAL ORDER—2:30 P. M.**

The following matter was taken up:

**Supervisor Schmidt's Resolution Re 25c Bridge Toll.**

(Code No. ———)

Resolution No. 3018, as follows:

Whereas, it is only fair and equitable that posterity bear some part of the financial burden of the cost of the San Francisco-Oakland Bay Bridge, and in pursuance of that thought, the San Francisco Chronicle has proposed a refinancing plan whereby the present tolls may be reduced from sixty-five cents to twenty-five cents on each passenger automobile; and

Whereas, the San Francisco-Oakland Bay Bridge is only another great unit connecting up the State system of highways and it is proposed that it be financed out of gas tax funds in the same manner as those other great highway projects of the State of California, the Redwood Highway and the Feather River Canyon Highway, by an allocation of gas tax funds for the amortization of the bonds; and

Whereas, it is deemed practical that this may be done on the basis proposed, to-wit: that the annual \$2,000,000 bond amortization charges be guaranteed from gas tax funds and that the maintenance charges be met, as now, from gas tax supplied highway maintenance funds, and that the \$2,000,000 annual interest charges on the bonds be met from the proposed twenty-five cent toll, certain to be sufficient because of the increased traffic anticipated; therefore, be it

Resolved, That the Board of Supervisors of San Francisco goes on record as heartily in favor of the plan proposed by the San Francisco Chronicle and urges that the State Highway Commission proceed at once to put it into effect.

**Motion.**

Supervisor Schmidt, seconded by Supervisor Uhl, moved adoption of the resolution.

Motion *lost* by the following vote:

Ayes—Supervisors Schmidt, Uhl—2.

Noes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—8.

Absent—Supervisor Reilly—1.

**SPECIAL ORDER—3 P. M.****Bond Issue Legislation—Rapid Transit.**

(Code No. 15.059)

Resolution No. 3375, as follows:

Determining and declaring that public interest and necessity demand the acquisition, construction and completion by the City and County of San Francisco of a municipal improvement consisting of subways and surface rapid transit lines to connect with existing municipal and other railway lines and establishment of bus lines and the acquisition of the necessary cars, buses and equipment to be used in connection with said subways and surface rapid transit and bus lines, together with the required car and bus storage facilities, shops and buildings and the land necessary therefor, and all other things necessary, convenient or incidental to the construction, operation and maintenance of said rapid transit system within the City and County of San Francisco, including the necessary easements and rights of way, and further determining and declaring that the estimated cost of said improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved, by the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby determined and declared that public interest and necessity demand the acquisition, construction and completion by the City and County of San Francisco of a municipal improvement consisting of a subway in Market street from Fremont street westerly to the vicinity of Church street with a subway in Fremont street from Market street to the San Francisco-Oakland Bay Bridge terminal in the vicinity of Howard and Fremont streets; a subway through the Mission District commencing at a point in the vicinity of Market street and Van Ness avenue and extending to Mission street over the most advisable route and continuing southerly in Mission street to the right of way of the Southern Pacific Company at a point in the vicinity of Mission and Twenty-fifth streets; thence under the said right of way to a point in the vicinity of Twenty-seventh and Dolores streets; a subway in Montgomery street southerly from Columbus avenue to Market street, thence in Market street to Geary street and thence in Geary street to a point in the vicinity of Pierce street; a surface street railway commencing at the end of the subway in the vicinity of Twenty-seventh and Dolores streets over and along or near the right of way of the Southern Pacific Company to its intersection with Ocean avenue; and to establish and maintain bus lines to be operated in connection with and as feeders to said subways and surface railway lines existing or to be hereafter acquired, all to constitute a rapid transit system and to be operated in connection with the present municipal railway system to relieve traffic congestion in the City and County of San Francisco and to accelerate the transportation of passengers between the business and residential sections of the City and County. Together with the acquisition of all lands, easements and rights of way necessary, convenient or incident to the construction, maintenance and operation of said subways and surface lines, including buses and all facilities necessary for the housing and servicing the cars and buses used in the operation of said subway, surface railway and bus lines, including the land necessary for said purpose. Together with all equipment, devices and facilities of every kind and nature necessary or incident or convenient to the acquisition, maintenance and operation of said subways, surface or bus lines, and the necessary changes in the present street railway equipment to make the same adaptable for use in connection with said subways and surface lines.

Section 2. The estimated cost of making the improvement described in Section 1 hereof is the sum of \$.....

Section 3. It is hereby determined and declared that of said sum of \$6,353,300, no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt in the sum of \$.....

Section 4. This resolution shall take effect immediately.

#### Motion.

Supervisor Colman moved to postpone action on the foregoing until August 2, 1937, making it a Special Order of Business for 2:30 p. m. on that day.

Supervisor McSheehy moved as an amendment to Supervisor Colman's motion that the matter be re-referred to the Finance Committee with instructions to report back to the Board with breakdown of figures on August 2, 1937, and that the matter be made a Special Order of Business for 2:30 p. m. on that day.

Motion *carried* and Clerk directed, on motion of Supervisor McSheehy, to notify Mr. Cahill in writing of the hearing, requesting his presence at that time and quoting in notice Section 21 of the Charter referring to the power of subpoena given to the Board of Supervisors; also asking him for an answer to Supervisor McSheehy, suggestion made four weeks ago in reference to rapid transit when he urged purchase of Market Street Railway Company at \$5,000,000 its assessed

value and investment of \$15,000,000 for the purchase of buses. Supervisor Uhl also wants an answer at the same time to the question offered by himself on the same subject.

### Bond Issue Legislation—Dead End Streets.

(Code No. 12.08)

Resolution No. 3376, as follows:

Determining and declaring that public interest and necessity demand the acquisition, construction and completion by the City and County of San Francisco of a municipal improvement consisting of the extension of Fifth street diagonally across Market street to the intersection of Mason and Eddy streets and the projection of Grant avenue across Market street to then constitute a new street between Third and Fourth streets from Market street to Brannan street, and that the estimated cost of said improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved, By the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby determined and declared that public interest and necessity demand the acquisition, construction and completion by the City and County of San Francisco of a municipal improvement consisting of the establishing, laying out, opening, widening, extending, straightening, construction, improving and altering of streets and public ways, and the establishing, modifying, and changing the grade thereof; the construction of the necessary pavements, curbs, sidewalks, culverts and other structures, and the acquisition of any lands or rights of way and other property necessary for such purposes, including construction of extension of Fifth streets diagonally across Market street to the intersection of Mason and Eddy streets and the projection of Grant avenue across Market street to then constitute a new street between Third and Fourth streets from Market to Brannan streets, all designed for the purpose of better accommodating traffic in the City and County of San Francisco.

Section 2. The estimated cost of making the improvement described in Section 1 hereof is the sum of \$.....

Section 3. It is hereby determined and declared that of said sum of \$..... no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt in the sum of \$.....

Section 4. This resolution shall take effect immediately.

June 28, 1937—Supervisor Colman moved that the City Attorney be requested to prepare legislation necessary for submission to the electors, the question of bond issue for the cutting through of "dead-end" streets, as separate question, i. e., one proposal for extension of Fifth street, and another for the projection of Grant avenue across Market street to Brannan street.

*So ordered.*

### Motion.

Supervisor Meyer moved that action on the foregoing be postponed until August 2, 1937.

### Privilege of the Floor.

Andrew J. Gallagher, representing the Southern Promotion Association, and D. Nicholson, representing the Triangle District, were heard in opposition to any further delay.

W. J. Varley and M. Schultz were also heard.

### Action Deferred.

Thereupon Supervisor McSheehy seconded by Supervisors Meyer and Shannon moved as an amendment to the motion that the matter be

rereferred to the Finance Committee with instructions to report to the board with breakdown of figures on August 2, 1937, at 4 p. m.

Amendment *carried*.

## UNFINISHED BUSINESS.

**Confirming Sale of School Land, Twenty-fourth Avenue and Moraga Street.**

(Code No. 12.1722)

Resolution No. 3415, as follows:

Whereas, pursuant to Ordinance No. 12.172211, Bill No. 1288, the Director of Property advertised in the official newspaper that bids would be received by him on June 25, 1937, for the sale of the following described City-owned land situated in the City and County of San Francisco, State of California:

Commencing at a point on the easterly line of Twenty-fifth avenue, distant thereon 225 feet southerly from the southerly line of Moraga street (formerly "M" street) and running thence southerly along said line of Twenty-fifth avenue 150 feet; thence at a right angle easterly 240 feet to the westerly line of Twenty-fourth avenue; thence at a right angle northerly along said line of Twenty-fourth avenue 150 feet; thence at a right angle westerly 240 feet to the easterly line of Twenty-fifth avenue and the point of commencement.

Being portion of Outside Land Block 884.

Whereas, in response to said advertisement, August Hallgren, et ux., offered to purchase said land for the sum of \$12,000 cash, no higher bids having been made or received; and

Whereas, said sum of \$12,000 is more than 90 per cent of the preliminary appraisal of said property as made by the Director of Property, the amount of said appraisal being \$12,000; and

Whereas, August Hallgren, et ux., have paid the sum of \$1,200 to the Director of Property as a deposit in connection with this transaction; and

Whereas, the Board of Education has recommended the sale of said land; now, therefore, be it

Resolved, That said offer be and is hereby accepted; and be it

Further Resolved, That the Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute a deed for the conveyance of said land to August Hallgren, et ux. The buyers must pay the balance of the purchase price within thirty days after approval of this resolution. The Director of Property shall deliver said deed to the grantees upon receipt of the balance of the purchase price.

The following recommendation of the Finance Committee was taken up:

**Street Work.**

(Code No. 12.0611)

Bill No. 1398, Ordinance No. 12.061179, as follows:

Authorizing performance of certain street work to be done in the City and County of San Francisco; approving and adopting specifications therefor, describing and approving the assessment district, au-

thorizing the Director of Public Works to enter into contract for doing the same; extending City aid in the sum of eight hundred and fifty dollars (\$850), and making an appropriation therefor.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Director of Public Works, in written communication filed in the office of the Clerk of the Board of Supervisors July 2, 1937, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1934 of said City and County of San Francisco, said work to be performed under the direction of the Director of Public Works, and to be done in accordance with the specifications prepared therefor by order of said Director of Public Works and on file in his office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of the Street Improvement Ordinance of 1934 of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in ten installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be one year from the time of payment of the preceding installment, and the rate of interest to be charged for on all deferred payments shall be seven per cent (7%) per annum. *The improvement of:*

Funston avenue (westerly one-half) between Taraval street and 100 feet south;

Funston avenue (easterly one-half) between 220 feet and 250 feet south of Taraval street;

Funston avenue (easterly one-half) between 440 feet and 545 feet 10  $\frac{3}{8}$  inches south of Taraval street, and

Funston avenue (westerly one-half) between Ulloa street and 100 feet north, by the construction of the following:

Item

No.

Item

- 1 6-inch vitrified clay pipe side sewers.
- 2 Class "E" concrete center strip pavement.
- 3 Asphaltic concrete pavement, consisting of a 4-inch asphaltic concrete base and 2-inch asphaltic concrete wearing surface.

*And the improvement of:*

Funston avenue (easterly one-half) between Ulloa street and 58.93 feet north by the reconstruction of the following:

Item

No.

Item

- 4 Remove existing asphalt-concrete pavement, consisting of a concrete base and an asphaltic concrete wearing surface, and replace with Class "E" concrete center strip pavement.

The Director of Public Works does hereby set forth the district to be benefited by said contemplated work, and to be assessed to pay the costs and expenses thereof, as follows:

Within the exterior boundary of all those certain lots delineated, designated, and numbered, respectively, as:

Lots 1 and 15 of Block 2412, and

Lots 6 and 12A of Block 2413,

all being designated on the maps and books of the Assessor of the City and County of San Francisco, and upon the assessment book of the City and County of San Francisco current at the time of the inception of the proceedings for the above-mentioned improvement.

The foregoing described lots of land are contained within and con-

stitute the extent of the district benefited by said contemplated work or improvement, and to be assessed to pay the costs and expenses thereof, and reference to the same is hereby made for the description of such district.

Section 2. The sum of eight hundred fifty dollars (\$850) is hereby appropriated and set aside out of the surplus existing in the County Road Fund, to the credit of Appropriation 748.916.02, for the purpose of extending City Aid for this improvement pursuant to Section 6 of the Street Improvement Ordinance of 1934.

Recommended by W. H. Worden, Director of Public Works.

Approved by Alfred J. Cleary, Chief Administrative Officer.

Approved by Angelo J. Rossi, Mayor of San Francisco.

## ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

### Cancellation Tax Sale, State Property.

(Code No. 9.0412)

On recommendation of Finance Committee.

Resolution No. 3426, as follows:

Whereas, the Tax Collector has reported that the Lot 14B, Block 1914, formerly assessed to Claude and Agnes Lindsay, but recorded August 15, 1936, in the name of the Veterans' Welfare Board, was sold to the State for second instalment of taxes, Fiscal Year 1936, Sale No. 1016, June 25, 1937. Being State property this sale should be cancelled, and the City Attorney having consented thereto; therefore, be it

Resolved, That the Controller be directed to cancel the foregoing sale in accordance with the provisions of Section 3804A of the Political Code.

*Adopted by the following vote:*

Ayes—Supervisors Brown, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—8.

### In Memoriam—Dr. Joseph M. Toner.

(Code No. 5.91)

Supervisor McSheehy presented:

Resolution No. 3427, as follows:

Whereas, our Heavenly Father has summoned Dr. Joseph M. Toner to his eternal reward; and

Whereas, in our grief at his passing, it affords a brief respite to recall that:

Dr. Toner was born and spent his life, except for those periods devoted to his education, in San Francisco;

He dedicated his life to the welfare of his fellowmen, both in the alleviation of physical suffering and in their service as a public official, the latter successively as physician for the Fire Department, Coroner, Member of the Board of Supervisors and Director of Institutions for the State of California;

He performed his services and filled his offices conscientiously, efficiently and with such zeal as to reflect credit upon himself and his profession;

He was courteous, affable, sympathetic and indulgent;

He was a loving and faithful husband and a good father;

He was a gentleman in Christ and a rigid adherent to His Tenets;

Whereas, the family and friends, as well as San Franciscans as a whole, will sorely miss, and long mourn the absence of the genial Doctor Toner; now, therefore, be it

Resolved, That this Board of Supervisors notes with sincere regret the passing of our former colleague, Dr. Joseph M. Toner, and does hereby tender its heartfelt condolences to his widow and family in this, their great bereavement; and be it

Further Resolved, That when the Board of Supervisors adjourns this day, it does so out of respect to the memory of the late Dr. Joseph M. Toner.

*Adopted* unanimously by rising vote.

**Highway Commission to Provide Funds to Break Traffic  
Bottlenecks to Golden Gate Bridge.**

(Code No. 5.41)

Supervisor Mead presented for Supervisor Schmidt:

Resolution No. 3428, as follows:

Whereas, operation of the Golden Gate Bridge has conclusively shown that the bottlenecks at the northerly approach thereto constitute a hazardous and intolerable condition; and

Whereas, because traffic over this bridge has exceeded even the most optimistic estimates, and further, because the Golden Gate International Exposition will, when opened in 1939, attract thousands of automobilists into San Francisco via this bridge, it is imperative that immediate steps be taken to facilitate vehicular travel over this route; now, therefore, be it

Resolved, That this Board of Supervisors does hereby memorialize the Highway Commission of the State of California and does urge that immediate and decisive steps be taken to make the necessary funds available and to construct facilities which will eliminate the conditions created by the aforementioned bottlenecks; and be it

Further Resolved, That copies of this resolution be sent to the Governor of the State of California and to the Highway Commission.

*Adopted* by the following vote:

### SPECIAL ORDER—2:30 P. M.

The following matter at meeting of July 19, 1937, was laid over for consideration at meeting of August 2, 1937:

#### Bond Issue Legislation—Rapid Transit.

(Code No. 15.059)

Resolution No. 3375, as follows:

Determining and declaring that public interest and necessity demand the acquisition, construction and completion by the City and County of San Francisco of a municipal improvement consisting of subways and surface rapid transit lines to connect with existing municipal and other railway lines and establishment of bus lines and the acquisition of the necessary cars, buses and equipment to be used in connection with said subways and surface rapid transit and bus lines, together with the required car and bus storage facilities, shops and buildings and the land necessary therefor, and all other things necessary, convenient or incidental to the construction, operation and maintenance of said rapid transit system within the City and County of San Francisco, including the necessary easements and rights of way, and further determining and declaring that the estimated cost of said improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved, by the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby determined and declared that public interest and necessity demand the acquisition, construction and completion by the City and County of San Francisco of a municipal improvement consisting of a subway in Market street from Fremont street westerly to the vicinity of Church street with a subway in Fremont street from Market street to the San Francisco-Oakland Bay Bridge terminal in the vicinity of Howard and Fremont streets; a subway through the Mission District commencing at a point in the vicinity of Market street and Van Ness avenue and extending to Mission street over the most advisable route and continuing southerly in Mission street to the right of way of the Southern Pacific Company at a point in the vicinity of Mission and Twenty-fifth streets; thence under the said right of way to a point in the vicinity of Twenty-seventh and Dolores streets; a subway in Montgomery street southerly from Columbus avenue to Market street, thence in Market street to Geary street and thence in Geary street to a point in the vicinity of Pierce street; a surface street railway commencing at the end of the subway in the vicinity of Twenty-seventh and Dolores streets over and along or near the right of way of the Southern Pacific Company to its intersection with Ocean avenue; and to establish and maintain bus lines to be operated in connection with and as feeders to said subways and surface railway lines existing or to be hereafter acquired, all to constitute a rapid transit system and to be operated in connection with the present municipal railway system to relieve traffic congestion in the City and County of San Francisco and to accelerate the transportation of passengers between the business and residential sections of the City and County. Together with the acquisition of all lands, easements and rights of way necessary, convenient or incident to the construction, maintenance and operation of said subways and surface lines, including buses and all facilities necessary for the housing and servicing the cars and buses used in the operation of said subway, surface railway and bus lines, including the land necessary for said purpose. Together with all equipment, devices and facilities of every kind and nature necessary or incident or convenient to the acquisition, maintenance and operation of said subways, surface or bus lines, and the necessary changes in the present street railway equipment to make the same adaptable for use in connection with said subways and surface lines.

Section 2. The estimated cost of making the improvement described in Section 1 hereof is the sum of \$49,250,000.

Section 3. It is hereby determined and declared that of said sum of \$49,250,000, no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt in the sum of \$49,250,000.

Section 4. This resolution shall take effect immediately.

That said bonds were surrendered for the reason that, without any bad faith upon the part of the owners and holders thereof, they had become so mutilated and defaced so as to impair their value; that upon the surrender of said bonds, and under and pursuant to the provisions of the aforesaid resolution, new and duplicate bonds of the same numbers, amounts and maturities were duly signed and executed by the proper officials of the City and County of San Francisco and were delivered to Bankamerica Company and R. W. Pressprich & Co., the owners and holders thereof. That upon the delivery of the aforesaid duplicate bonds each of the said original bonds numbered and designated, and surrendered as aforesaid, was by me marked "cancelled and void", and that said bonds so marked "cancelled and void" now remain in my office not to be sold or delivered to any person.

Dated, San Francisco, California, July 30, 1937.

DUNCAN MATHESON,

Treasurer of the City and County of San Francisco.

Adopted.

Whereupon, the following resolution was *adopted*:

#### **Granting Bus Permit to Market Street Railway Company—Geneva Avenue.**

(Code No. 15.09)

Resolution No. 3440, as follows:

Resolved, That the Market Street Railway Company, a corporation, be and it is hereby granted permission, revocable at will of the Board of Supervisors, to maintain and operate automobile buses over and on the hereinafter described route in the City and County of San Francisco, to-wit:

Commencing at the intersection of Mission street and Geneva avenue, thence northeasterly along Mission street to Amazon street, thence southeasterly along Amazon street to London street, thence southwesterly along London street to Geneva avenue, thence southeasterly along Geneva avenue to Naples street, thence southwesterly along Naples street to Prague street, thence easterly and northerly along Prague street to Geneva avenue, thence southeasterly along Geneva avenue to the County line; and returning, from the County line at Geneva avenue, thence northwesterly along Geneva avenue to Prague street, thence southerly and westerly along Prague street to Naples street, thence northeasterly along Naples street to Geneva avenue, thence northwesterly along Geneva avenue to Mission street and the point of commencement.

That said permit be and the same is hereby granted upon the terms and conditions hereinafter set forth, and the acceptance or use of said permit by said Market Street Railway Company shall be deemed to be an assent to all of said terms and conditions, and for the holding of said permit subject thereto, which said terms and conditions are as follows:

(a) That nothing herein contained shall be considered to be a franchise granted to said Market Street Railway Company to operate said buses, nor shall the same ever become or ripen into a franchise, and that the permit herein granted shall at all times be revocable at the will of the Board of Supervisors, and upon the revocation of the same all rights and privileges herein granted shall cease and determine, and the said permit or any of the privileges thereby granted, or exercised thereunder, shall not, in any proceeding instituted by the City of San Francisco to acquire the system of said Market Street Railway Company, be deemed an asset or thing of value to said system.

(b) That said buses will at all times be operated by skilled oper-

ators, and in the operation of the same the said Market Street Railway Company will comply with all state and municipal rules, laws and regulations relating to the operation of said buses.

(c) That on said buses operated under this permit a fare of five (5) cents for each passenger shall be charged, which such fare when paid on said bus shall entitle the passenger to a transfer to the street railway lines of the Market Street Railway Company on Mission street at Geneva avenue and on Bay Shore boulevard (formerly San Bruno avenue) at the county line of San Mateo County upon the payment therefor of two (2) cents, as ordered and authorized by the Railroad Commission of the State of California by Order No. 29889, dated June 21, 1937, and Supplemental Order No. 29890, dated June 23, 1937, and Market Street Railway Company shall accept transfers from passengers transferring from Mission street at Geneva avenue and from Bay Shore boulevard (formerly San Bruno avenue) at the county line of San Mateo County to said bus line, as ordered and authorized by the Railroad Commission of the State of California as above referred to.

(d) That the permit herein granted shall not be assigned or transferred without consent of the Board of Supervisors, and before the same shall become effective the Market Street Railway Company shall file with the Board of Supervisors a written acceptance of said permit, in which it shall agree to accept said permit, subject to all the conditions herein contained.

The Finance Committee presented:

Bill No. 1410, Ordinance No. 9.051411, as follows:

Appropriating the sum of five thousand four hundred (\$5,400) dollars from the Emergency Reserve Fund (702,900.00) to the Civil Service Commission Fund, No. 771.102.00 for the purpose of providing funds for defraying the expenses of the necessary work of the Civil Service Commission to enable said Commission to make a report to the Board of Supervisors in re the standardization of salaries of the employees of the City and County of San Francisco; and declaring that an emergency exists; and passing this ordinance as an emergency measure.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby appropriated from the Emergency Reserve Fund No. 702,900.00 the sum of five thousand four hundred (\$5,400) dollars to the Civil Service Commission Fund No. 771.102.00 for the purpose of defraying the expenses of the Civil Service Commission in forthwith making a report to the Board of Supervisors regarding the standardization of the salaries of the employees of the City and County of San Francisco.

Section 2. This appropriation is made from the Emergency Reserve Fund for the reason that an emergency exists and it is necessary for the uninterrupted operation of said Civil Service Commission that said appropriation be made.

Section 3. This ordinance is passed as an emergency measure for the reason that the same must become effective immediately and this Board of Supervisors does, by the vote by which this ordinance is passed, declare that an actual emergency exists which necessitates this ordinance becoming effective forthwith, the nature and character of said emergency being as follows, to-wit:

That the immediate standardization of salaries of the employees of the City and County of San Francisco, in accordance with the provisions of the Charter, Section 151 thereof, is necessary and the amount of said appropriation is necessary for the uninterrupted operation of the Civil Service Commission and in order to permit said Civil Service Commission to forthwith make a report as to the standardization of the salaries of the employees of the City and County of San Francisco.

**Opinion of City Attorney Re Emergency Appropriation for Civil Service Commission for Standardization of Salaries.**

The following was read by the Clerk:

August 2, 1937.

Dear Sirs: I have the request of your Finance Committee asking that I advise you if the appropriation for \$5,400 requested by the Civil Service Commission can be made from the Emergency Reserve Fund. It is noted that the Commission has made request upon the Mayor for this appropriation and that the Mayor requests your Board to pass the necessary ordinance making the appropriation from the Emergency Reserve Fund, and that the Controller certifies as to the availability of funds.

Therefore, the only question to be determined is whether the appropriation, under existing conditions, can legally be made from the Emergency Reserve Fund.

*Opinion.*

Section 79 of the Charter provides for the creation of the Emergency Reserve Fund for the purpose of meeting any emergencies as same are defined in Sections 16 and 25 of the Charter. Section 79 also provides that appropriations from such Reserve Fund shall be made only on the recommendation of the department head, the board or commission in charge of such department, the recommendation of the Mayor and the enactment of an ordinance by a three-fourths vote of the Board of Supervisors.

Section 25 deals with emergencies which involve or threaten the life, property or welfare of the citizens or the property of the city and county. Therefore, the present appropriation does not come within the provisions of this section.

Section 16 defines an emergency measure as one necessary for the preservation of public peace, property, health or safety, or provision for the uninterrupted operation of any city and county department or office, or action required to comply with time limitations as established by law.

The Supreme Court of California, in the case of *Collins v. Marsh*, 176 Cal. 639, defines an emergency as

"an unforeseen occurrence or combination of circumstances which calls for immediate action or remedy; a pressing necessity; an exigency."

In the case of *Los Angeles Dredging Co. v. Long Beach*, 210 Cal. 348, the Supreme Court said:

"To say what constitutes an emergency is not an easy task. The term depends greatly upon the special circumstances of each case and the authorities are not very helpful in the present inquiry. By definition the term emergency implies a sudden or unexpected necessity requiring speedy action."

I give you these definitions of the term "emergency" for the reason that, in my opinion, the existence of the emergency must be determined by you, and while the declaration or finding of the existence of an emergency by your Board is not binding upon the courts, it is prima facie evidence of its existence.

In the instant case it appears from the letter addressed by the Civil Service Commission to the Mayor, copy of which you attach to your request, that the appropriation is asked for the purpose of standardizing salaries as required by the Charter.

Section 151 of the Charter makes it the duty of the Board of Supervisors, in conjunction with the Civil Service Commission, to standardize salaries, the first step in the proceeding being the report or recommendation of the Civil Service Commission. I understand that the appropriation is to be used for making this report. There is no time set by the Charter provision within which to complete the standardization but the Charter seems to make it mandatory that salaries be standardized.

The Civil Service Commission excuses itself for not providing funds for its work in the matter of standardization of salaries upon the ground that when it realized the acute necessity that standardization be completed before next year the budget estimates had been practically completed and the appropriation ordinance had been practically adopted and that the several meetings had before the Board of Supervisors in the matter of the adoption of the Appropriation Ordinance and the adoption of the Salary Ordinance showed that salary standardization should be effected before the budget estimates for the coming fiscal year were submitted in accordance with the Charter.

As I have already stated, the matter of the determination of the existence of an emergency rests with your Board. I have given you the general rules whereby you may determine the fact of the existence of an emergency and if, at the present time, you believe that in order to enable the Civil Service Commission to perform its duty and therefore continue without interruption the operation of its department, the appropriation comes within the emergency provision of Section 16 of the Charter, by a three-fourths vote of your Board you may pass the ordinance.

I return to you the communication addressed to you by his Honor, the Mayor, and also copies of the communications addressed to the Mayor by the Civil Service Commission on this subject.

Very truly yours,

(Signed) JOHN J. O'TOOLE,  
City Attorney

#### Motion.

Supervisor McSheehy moved that the foregoing matter be referred to the Civil Service Committee and that it be made a Special Order in the Board for Monday, August 9, 1937, at 5 p. m.

Motion *carried* by the following vote:

Ayes—Supervisors McSheehy, Mead, Reilly, Roncovieri, Schmidt, Shannon, Uhl—7.

Noes—Supervisors Brown, Colman, Meyer, Ratto—4.

#### SPECIAL ORDER—4 P. M.

The following matter at meeting of July 19, 1937, was laid over for consideration at meeting of August 2, 1937:

#### Bond Issue Legislation—Dead End Streets.

(Code No. 12.08)

Resolution No. 3376, as follows:

Determining and declaring that public interest and necessity demand the acquisition, construction and completion by the City and County of San Francisco of a municipal improvement consisting of the extension of Fifth street diagonally across Market street to the intersection of Mason and Eddy streets and the projection of Grant avenue across Market street to then constitute a new street between Third and Fourth streets from Market street to Brannan street, and that the

estimated cost of said improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved, By the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby determined and declared that public interest and necessity demand the acquisition, construction and completion by the City and County of San Francisco of a municipal improvement consisting of the establishing, laying out, opening, widening, extending, straightening, construction, improving and altering of streets and public ways, and the establishing, modifying, and changing the grade thereof; the construction of the necessary pavements, curbs, sidewalks, culverts and other structures, and the acquisition of any lands or rights of way and other property necessary for such purposes, including construction of extension of Fifth street diagonally across Market street to the intersection of Mason and Eddy streets and the projection of Grant avenue across Market street to then constitute a new street between Third and Fourth streets from Market to Brannan streets, all designed for the purpose of better accommodating traffic in the City and County of San Francisco.

Section 2. The estimated cost of making the improvement described in Section 1 hereof is the sum of \$.....

Section 3. It is hereby determined and declared that of said sum of \$..... no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt in the sum of \$.....

Section 4. This resolution shall take effect immediately.

June 28, 1937—Supervisor Colman moved that the City Attorney be requested to prepare legislation necessary for submission to the electors, the question of bond issue for the cutting through of "dead-end" streets, as separate question, i. e., one proposal for extension of Fifth street, and another for the projection of Grant avenue across Market street to Brannan street.

*So ordered.*

#### Motion.

On motion duly made and *carried*. Rule 35 was suspended in order that the citizens who wished to speak might have the privilege of the floor.

#### Privilege of the Floor.

A. J. Gallagher, 1485 Eighteenth street, representing the Southern Promotion Association; Timothy Healy, 640 Taylor street, representing Market Street Merchants; Cleve Shaffer, Sutter street, representing citizens; W. J. Varley, 133 Rey avenue, representing Central Council of Civic Clubs, and D. V. Nicholson, 2841 Vallejo, representing the Tiangle Merchants, were heard at length on the pending question.

#### Motions.

Supervisor Uhl moved to lay matter over until 4 p. m. next Monday, Clerk to get report from Chief Administrative office.

Motion *lost* by the following vote:

Ayes—Supervisors McSheehy, Meyer, Roncovieri, Shannon, Uhl—5.  
Noes—Supervisors Brown, Colman, Mead, Ratto, Reilly, Schmidt—6.

Whereupon, the roll was called on Resolution No. 3376 as presented and the same was *defeated* by the following vote:

Ayes—Supervisors Mead, Reilly, Roncovieri, Schmidt, Shannon—5.  
Noes—Supervisors Brown, Colman, McSheehy, Meyer, Ratto, Uhl—6.

Supervisor Colman, seconded by Supervisor Mead, moved submission to the people of a proposed bond issue for \$1,908,500 for extending Fifth street across Market to Eddy and Mason streets.

Supervisor Shannon objected to consideration of the matter and moved that it be referred to committee.

Supervisor Schmidt, seconded by Supervisor Brown, moved to rescind action whereby Resolution No. 3376 was defeated.

Chair declared that he would not reconsider action with the opinion of the City Attorney and ruled the motion out of order until he has the City Attorney's advice.

#### Appeal From the Decision of the Chair.

Supervisors Colman and Brown appealed from the decision of the Chair.

Supervisor McSheehy, being called upon, put the question: Shall the decision of the Chair be the decision of the Board, and the roll was called. The Chair was *sustained* by the following vote:

Ayes—Supervisors McSheehy, Mead, Meyer, Ratto, Reilly, Roncovi-eri, Uhl—7.

Noes—Supervisors Brown, Colman, Schmidt—3.

Excused from voting—Supervisor Shannon—1.

#### Referred.

Whereupon, the question of separate bond issue for Fifth street was *referred to the Finance Committee*. Also, on motion of Supervisor Ratto, the question of Grant avenue was *referred to the Finance Committee*.

#### ADJOURNMENT.

Whereupon, the Board of Supervisors, at 11:25 p. m., adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors August 9, 1937.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

### HEARING OF APPEAL

#### Rezoning of Cordelia Street Between Pacific Street and Broadway.

Hearing of appeal from decision of the City Planning Commission  
granting an application to rezone from Commercial District to Light  
Industrial District, property located on Cordelia street between Pa-  
cific street and Broadway.

On motion duly made and *carried* the foregoing matter was made a  
Special Order of Business for 4 p. m. this day. Subsequently at the  
appointed hour, the Board of Supervisors proceeded and heard the  
interested parties, to-wit:

R. M. J. Armstrong, representing the new Century Beverage Co.,  
was heard in opposition to the appellants. He favored the decision  
of the City Planning Commission.

Wm. G. Hogan, representing Madison and Burke, Realtors, was also  
heard in opposition to appellants.

Antonio Cassiantelli, 15 Cordelia street property owner, was heard  
in opposition to the rezoning.

Mr. Leonard, representing Laborers Union, also spoke in the interest  
of Mr. Cassiantelli.

Mr. A. Campidonico, 2336 Bay street, representing the new Beverage  
Company, was heard urging the rezoning.

### Resolution Defeated.

Whereupon, the following resolution was presented and *refused*  
*adoption* by the following vote:

**Disapproving Decision of City Planning Commission Granting Application to Rezone Cordelia Street Between Pacific Street and Broadway.**

(Code No. 13.02)

Resolution No. ———, as follows:

Resolved, That the decision of the City Planning Commission, by its Resolution No. 1652, dated June 17, 1937, granting application to rezone from Commercial District to Light Industrial District, property located on Cordelia street between Pacific street and Broadway, is hereby disapproved.

Aye—Supervisor Reilly—1.

Noes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

**MOTION TO RECONSIDER**

The following matter was taken up:

**Bond Issue Legislation—Rapid Transit.**

(Code No. 15.059)

Resolution No. 3375, as follows:

Determining and declaring that public interest and necessity demand the acquisition, construction and completion by the City and County of San Francisco of a municipal improvement consisting of subways and surface rapid transit lines to connect with existing municipal and other railway lines and establishment of bus lines and the acquisition of the necessary cars, buses and equipment to be used in connection with said subways and surface rapid transit and bus lines, together with the required car and bus storage facilities, shops and buildings and the land necessary therefor, and all other things necessary, convenient or incidental to the construction, operation and maintenance of said rapid transit system within the City and County of San Francisco, including the necessary easements and rights of way, and further determining and declaring that the estimated cost of said improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved, by the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby determined and declared that public interest and necessity demand the acquisition, construction and completion by the City and County of San Francisco of a municipal improvement consisting of a subway in Market street from Fremont street westerly to the vicinity of Church street with a subway in Fremont street from Market street to the San Francisco-Oakland Bay Bridge terminal in the vicinity of Howard and Fremont streets; a subway through the Mission District commencing at a point in the vicinity of Market street and Van Ness avenue and extending to Mission street over the most advisable route and continuing southerly in Mission street to the right of way of the Southern Pacific Company at a point in the vicinity of Mission and Twenty-fifth streets; thence under the said right of way to a point in the vicinity of Twenty-seventh and Dolores streets; a subway in Montgomery street southerly from Columbus avenue to Market street, thence in Market street to Geary street and thence in Geary street to a point in the vicinity of Pierce street; a surface street railway commencing at the end of the subway in the vicinity of Twenty-seventh and Dolores streets over and along or near the right of way of the Southern Pacific Company to its intersection with Ocean avenue; and to establish and maintain bus lines to be operated in connection with and as feeders to said subways and surface railway lines existing or to be hereafter acquired, all to constitute a rapid transit system and to be operated in connection with the present municipal railway system to relieve traffic congestion in the City and County of San Francisco and to accelerate the transportation of passengers

between the business and residential sections of the City and County. Together with the acquisition of all lands, easements and rights of way necessary, convenient or incident to the construction, maintenance and operation of said subways and surface lines, including buses and all facilities necessary for the housing and servicing the cars and buses used in the operation of said subway, surface railway and bus lines, including the land necessary for said purpose. Together with all equipment, devices and facilities of every kind and nature necessary or incident or convenient to the acquisition, maintenance and operation of said subways, surface or bus lines, and the necessary changes in the present street railway equipment to make the same adaptable for use in connection with said subways and surface lines.

Section 2. The estimated cost of making the improvement described in Section 1 hereof is the sum of \$49,250,000.

Section 3. It is hereby determined and declared that of said sum of \$49,250,000, no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt in the sum of \$49,250,000.

Section 4. This resolution shall take effect immediately.

*July 12, 1937—Over one week.*

*July 19, 1937—Over until August 2, 1937, and made a Special Order for 2:30 p. m.*

*August 2, 1937—Refused passage by the following vote:*

Ayes—Supervisors Colman, Mead, Meyer, Ratto, Reilly, Schmidt, Shannon—7.

Noes—Supervisors Brown, McSheehy, Roncovieri, Uhl—4.

*Requiring eight votes, the resolution was refused adoption.*

Before the result of the foregoing ballot was announced, Supervisor Colman changed his vote from *Aye* to *No* and moved for reconsideration at this meeting.

The vote now stands:

Ayes—Supervisors Mead, Meyer, Ratto, Reilly, Schmidt, Shannon—6.

Noes—Supervisors Brown, Colman, McSheehy, Roncovieri, Uhl—5.

#### Motion to Reconsider.

Supervisor Colman moved for reconsideration of the action of last Monday, whereby Resolution No. 3376 was defeated.

Motion *carried* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

#### Motion.

Supervisor Roncovieri moved for a segregation of the resolution and a separate vote on section 1, endorsing the Cahill Plan, and a separate vote on sections 2 and 3, providing for the amount of the bond issue.

Motion *carried*.

Whereupon, the roll was called on Section 1, and the motion *carried* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon—10.

No—Supervisor Uhl—1.

#### Proposed Amendment.

Supervisor Roncovieri, seconded by Supervisor Shannon, moved as an amendment, that the figures \$51,000,000 be inserted in lieu of

\$49,250,000 at the end of Section 2; in the second line of Section 3, and at the end of Section 3.

Amendment *defeated* by the following vote:

Ayes—Supervisors Mead, Roncovieri, Shannon—3.

Noes—Supervisors Brown, Colman, McSheehy, Meyer, Ratto, Reilly, Schmidt, Uhl—8.

#### Resolution Adopted.

Whereupon, the roll was called on Resolution No. 3375, providing for a Bond Issue of \$49,250,000 for Rapid Transit, and the same was *adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Schmidt—8.

Noes—Supervisors Roncovieri, Shannon, Uhl—3.

#### Explanation of Vote.

Supervisor Roncovieri explained his vote as follows:

Mr. President, Members of the Board of Supervisors:

What I am about to say on this momentous question is uttered with no sense of embarrassment or tinge of apology; nor am I fearful of dire and calamitous results if my attitude in the matter should, at the moment, appear to some to needlessly obstruct the submission of the subway bond issue to the people.

To those within sound of my voice, to those who will read of my expressed opinion in the Press tomorrow, to those who will hear by word of mouth, however distorted the version of my stand on this matter may be, I say to you, as your Chairman of Finance, as your Supervisor at large, as your friend and neighbor, as your co-bearer of the present day burden of taxation, that when I oppose the submission of the Public Utilities Commission *Plan of Financing* the subway, I do so without malice or prejudice.

This Board of Supervisors knows—and the citizens of San Francisco know—that I have unswervingly advocated the construction of the rapid transit subway system, *together with the method of financing it as recommended by Messrs. Ridgway and Brahdy*. The Public Utilities Commission, however, has seen fit to change and wholly alter the *Ridgway-Brahdy Plan of financing* the construction of the subway rapid transit project. This *new idea* of the Public Utilities Commission on the subject of finance, is a complete reversal and right about face from the original *Ridgway-Brahdy recommendations* which Mr. Cahill, representing the Commission has been strenuously advocating for more than a year up to May 7, 1937.

I do not—I cannot—approve these unwarranted changes in the original *Ridgway-Brahdy Plan of finance*. The recent alterations made by the Public Utilities Commission in the original, well-considered *Ridgway-Brahdy Plan*, if approved by this Board, will impose on the present day taxpayers an increase in the tax rate of more than 94.4 cents on each \$100 of assessed valuation, amounting to more than \$7,557,000 in excess over the original *Ridgway-Brahdy Plan* during the first ten years of the life of the bonds.

No intelligent person can deny that the placing of this crushing and totally *unnecessary* tax burden upon the already overburdened backs of our present-day taxpayers will positively insure the defeat of the bond issue, and consequently of the splendid rapid transit project. I shall not be a party to insulting the intelligence of the taxpayers by voting for a plan which unnecessarily imposes upon them more than 94.4 cents in the tax rate which amounts in cash to more than \$7,557,000 in excess of the *Ridgway-Brahdy Plan of financing* the project.

The taxpayers are still struggling to get themselves out of the worst financial slough of depression the world has ever known. And yet,

*the members of this Board are asked to add the huge increase of 94.4 cents, or more than \$7,557,000 to the present agony of the people's tax load!!*

**TAXES! TAXES!! AND MORE TAXES!!!**—Federal, State, and Municipal. Is there to be no end to the orgy of increasing taxation? I refuse absolutely to be a party to the piling up of totally *unnecessary* taxes by submitting to the voters such a poor substitute for the well-conceived and sensible Ridgway-Brahdy Plan of financing.

Right now I warn you: You will imperil the success of the rapid transit project if you should persist in the action you took last Monday of substituting the Public Utilities Commission's *unfair plan* for the Ridgway-Brahdy Plan. You cannot tie a millstone around the necks of our taxpayers and expect them to swim across the swollen flood-stream of increasing taxation. Give the taxpayer a chance for his life. *Do not treat him as the forgotten man!* But if you will not change your attitude and obey the dictates of reason that is your responsibility.

So convinced am I that the construction of a subway system is the only feasible One Hundred Percent Solution of our transportation problems, and so desirous am I that it shall come to pass, that I most earnestly plead with you, with all the emphasis at my command, to vote for the original Ridgway-Brahdy Plan of financing it advocated until recently by Mr. Cahill himself, and which I am advocating as the best way to finance the project. I am asking you to vote for the same plan which has been made a part of our charter, and which is generally used to finance great public projects such as the two great bridges across the Bay, the Hetch Hetchy Dam, the Hetch Hetchy Power Project, the Water Distribution System, and many others. It is accepted in all financial circles as being the soundest method of financing public projects, and is in accordance with the best accounting practice.

The Ridgway-Brahdy recommendation remains the same today as when it was made over a year ago. We have never been told why the Public Utilities Commission has seen fit to repudiate it, although the Commission at first accepted it and recommended it to the Board of Supervisors continuously for over a year. No one knows why the Commission suddenly turned its back on the Ridgway-Brahdy Plan. Not one word of explanation has ever been given to this Board of Supervisors.

The Ridgway-Brahdy Plan places the financing of the project before the people in its most favorable aspect respecting taxes, and if presented to the people they may favorably take this plan of financing, because it will never during the entire life of the bonds, increase the requirements for bond interest and redemptions over the requirements for the present fiscal year, and because it will cost \$7,557,000 less during the first ten years than the new plan proposed by the Commission. But if you deliberately reject the Ridgway-Brahdy Plan which I am advocating, and in its stead you vote to place the new Public Utilities Commission Plan on the ballot, I predict you will find the taxpayers resentful of the handicap you place upon them, and they will repudiate and overwhelmingly reject the bond issue.

Gentlemen, I have fought the good fight solely in the interests of presenting to the people a fair and honest financial set-up for the project in all its phases, one that would be to the advantage of the people in every way. I am, therefore, constrained to stand my ground, in the firm conviction that the original Ridgway-Brahdy Plan of financing the project should prevail over the ill-considered substitute of the Public Utilities Commission.

Supervisor McSheehy presented:

Gentlemen, a favorable vote upon the motion to reconsider the vote of last Monday on Rapid Transit has just been taken, placing that problem before us just as it was one week ago.

I, therefore, rise to vote on the question of the submission of the Cahill Plan of Rapid Transit, but before my vote is cast, I wish to

explain my reasons for casting my vote in favor of submission of the Cahill Plan, in view of the fact that I have consistently, in the past, opposed it and have championed the purchase of the Market Street Railway at a nuisance value of \$5,000,000, and have suggested a bond issue of \$15,000,000—\$10,000,000 for 1,000 new, modern motor buses similar to those used in New York, and \$5,000,000 as a nuisance value for the Market Street Railway.

All agree that some form of rapid transit must be put in operation in San Francisco or a great many of our people will leave San Francisco and reside in Alameda and Marin Counties on account of the rapid transit facilities afforded them by the two great bay bridges.

Section 121 of the Charter has been so written that the sole authority for the approval of any public utility plan presented by petition, individual citizen, or members of the Board of Supervisors, is entirely in the hands of the Manager of the Public Utilities Commission.

Section 101 of the General Laws of the State of California calls for the approval of all bond issues by a two-thirds majority of the Board of Supervisors.

*At this point too much stress cannot be put on the fact that the Supervisors have no choice in the matter other than to submit or refuse to submit the plan chosen by the Public Utilities Commission; for instance, on this momentous occasion we are confronted with a choice of submitting or refusing to submit the so-called Cahill Plan of Rapid Transit, the terms of Section 121 above referred to precluding the possibility of a choice of rapid transit other than the selection made by the Public Utilities Commission.*

Knowing the great necessity of rapid transit, and as 7 members of this Board have voted in favor of the submission of the Cahill Plan of Rapid Transit and my vote is numbered among the 4 opposing members, the change of front of but one member would give the people of San Francisco a chance to decide for themselves on this all important matter. I deem it my duty to cast aside my personal opinion in regard to the Cahill Plan and allow the people the right to judge of its merits themselves. As a citizen of this city I will go to the polls on election day and vote against the Cahill Plan of Rapid Transit, but as a Supervisor I hereby cast my vote in favor of its submission to the people, and request that this statement be read into the record of the minutes of proceedings of this Board.

Supervisor Uhl explained his vote by saying:

This will load down the taxpayers with a burden in round figures of \$50,000,000, and it may not stop there, it is absolutely out of reason, out of the question, when a modern system, in my opinion, a modern express bus system will cover the situation and meet the needs and requirements for speeding up transportation at a cost of less than \$7,000,000. Therefore, I feel that a bond issue of \$50,000,000 should not be undertaken at all, at least until we have exhausted every other possibility. Again, at last Monday's meeting—I would just as soon talk of this later on, but nevertheless it has a bearing on this subject. You recall that at last Monday's meeting I made the statement that the engineers brought here from New York, at considerable expense, advocated buses in the residential section, and that Mr. Cahill had not included that in the original report that he made. On May 4th, 1937, I wrote a letter to him asking him what studies had been made regarding buses for the outlying districts, and he wrote back on the same day stating that no study had been made. That was on May 4th. Then a week later, on May 11th, I think it was, Mr. Cahill then came in here proposing 14 bus routes, and yet he says there has been no study or consideration made there of what might be done with buses or what the losses in that case would be. I asked him to check over the line of buses which I laid out, and he comes out with a terrific criticism and attack on me. He comes out and says that they lost \$10,000 on their buses, and that it is absolutely unreasonable. In

saying that they lost this \$10,000 he doesn't stop to think that possibly a bus line on Third street might be successfully operated, or that it is perfectly possible they might operate on Cabrillo, the gentleman simply ignores it in an arrogant sort of manner, which I think is entirely uncalled for, and therefore I think that there should be a change in our Charter in regard to these matters. Now, when it comes to roll call on this I am going to vote no, I think it is entirely unreasonable when there is such an amount of money involved.

**SUPERVISOR BROWN:** I realize that I am voting on Section 1, but I will be for the affirmative, and in doing so, I want this Board and the people here to understand my reasons. This question is a most vital one to the City, and since this is the only way we can find out how the people feel, I think we have to find out. The question of the Public Utilities Commission's stand on refusing to submit the \$16,000,000 proposition is just as much a matter of opinion as the opinion which I now express on this \$52,000,000 plan, and I feel that I have the right, if I am so inclined, to go out and work against the passage of this bond issue after submitting it to the people, because I feel that a \$52,000,000 bond issue at this time is excessive.

**SUPERVISOR COLMAN:** In voting for it, I was not going to speak at all. However, I think I should speak, because if the Board presents it to the people it stands better than a reasonable chance of success. I have heard a great deal of comment all over the City regarding it, and a great deal of demand all over the city for its submission to the people, and I feel it is our duty to submit it. There is not a doubt as to the necessity for something being done, and not a doubt that this is the best plan that has been presented to us, and there is certain to be a large number who will wish to present it to the people, and if my services are asked in that connection I shall be very glad to go out to the best of my ability and urge the people to vote for it.

**SUPERVISOR SCHMIDT:** I desire to explain my vote on Section Number 1, which practically explains my vote as regards final submission.

I want to be consistent, and as I know that the people in the past have voted for the referendum and recall that to me is a mandate of the people that in matters of this nature they wish an opportunity to express themselves. I think that the people realize that we are not voting a bond issue here, we are voting merely to give the people of San Francisco an opportunity to express their opinion as regards this matter, whether they want to vote for this project to the extent of a two-thirds majority or not. Therefore, I am voting in favor of this first section and also submission, merely to give the people an opportunity to vote on it; I personally feel it is the democratic thing to do.

#### **SPECIAL ORDER—5 P. M.**

##### **Adopted.**

The following matter, laid over from last meeting, was taken up and *finally passed* by the following vote:

**Appropriation for the Purpose of Defraying Expenses of the Necessary Work of Civil Service Commission to Make Report to the Board of Supervisors.**

(Code No. 9.051)

Bill No. 1410, Ordinance No. 9.051411, as follows:

Appropriating the sum of five thousand four hundred (\$5,400) dollars from the Emergency Reserve Fund (702,900.00) to the Civil Service Commission Fund, No. 771.102.00, for the purpose of providing funds for defraying the expenses of the necessary work of the Civil Service Commission to enable said Commission to make a report to the Board of Supervisors in re the standardization of salaries of the

employees of the City and County of San Francisco; and declaring that an emergency exists; and passing this ordinance as an emergency measure.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby appropriated from the Emergency Reserve Fund No. 702,900.00 the sum of five thousand four hundred (\$5,400) dollars to the Civil Service Commission Fund No. 771,102.00 for the purpose of defraying the expenses of the Civil Service Commission in forthwith making a report to the Board of Supervisors regarding the standardization of the salaries of the employees of the City and County of San Francisco.

Section 2. This appropriation is made from the Emergency Reserve Fund for the reason that an emergency exists and it is necessary for the uninterrupted operation of said Civil Service Commission that said appropriation be made.

Section 3. This ordinance is passed as an emergency measure for the reason that the same must become effective immediately and this Board of Supervisors does, by the vote by which this ordinance is passed, declare that an actual emergency exists which necessitates this ordinance becoming effective forthwith; the nature and character of said emergency being as follows, to-wit:

That the immediate standardization of salaries of the employees of the City and County of San Francisco, in accordance with the provisions of the Charter, Section 151 thereof, is necessary and the amount of said appropriation is necessary for the uninterrupted operation of the Civil Service Commission, and in order to permit said Civil Service Commission to forthwith make a report as to the standardization of the salaries of the employees of the City and County of San Francisco.

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

### PROPOSED BOND ISSUES

The following matters submitted without recommendation of Finance Committee were taken up:

#### Extension of Fifth Street From Market to Mason Streets.

(Code No. 12.121)

Resolution No. 3457, as follows:

Determining and declaring that public interest and necessity demand the acquisition, construction and completion by the City and County of San Francisco of a municipal improvement consisting of the extension of Fifth street diagonally across Market street to the intersection of Mason and Eddy streets, and that the estimated cost of said improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved, By the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby determined and declared that public interest and necessity demand the acquisition, construction and completion by the City and County of San Francisco of a municipal improvement, consisting of the establishing, laying out, opening, widening, extending, straightening, construction, improving and altering of streets and public ways, and the establishing, modifying and changing the grade thereof; the construction of the necessary pavements, curbs, sidewalks, culverts and other structures, and the acquisition of any lands or rights of way and other property necessary for such purposes, including construction of extension of Fifth street diagonally across Market street to the intersection of Mason and Eddy streets, all designed for the

purpose of better accommodating traffic in the City and County of San Francisco.

Section 2. The estimated cost of making the improvement described in Section 1 hereof is the sum of \$1,908,500.

Section 3. It is hereby determined and declared that of said sum of \$1,908,500 no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt in the sum of \$1,908,500.

Section 4. This resolution shall take effect immediately.

### Motion.

Supervisor Colman moved the adoption of the resolution providing for the issuance of bonds for the extension of Fifth street across Market street to Eddy and Mason streets.

Supervisor Shannon, seconded by Supervisor Meyer, moved to rescind the action of last week, whereby the resolution providing for the extension of Fifth street and the extension of Grant avenue was defeated.

Supervisor Brown, seconded by Supervisor Colman, raised the point of order that the motion was out of order on the ground that the Board was considering No. 4 on the Calendar, providing for the Fifth Street Bond Issue alone.

The Chair overruled the objection.

Whereby, Supervisor Brown, seconded by Supervisor Colman, appealed from the decision of the Chair on the ground that the motion to rescind was not in order since the Board was considering No. 4 on the Calendar.

Supervisor McSheehy, being called upon by the Chair, put the appeal:

"The decision of the Chair has been appealed from. 'Shall the decision of the Chair stand as the decision of the Board?'"

The roll was called and the Chair *overruled* by the following vote:

Ayes—Supervisors Mead, Meyer, Reilly, Roncovieri, Schmidt—5.  
Noes—Supervisors Brown, Colman, McSheehy, Ratto, Uhl—5.  
Excused from voting—Supervisor Shannon—1.

### Explanation of Vote.

Supervisor Ratto, in explanation of his vote, said that he intended to vote *No* on the resolution for Fifth street, as he believed the Grant avenue project should have prior consideration for the reason that the property is as cheap today as it ever will be. Later, the property to be acquired for this extension will be tremendously increased in value and its acquisition may be prohibitive. We should go forward by taking in the most congested district. That is, the vicinity of Grant avenue.

Supervisor Roncovieri, in explanation of how he intended to vote, said he would vote *No* because the two streets are separated. He would be glad to vote for the two together, but is opposed to voting for only one of them at a time.

Supervisor Reilly made the same explanation of his vote.

On the suggestion of the Controller the figure in the resolution was changed from \$1,908,500 to \$1,909,000, so that the bonds could be issued evening in \$1,000 denominations.

**Resolution Defeated.**

Whereupon, the roll was called on the resolution providing for a bond issue of \$1,909,000 for the extension of Fifth street from Market to Eddy and Mason streets, and the same was *defeated* by the following vote:

Ayes—Supervisors Brown, Colman, Mead, Schmidt, Shannon—5.

Noes—Supervisors McSheehy, Meyer, Ratto, Reilly, Roncovieri, Uhl—6.

Before the result of the foregoing ballot was announced, Supervisor Colman changed his vote from *aye* to *no*, and moved for reconsideration at the next meeting.

The vote then stood:

Ayes—Supervisors Brown, Mead, Schmidt, Shannon—4.

Noes—Supervisors Colman, McSheehy, Meyer, Ratto, Reilly, Roncovieri, Uhl—7.

Supervisor Uhl, thereupon, moved for immediate reconsideration.

Motion *lost* by the following vote:

Ayes—Supervisors McSheehy, Mead, Ratto, Reilly, Roncovieri, Uhl—6.

Noes—Supervisors Brown, Colman, Meyer, Schmidt, Shannon—5.

(At this point of the proceedings, Supervisor Brown was excused from the meeting.)

**Extension of Grant Avenue From Market Street to Brannan Street.**

(Code No. 12.121)

Also, Resolution No. 3458, as follows:

Determining and declaring that public interest and necessity demand the acquisition, construction and completion by the City and County of San Francisco of a municipal improvement consisting of the projection of Grant avenue across Market street to then constitute a new street between Third and Fourth streets from Market street to Brannan street, and that the estimated cost of said improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved, By the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby determined and declared that public interest and necessity demand the acquisition, construction and completion by the City and County of San Francisco of a municipal improvement consisting of the establishing, laying out, opening, widening, extending, straightening, construction, improving and altering of streets and public ways, and the establishing, modifying, and changing the grade thereof; the construction of the necessary pavements, curbs, sidewalks, culverts and other structures, and the acquisition of any lands or rights of way and other property necessary for such purposes, including the projection of Grant avenue across Market street to then constitute a new street between Third and Fourth streets from Market to Brannan streets, all designed for the purpose of better accommodating traffic in the City and County of San Francisco.

Section 2. The estimated cost of making the improvement described in Section 1 hereof is the sum of \$4,694,800.

Section 3. It is hereby determined and declared that of said sum of \$4,694,800 no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt in the sum of \$4,694,800.

Section 4. This resolution shall take effect immediately.

**Motion.**

Supervisor Ratto moved to amend by providing for the projection of Grant avenue across Market street to Howard street at an estimated cost of \$3,260,000.

*Amendment failed for want of a second.*

**Resolution Defeated.**

Whereupon, the roll was called on Resolution No. 3458, providing for the extension of Grant avenue from Market street to Brannan street, and the same was *defeated* by the following vote:

Ayes—Supervisors Mead, Meyer, Ratto, Shannon—4.

Noes—Supervisors Colman, McSheehy, Reilly, Schmidt, Uhl—5.

Absent—Supervisors Brown, Roncovieri—2.

**Bond Issue, \$3,000,000—Airport.**

(Code No. 15.051)

The following recommendation of the Finance Committee was taken up:

Resolution No. 3459, as follows:

Determining and declaring that the public interest and necessity demand the improvement and enlargement of the San Francisco Airport in San Mateo county, and the acquisition and construction of additions thereto so as to provide the necessary facilities for the landing and taking off, and the housing and harboring of land planes engaged in transcontinental traffic and seaplanes engaged in transoceanic traffic, together with all other planes engaged in air commerce generally, and so as to provide a suitable base for a detachment of the United States Coast Guard to aid in the operation of said airplanes. The improvement of said Airport to consist in providing additional operating areas for both said land and sea planes, hangars, shops and other structures including harbors, channels, wharves, jetties, piers, ramps, breakwaters, lighting facilities, drainage and sewer facilities, radio meteorological facilities, buildings and equipment for utility service, buildings for the accommodation of passengers and patrons, houses and homes for laborers and employees, together with the necessary additional land for providing for all and singular the above mentioned, and the grading, filling, draining and paving said additional land and lands now under the jurisdiction of said Airport, together with the doing and acquisition of all other things and matters which will enable said San Francisco Airport to meet the requirements and regulations of the Department of Commerce of the United States, as well as of air transport companies, relative to the operation, landing, taking off, housing and harboring of air craft, and that the estimated cost of said improvements is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved, By the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby determined and declared that public interest and necessity demand the improvement and enlargement of the San Francisco Airport in San Mateo county, and the acquisition and construction of additions thereto so as to provide the necessary facilities for the landing and taking off, and the housing and harboring of land planes engaged in transcontinental traffic and seaplanes engaged in transoceanic traffic, together with all other planes engaged in air commerce generally, and so as to provide a suitable base for a detachment of the United States Coast Guard to aid in the operation of said airplanes. The improvement of said Airport to consist in providing additional operating areas for both said land and sea planes, hangars, shops and other structures including harbors, channels, wharves, jetties, piers, ramps, breakwaters, lighting facilities, drainage and

sewer facilities, radio meteorological facilities, buildings and equipment for utility service, buildings for the accommodation of passengers and patrons, houses and homes for laborers and employees, together with the necessary additional land for providing for all and singular the above mentioned, and the grading, filling, draining and paving said additional land and lands now under the jurisdiction of said Airport, together with the doing and acquisition of all other things and matters which will enable said San Francisco Airport to meet the requirements and regulations of the Department of Commerce of the United States, as well as of air transport companies, relative to the operation, landing, taking off, housing and harboring of air craft, and that the estimated cost of said improvements is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Section 2. That the estimated cost of such improvement and enlargement of said Airport and the acquisition and construction of additions thereto, as described in Section 1 hereof, is the sum of \$3,000,000.

Section 3. It is hereby determined and declared that of the said sum of \$3,000,000, no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose and will require the incurring of a bonded debt in the amount of \$3,000,000.

Section 4. This resolution shall take effect immediately.

#### Motion.

Supervisor Colman, seconded by Supervisor Meyer, moved to amend the resolution by changing the figure from \$3,000,000 to \$2,850,000.

Bernard M. Doolin, Superintendent of Airport, was granted the privilege of the floor, and stated that unless this improvement was made, the Airport would lose the air mail base, the Pacific-American Airline and other Coast service which will have to then most likely go to Los Angeles.

George Allen, representing the Central Council of Civic Clubs, was also heard in a statement to the effect that his organization was in favor of placing the matter on the ballot so that the electors might express themselves on it.

Thereupon, the roll was called on Supervisor Colman's motion to make the figure \$2,850,000 instead of \$3,000,000, and the amendment carried by the following vote:

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Schmidt, Uhl—8.

Noes—Supervisors Roncovieri, Shannon—2.

Absent—Supervisor Brown—1.

#### Resolution Adopted.

Whereupon, the roll was called on the resolution as amended, and in words and figures following, was *adopted* by the following vote:

**Airport, \$2,850,000.**

(Code No. 15.051)

**Sewer Construction and Reconstruction, \$5,000,000.**

(Code No. 12.122)

Also, Resolution No. 3456, as follows:

Determining and declaring that public interest and necessity demand the construction and completion by the City and County of San Francisco of municipal improvements consisting of reconditioning and rebuilding existing sewers, the construction of new sewers, reconstruction and extension of main sewers and sewage plants within the City and County of San Francisco, together with all appurtenances and lands that may be necessary for the reconstruction and extension of sewers in the east of Van Ness Avenue District, west of Van Ness Avenue District, south of Market and Mission Streets Districts, Sunset-Parkside and west of Twin Peaks Districts, and Park-Presidio District, and that the estimated cost of said improvements is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved, By the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby determined and declared that public interest and necessity demand the construction and completion by the City and County of San Francisco of municipal improvements consisting of reconditioning and rebuilding existing sewers, reconstruction and extension of main sewers and sewage plants within the City and County of San Francisco, together with all appurtenances and lands that may be necessary for the reconstruction and extension of sewers in the east of Van Ness Avenue District, west of Van Ness Avenue District, south of Market and Mission Streets Districts, Sunset-Parkside and west of Twin Peaks Districts, and Park-Presidio District, and that the estimated cost of said improvements is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Section 2. That the estimated cost of such improvements described in Section 1 hereof is the sum of \$5,000,000.

Section 3. It is hereby determined and declared that of said sum of \$5,000,000, no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose and will require the incurring of a bonded debt in the amount of \$5,000,000.

Section 4. This resolution shall take effect immediately.

Mr. Leonard, representing the Labors' Unions, and George Allen, representing the Central Council of Civic Clubs, were heard in favor of submitting the proposed issue to the electors.

Dr. Geiger also stressed the absolute necessity for such Sewer reconstruction on the basis of public health.

**Resolution Adopted.**

Whereupon, the roll was called and the resolution *adopted* by the following vote:

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Brown, Roncovieri—2.

Supervisor Roncovieri appeared subsequently and moved to rescind the action, whereby the foregoing resolution was adopted in order that he might vote for it.

No objection, and it was *so ordered*.

Thereupon, the roll was again called and the resolution again *adopted* by the following vote:

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

**Civic Center Court Building, \$3,220,000.**

(Code No. 12.123)

Also, Resolution No. 3460, as follows:

Declaring and determining that public interest and necessity demand the construction by the City and County of San Francisco of a municipal improvement, to-wit, a Courts Building to be erected in the Civic Center of San Francisco on land owned by the City and County for the purpose of providing appropriate quarters for the Superior and Municipal Courts of the City and County of San Francisco and for other Courts which may be hereafter created, and for the County Clerk and for the Clerk of the Municipal Court and for such other officers and agencies of the City and County of San Francisco as may be accommodated therein; and further declaring that the estimated cost of said improvements is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved, by the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby declared and determined that public interest and necessity demand that more adequate housing facilities be afforded the Courts and other agencies of the City and County of San Francisco and that to meet such purpose the said City and County shall construct a municipal improvement, to-wit, a Courts Building, in the Civic Center of San Francisco on land owned by the said City and County for the purpose of providing appropriate quarters for the Superior and for the Municipal Courts and for other courts that may be hereafter created and for the County Clerk and for the Clerk of the Municipal Court and for such other agencies or officers of the City and County of San Francisco as may be accommodated therein; and it is further declared and determined that the estimated cost of said improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Section 2. That the estimated cost of such improvement described in Section 1 hereof is the sum of \$3,220,000.00.

Section 3. It is hereby determined and declared that of said sum of \$3,220,000.00 no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt in the amount of \$3,220,000.00.

Section 4. This resolution shall take effect immediately.

Controller Harold J. Boyd was heard at length as to the necessity for this improvement.

**Motion Defeated.**

Whereupon, the roll was called on the adoption of the foregoing resolution, and the same was *defeated* by the following vote:

Ayes—Supervisors McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Shannon—7.

Noes—Supervisors Colman, Schmidt, Uhl—3.

Absent—Supervisor Brown—1.

**Bond Issue, \$1,600,000—Health Department.**

(Code No. 12.123)

Also, Resolution No. 3463, as follows:

Determining and declaring that public interest and necessity demand the improvement of the San Francisco Hospital to make the same effective and efficient and more becoming and for the remodeling and increasing the quarters for X-ray, to facilitate the taking care of the aged persons and the infirm and indigents who attend the hos-

pitals conducted by San Francisco, and that the estimated costs of said improvements are and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved, By the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby determined and declared that public interest and necessity demand the improvement of the San Francisco Hospitals to make the same effective and efficient and more becoming and for the remodeling and increasing the quarters for X-ray, to facilitate the taking care of the aged persons and the infirm and indigents who attend the hospitals conducted by San Francisco, all designed for the better purpose of making San Francisco a better and a fairer place for the people to live, and that the estimated costs of said improvements are and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Section 2. The estimated costs of making the improvements described in Section 1 hereof and the sums to be expended therefrom are \$400,000 for the Hassler Health Home, \$1,000,000 for the Laguna Honda Home, and \$200,000 for the San Francisco Hospital, making a total of \$1,600,000.

Section 3. It is hereby determined and declared that of said sum of \$1,600,000, no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose and will require the incurring of a bonded debt in the sum of \$1,600,000.

Section 4. This resolution shall take effect immediately.

#### Amendment.

Supervisor Shannon moved as an amendment, that the following language be inserted in lieu of Section 2, to-wit:

"Section 2. The estimate costs of making the improvements described in Section 1 hereof is \$1,600,000."

No objection, *it was so ordered.*

George Allen, representing the Central Council of Civic Clubs, and M. Leonard, representing the Secretary of the San Francisco Labor Council, were heard in favor of the proposed bond issue.

#### Resolution Adopted.

Whereupon, the roll was called and the resolution in words and figures following *adopted* by the following vote:

#### Bond Issue, \$1,600,000—Health Department.

(Code No. 12.123)

## PERMITS.

- Sec. 38. Yacht Harbor mooring permits.  
Sec. 39. Erecting obstruction.  
Sec. 40. Building materials.  
Sec. 41. Red lanterns at danger points.  
Sec. 42. Permits issued by Secretary of Park Commission.  
Sec. 43. Ground to be restored to condition.  
Sec. 44. Amusements, shows, etc.—permit required.

**SEC. 38. Yacht Harbor Mooring Permits.** Yacht Harbor, at the foot of Scott and Divisadero streets, is hereby reserved as mooring grounds for non-commercial water craft and boats; but no boat or water craft may enter or moor within said Yacht Harbor until a permit for such entry and mooring shall have been obtained from the Park Commission authorizing such entry or mooring. After the required permit shall have been issued by the Park Commission the boat or water craft shall be allowed to enter and use only the mooring space designated in the permit, and shall at all times be subject to and shall obey all rules and regulations made by the Park Commission for the control, management and government of Yacht Harbor.

**SEC. 39. Erecting Obstruction.** No person shall build, construct, erect, put up or maintain any building, structure, fence, wall, monument, dome or other thing in or upon any park, square, avenue, grounds, or recreation center without first having obtained from the Park Commission a permit to do so, and at

each building, structure, fence, wall, monument, dome or other thing shall not prevent, hinder, or impair the full and free use and enjoyment by the public of each park, square, avenue, grounds, or recreation center for park purposes.

**SEC. 40. Building Materials.** No person shall place, pile, deposit, or have any building material or any article or thing whatsoever upon any park, square, avenue, grounds, or recreation center without first having obtained a permit to do so from the Park Commission.

**SEC. 41. Red Lanterns at Danger Points.** Every person, firm, or corporation by whom, or under whose direction or authority, either as principal, contractor or employer, any part or portion of any park, square, avenue, grounds, or recreation center is made dangerous, must erect and, so long as the danger continues, maintain around the portion of the park, square, avenue, grounds, or recreation center so made dangerous, a good and substantial barrier, and shall maintain at both ends of such barrier, during every night, from sunset until daylight, lighted red lanterns or road flares sufficient to give warning of said danger.

**SEC. 42. Permits Issued by Secretary of Park Commission.** The Secretary of the Park Commission shall receive all fees, bonds, and deposits from applicants for permits, and, from time to time, shall make report in writing to the Park Commission of the permits issued.

**SEC. 43. Ground to Be Restored to Condition.** Where work has been done in any park, square, avenue, grounds, or recreation center, under any permit, the permittee shall repair, reconstruct, and put the ground in as good condition in all respects when the work shall have been completed or terminated or such permit shall have expired, as said ground was in when said permit was granted or said work commenced; the condition of the ground, site or place in any park, square, avenue, grounds, or recreation center where any work has been done pursuant to any permit, shall be made satisfactory to the Park Commission, and on the completion of said work the permittee shall forthwith remove all buildings, structures, machinery or equipment used in connection with said work from said park.

**SEC. 44. Amusements, Shows, Etc. Permit Required.** No person shall set up or maintain any exhibition, place of amusement, concert hall, moving picture, show, showstand, performance, concert, entertainment or amusement in any park, square, avenue, grounds, or recreation center without first having obtained a permit to do so from the Park Commission.

(Code No. 12.0622)

Resolution No. 3452, as follows:

Whereas, on the 21st day of June, 1937, the Supervisors of the City and County of San Francisco duly and regularly passed Resolution No. 3350, Code No. 12.0621, which resolution was presented to his Honor the Mayor for his approval and was duly and regularly approved by the Mayor of the City and County of San Francisco on the 21st day of June, 1937, said resolution being in words and figures as follows:

*Intention to Close a Portion of the Intersection of Funston Avenue and Pacheco Street.*

(Code No. 12.0621)

Resolution No. 3350, as follows:

Resolved, That the public interest requires that the certain following described portion of the intersection of Funston Avenue and Pacheco Street be closed and abandoned; and be it

Further Resolved, That it is the intention of the Board of Supervisors to close and abandon all that portion of said intersection more particularly described as follows, to-wit:

Beginning at a point on the southeasterly line of Funston Avenue, distant thereon 12.711 feet northeasterly from the most westerly corner of Lot 9, Block 2049-B of Golden Gate Heights, as per map thereof recorded in Map Book "J," pages 30 to 38 inclusive, Records of the City and County of San Francisco; thence northeasterly along aforesaid line of Funston Avenue produced northeasterly, 3.054 feet thence easterly on the arc of a curve to the right, tangent to the preceding course, radius 42.290 feet, central angle 85 degrees 40 minutes 23 seconds, 63.235 feet to tangency with the southwesterly line of Pacheco Street at the northwesterly termination of that certain curve of 220-foot radius forming the northeasterly boundary of Lot 10 of aforesaid Block 2049-B; thence southwesterly along the northwesterly boundary of aforesaid Block 2049-B the following courses and distances: On the arc of a curve to the left, radius 10 feet, central angle 80 degrees 45 minutes 07 seconds, 14.094 feet; on the arc of a curve to the right, radius 30 feet, central angle 70 degrees 24 minutes 50 seconds, 36.869 feet; on the arc of a curve to the left, radius 10 feet, central angle 75 degrees 20 minutes 06 seconds, 13.148 feet to tangency with aforesaid line of Funston Avenue at the point of beginning.

Said closing and abandonment of said portion of said intersection shall be done and made in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the Street Opening Act of 1889, as amended, General Laws of the State of California; and be it

Further Resolved, That the damage, cost and expense of said closing and abandonment be paid out of the revenue of the City and County of San Francisco.

And the Clerk of this Board is hereby directed to transmit to the Department of Public Works a certified copy of this resolution, and the Department of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said portion of said intersec-

tion in the manner provided by law, and to cause notice to be published in the official newspaper as required by law.

Adopted—Board of Supervisors, San Francisco, June 21, 1937.

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl.

I hereby certify that the foregoing resolution was adopted by the Board of Supervisors of the City and County of San Francisco.

J. S. DUNNIGAN, Clerk.

Approved San Francisco, June 21, 1937.

ANGELO J. ROSSI, Mayor.

And whereas, the Clerk of the Supervisors of the City and County of San Francisco did transmit to the Department of Public Works of the City and County of San Francisco a certified copy of said resolution and the said Department of Public Works did, upon receipt of said resolution, cause to be posted in the manner and as required by law, notices of the passage of said resolution and did also cause in the manner and as required by law, a notice similar in substance to be published for a period of ten days in the official newspaper of the City and County of San Francisco; and

Whereas, the public interest and convenience requires said improvement to be done as specifically described in Resolution No. 3350, Code No. 12.0621; and

Whereas, the Supervisors have acquired jurisdiction to order that the portion of the intersection of Funston Avenue and Pacheco Street described in Resolution No. 3350, Code No. 12.0621, be closed and abandoned; now, therefore, be it

Resolved, That it be ordered and it is hereby ordered, that the portion of the intersection of Funston Avenue and Pacheco Street specifically described and proposed in said Resolution No. 3350, Code No. 12.0621, be closed and abandoned; and be it

Further Resolved, That the entire damages, costs and expenses of closing said portion of the intersection of Funston Avenue and Pacheco Street described in Resolution No. 3350, Code No. 12.0621 shall be paid out of the revenues of the City and County of San Francisco as proposed and provided in Resolution No. 3350, Code No. 12.0621; and be it

Further Resolved, That the said closing and abandonment of said portion of said street described in Resolution No. 3350, Code No. 12.0621 shall be done in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the Street Opening Act of 1889, as amended, General Laws of the State of California; and be it

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Department of Public Works and that the Department of Public Works be instructed to proceed thereafter as required by law, and the Clerk is hereby directed to advertise this resolution in the official newspaper as required by law.

#### **Appropriation of \$20,000 Toward Purchase of Muir Woods Toll Road.**

(Code No. 5.31)

Supervisor Ratto presented:

Resolution No. 3466, as follows:

Whereas, for many years the San Francisco Board of Supervisors, Marin County Board of Supervisors, The Redwood Empire Association, the Golden Gate Bridge Directors, and all Chambers of Commerce within one hundred miles of this City, have appealed to the California Legislature to make provision for the purchase of the Muir Woods Toll Road, in order that the citizens of California in particular and the world in general might enjoy, free of charge, this great scenic wonderland; and

Whereas, as a result of said petitions the recent Legislature passed and the Governor signed a measure, appropriating the sum of \$25,000 as the state's share of the purchase price, with the condition that an additional \$25,000 would be subscribed by other counties contiguous to Muir Woods, and on the further condition that said purchase be concluded on or before November 2nd, 1937; and

Whereas, for the greater use and prosperity of the Golden Gate Bridge, it is advisable that Muir Woods Road be made toll free, it being evident that thousands of citizens and tourists are prohibited from enjoyment of same because of the bridge fee and the toll; and

Whereas, the Board of Supervisors of Marin County, in addition to subscribing \$5,000 in cash, and agreeing to rebuild the road where needed, has also agreed to bear the cost of maintenance forever, making in all a commitment of near \$50,000; and

Whereas, counts taken at the Toll Gate show that the great majority of vehicles using Muir Woods Toll Road have their origin in San Francisco, or are tourists within this County; therefore be it

Resolved, That the Joint Finance and Streets Committee, in a spirit of community good will, is requested to investigate the matter and to, if funds permit, recommend an appropriation of \$20,000 out of the County Road Fund as San Francisco's contribution to the purchase of said road.

**In Memoriam—Matt I. Sullivan.**

(Code No. 5.91)

The following, signed by all members, was read by the Clerk:

Resolution No. 3468, as follows:

The death of Matt I. Sullivan takes out of San Francisco one of its most unselfish citizens. His life was devoted to this City and State. He gave unstintedly of his great ability and character that this community might be bettered for humanity and made more attractive as an abiding place of families. A great and impartial jurist, his efforts were spent to promote justice, peace and contentment for his fellow men.

His service as Chief Justice of the Supreme Court of the State of California; his devotion to duty as a member of the Board of Supervisors of San Francisco, and his services, freely given, in many civic activities, stamped his name indelibly on the pages of this City's history.

His kindness and generosity to those in trouble enshrined his memory in many hearts. His thousands of friends in high and lowly places mourn his passing.

The Board of Supervisors, with great sorrow and regret, notes the end of a splendid Christian, patriotic life, and, as a mark of respect, adjourns this day in honor of the memory of the late Matt I. Sullivan.
